DAY CELEBRATED

BY THE UNIVERSITY ATHLETES AND GRADUATES.

Charter Day Exercises Held in Afternoon and Evening—J. P. Irish Spoke—History of Day.

Yesterday, Charter Day, dawned bright and clear, and by two o'clock in the afternoon the air out of doors felt like that of springtime. A big crowd gathered at Grant Memorial Hall, so big that many were unable to secure seats and probably the largest gathering which ever assembled to witness the Charter Day exercises. The program began promptly and everybody agreed in calling it a complete success.

At two o'clock the band began the program, playing some three or four pieces, then the drill and spell-down

which Collins made a new record, going beyond Weller's old record a few inches. Weller was not in the meet, having gone home for a few days' vacation. Chaloupka got second. G. B. McDonald won first in the pole vault at 9 feet 9 inches, McMasters second.

One of the surprises—at least for some of the contestants—was the high jump. The result was a tie between Anthes and Knode. The former winning the toss. Anthes showed splendid form and should make one of the strongest athletes ever put out by Nebraska. He won first place also in the high kick at 8 feet 9 inches. Here Fleming got second place. The rope climb was made in 7.35 seconds, Purcell getting first place. The relay race, in which considerable interest centered, went to Phi Psi fraternity, the Kappa Sigmas getting second. Only two records were broken, those in the shot put and high jump. Anthes won more points than any other one indi-

BOARD OF REGENTS.

Disposed of Important Business Yesterday.

The Board of Regents held a quiet meeting yesterday afternoon and disposed of the following business:

The question of detaining the Cadet Band for Commencement week next June was referred to a committee. The board was in favor of being lenient with the boys, and money for their expenses which will be incurred by the extra week of work will probably be appropriated by the board at its next session.

The resignation of Professor T. M. Hodgman from the office of State High School Inspector was accepted and A. A. Reed of Superior was chosen as his successor.

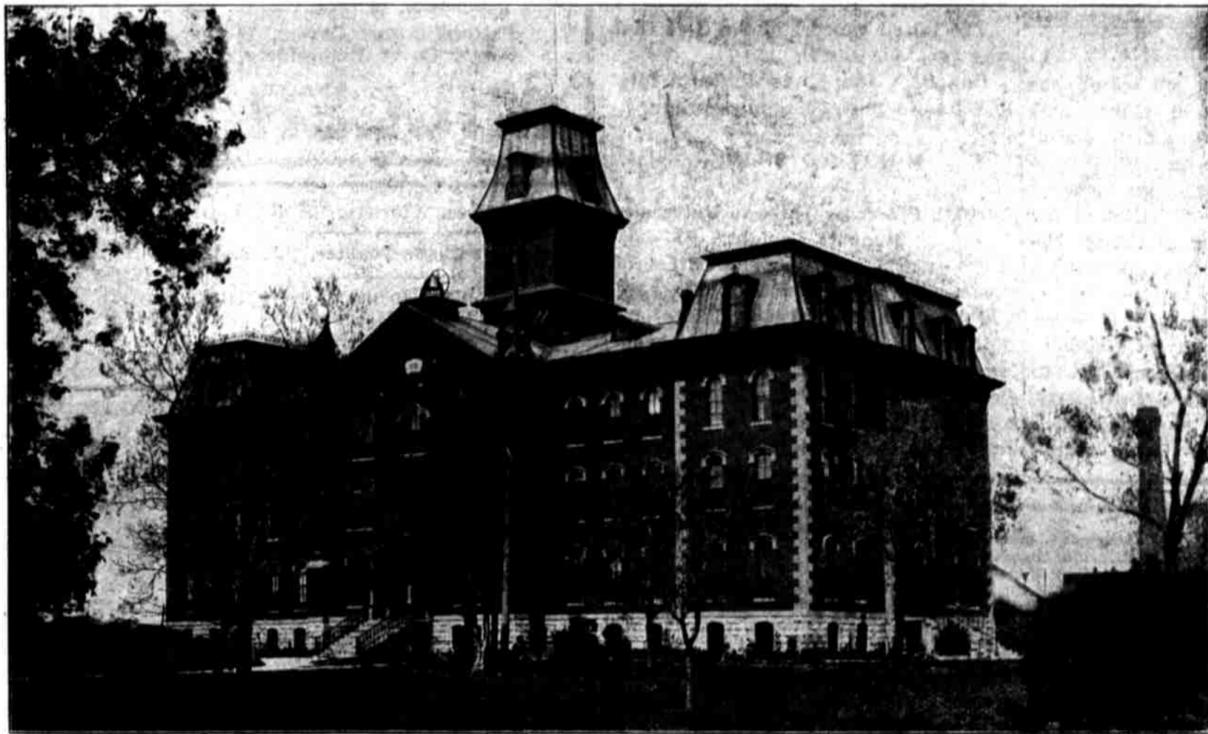

The resignation of Professor Paul Koerber, instructor in Materia Medica and Therapeutics at the Omaha Medical School, was accepted.

DEBATING NEWS

CANVASS OF NAMES FOR JUDGES—PRELIMINARIES SOON.

Debating Notes from Other Colleges—The Triangular League.—Freshmen Debate Between Yale and Harvard.

Plans are at present being formulated for covering all the details of the coming debates. The five universities of the new debating league are now canvassing lists of names submitted among themselves for the purpose of selecting those to act in the capacity of judges on the fifth of April. Iowa has sent us a list of twenty-four men living in that state and from these Wisconsin and Nebraska are to

UNIVERSITY HALL.

This is the oldest building on the campus. Its construction was begun in 1869, the year the University of Nebraska was chartered, and was completed in 1870.

of the Pershing Rifles came. The men showed up fairly well in this, and it went off with a snap sufficient to make it interesting to the onlookers. In the spell-down, Robert Guthrie won first place, repeating his feat of last year. No second medal was awarded.

About three o'clock the indoor meet began. In the first heat for the twenty-five yard dash, in which Craig, Minor, Kroger and D. F. McDonald ran, Craig won first place, Minor second. In the second heat, in which Hughes, Dunlap, Coe and Cook ran, Coe won first place and Cook second. The final heat was very exciting. Both men ran in excellent form, but Coe had the advantage of the start and kept the lead. The old record made last year was duplicated. In the fence vault, Chaloupka had the advantage, easily winning out at 6 feet 7 inches, two inches below the record. Dunlap won second in this on a toss against Neider. One of the best events of the afternoon was the shot put, in

vidual. Following is the official result:

(Continued on Page 3)

NEBRASKA WON.

First Game of the Trip Went to Cornhuskers.

The Nebraska basket-ball five defeated the Ft. Dodge, Iowa, Y. M. C. A. team Thursday night in a fast game by the score of 34 to 22. Moser, captain of the Cornhusker five was the star of the contest. The line up follows:

Nebraska.	Ft. Dodge.
Hoar, Burress.....f.....	Hart
Krake, Walsh.....f.....	Ely
Moser.....c.....	Minor
D. Bell.....g.....	Hale
P. Bell, Hoar.....g.....	Cramer
Referee—Dr. Clapp. Umpire—A. B. Pease.	

P. Parker, the Freshman who is quarantined for smallpox, reports over the telephone that he and his fellow sufferers are improving.

A committee was appointed to consider the advisability of installing a department of Bohemian Language and Literature.

The Board decided to return tuition fees to three law students who were compelled to leave school.

The Board voted to confer the degree of C. E. upon Andrew Rosewater of Omaha.

All the members of the team to represent Kansas against Iowa, who were chosen in the final preliminary contest at Lawrence Monday night, are law students. They are Charles Blackmar, Tom Gowenlock, and J. Paul Jones, and are all well known in the law school as orators.

The Minnesota co-eds recently petitioned the Athletic Board that they should exercise the same authority over the girls' athletics which they have over the boys'. The board, however refused the added responsibility.

choose three judges for the debate to be held here. For the Nebraska-Illinois debate at Urbana, Iowa and Wisconsin will each submit a list of a dozen men living in this state and suitable as judges. All these debates will be on the same subject, "Municipal Ownership of Street Railways," and will all be held on the same date.

The preliminaries will likely come next week, the exact hour not being made known in order that the men may speak somewhat extemporaneously. At these preliminaries six men are to be selected from the fifteen now on the squad to represent Nebraska here against Wisconsin and at Urbana against Illinois. The squad men are being trained in their delivery by Professor Losey of the Department of Elocution, and of him they speak very highly. The outlook for winning teams is, on the whole, very encouraging.

Other colleges are also getting busy (Continued on page 3.)
