GYM EXHIBITION

ANNUAL GYMNASIUM CONTEST
TO BE HELD MARCH 23.

Many New Events Have Been Arranged by Dr. Clapp—Team for Meet at Chicago.

The third annual gymnasium exhibition of the University athletes will be held in the Armory, Saturday March 23, at 8 o'clock. The purpose of this exhibition is to raise money enough to send a team of four men to the Western Intercollegiate Gymnastic meet which will be held at Chicago, April 12.

Many interesting events have been planned for the contest on March 23 and Dr. Clapp expects this meet will be one of the best ever held at this school. Among the leading numbers on the program will be the Inter-class relay race, the advance apparatus work on the side-horse, and the exhibition of boxing by members of Jack Best's class. The boxing bout was well received last year and the one this month promises to be very interesting. The co-eds will participate in several events including the Swedish dance and the Swedish gymnastics.

Nebraska did not send a team to the Western Intercollegiate contest last year, owing to a lack of funds, but hopes to do so this spring. The candidates for the Varsity gymnastic team are very strong and if a large crowd turns out to the local exhibition next week Nebraska will have a winning team at Chicago in April.

Seats for the contest will be placed on sale Friday morning of this week and they may be secured at the following places: Porter's, the Co-op, and the University Book Stores. Prices twenty-five and thirty cents.

The program for the evening follows:

1. Maze Running.
First year gymnastic class.
2. Mass Dumb Bell Drill.

MORE ABOUT WOMEN'S TRAINING.

New York Tribune Declares Browning Clubs Are Not All-Sufficient.

A propos of the article on women's training appearing recently in the Nebraskan, the following on the matter of domestic science may be of interest:

No other study breaks more violently with old ideas of what a university should teach than does the study of housekeeping. But only a superficial observer can jest at this "frill." Every well read American woman knows the poor showing that her sisters make as housekeepers when compared with English, French, and German women. She recognizes, too, that the old excuse of "higher ideals" and "superior culture" will not exonerate her. Not all the Browning Clubs in the world will ever put an end to housekeeping; they may shift the work from one person to another, but this only makes the problem one degree more complicated by adding the double task of getting servants and supervising them. And the foolish scorn of housekeeping displayed by many women has helped mightily to make women of the working classes avoid the despised occupation.

Some people may feel that, although domestic science should be taught, its place is not in our universities. In reply to this, two things are to be said: First, only the great universities can give domestic science the prestige it sorely needs. And in the second place, the training of domestic science experts can be carried on properly only where there is opportunity for work on a large scale. We hope the young women of America will crowd the new laboratories to the doors.

FRESHMEN CHANGE HATS.

President Announces Appointments for Current Semester.

At the Freshmen Class meeting yesterday morning, the first year people after a long and animated debate determined to change the style of hat, which they will attempt to wear. After many different combinations of colors had been discussed it was finally decided to adopt a green hat with a white band, the class numerals to be embroidered upon the band. The Freshmen think in this they will have the noblest hat seen on the campus in years.

Chairman Lyle Davis made the report for last semester's hop. The accounts were nearly balanced. Sam Slaughter then reported for last Saturday's Informal on which was cleared about \$13.

No further business was transacted. President S. J. Weaver announces the following appointments for the coming semester:

Hop committee—Frank Wheelock, (chairman), Karl Ludwick, Leonard Hegelund, Lawrence Holland, James Whitney, Sarah Shearer, Dessa Pierson, Jeanette Lawrence, Eunice Bauman.

Baseball manager—A. G. Sly.
Basket-ball manager Ewing will also take charge of the class track team.

Acacia Initiates.

Acacia fraternity held an initiation Tuesday evening at the Masonic Temple, at which time Professors Ayers and Maxey were taken into the order. After the initiation a banquet was held, toasts being responded to by Professors Chatburn, Barbour, Maxey and Ayers.

A FINAL RULING

NEBRASKA ATHLETIC BOARD ISSUES ULTIMATUM.

Takes Stand on "Three-year Rule" and "A. B. Rule" in Playing Chicago Conference Football Teams.

Yesterday the University Athletic Board met and made a ruling which may and which may not lead out of the difficulty now confronting us as to playing the "Big Nine" teams on a "three year rule." According to the Conference rules, it will be remembered, no man may play on a university athletic team for more than three years; that is, he must not participate in them as a representative until after being a resident a full year and then may not play after receiving his A. B.

Now in view of these rules, the Athletic Board has issued the following instructions to Manager Eager as to drawing up contracts with the Conference schools:

The Athletic Board of the University of Nebraska instructs its manager of athletics to sign a contract with any member of the Chicago Conference under the following eligibility rules: All Athletes of The University of Nebraska who participate in football games with members of the Chicago Conference shall have been in residence at The University of Nebraska one full year, and shall not be debarred until they have participated in intercollegiate athletics four years in the aggregate.

The point where this ruling differs with that of the Conference is that it will allow the participation of men who are graduate students, and this lets in Captain Weller and Little. The Board is unanimous in taking this ground and it stated that there will be absolutely no withdrawing from it. The "Big Nine" schools will be played under this provision or not at all. With playing other colleges outside the Chicago Conference, of course this ruling has nothing to do.

Graduation Recital.

Miss Marjorie Anderson, of the University School of Music, class of Henry Eames, will give a recital for graduation tonight in Memorial Hall at 8 o'clock. The public is cordially invited. The following is the program:
Bach—Chromatic Fantasia and Fugue.
Beethoven—Sonata, D Major, Op. 28.
Allegro, Andante, Scherzo, Rondo.
Wagner-Liszt—Spinning Song, Liebestod.

Scriabine—Nocturne, Op. 9 (for left hand alone).

Chopin—Concerto, F minor, No. 2. Maestoso, Larghetto, Rondo.

(Orchestral parts on second piano, Mr. Eames.)

Boys' Program.

The annual "boys' program" of the Union Literary Society is to be rendered tomorrow evening. The poster announcing the event presents the figure of a girl and what this means is puzzling the expectant ones considerably, but the boys simply explain there is a good time coming.
