 corrected before the signing of it by the speaker and the Lieutenant-Governor. Without the correction the bill would have made use of the money by the University impossible until after the next session of the legislature.

ENGINEERING NOTES.
 W. B. Snow, Chief Engineer of the L. B. Sturdevant Co., will give a talk to the engineering students next Monday at 11 a. m.

The department of Applied Mechanics has just received a torsion testing machine, which has been ordered for some time. The machine is to be used in making tests of the twisting properties of metals and other materials. The entire machine will cost about \$500, and will be set up ready for use in the laboratory in the next few days.

John C. Holmes, C. E. '05, who is working with the government surveys in Wyoming, was a campus visitor yesterday.

M. F. Costelloe, C. E. '06, is visiting University friends. He has been engaged on the Port Arthur Railroad location service.

Instructor Sears of the Civil Engineering department will give a talk to the Engineering Society tonight in M. 208. His subject will be "The New Burlington Round House," and will be illustrated by lantern slides.

A. E. Miller, M. E. '06, now an instructor at the Ames Agricultural School, was a campus visitor last week.
