**Relief Fund Jumps From Sixty To Ninety Dollars.**

The famine relief fund took a great leap upward yesterday when the sum of \$31.50 was added. Seventeen dollars of this came in thru one organization, but even the difference between this and the total is a larger sum than has come in at any previous time.

The amount given yesterday came from the following people and organizations: D. P. De Young, \$1; cash, \$1; Robert Ashby, \$1; B. Kess, \$1; A. E. Wolf, \$1; Y. W. Mission Committee, \$17; Arthur Jorgensen, \$1; cash, \$1; M. Kaufman, \$1; F. A. Simpkins, \$1; K. Hochstrasser, 50 cents; cash, \$5. Total to present, \$91.

As has been stated before, it should not be thought that the time for giving is drawing to a close. Plainly the needs for which the fund is going are not relieved in a day or a week. More and more interest ought to be taken, so that at the close of next week the amount given should double that contributed this past week.

One point to be emphasized is that not every contributor is expected to give a dollar. That amount is a handy unit to use in connection with this work, of course, because it is sufficient to save one man from starving, but two half dollars or four quarters will do it just as well, and there is one advantage in receiving more and smaller contributions—more people get in on the business. Should any person feel any hesitancy whatever in coming to a resort so "public" as the Nebraskan office, he can leave his contribution with either the Y. M. or Y. W. secretary and it will be just as effective. The giver's name is withheld if the desire is expressed.

**Law Souvenir.**

There will be no "ads" in the 1907 Law Souvenir, according to the statement made by Editor H. B. Durham yesterday in speaking of the article which appeared in The Nebraskan for April 19, and which said that the Commercial Club had refused to advertise in the Law Annual. Mr. Durham stated that the law managers had not solicited any advertisements as yet and did not intend to do so for the 1907 Souvenir. In planning the Annual, arrangements were made to have no "ads" and to make the money derived from subscriptions pay the cost of publication.

**MEDIC NOTES.**

The two lectures given to the Medical Society by Drs. Bagnell and Shalluck last week are the beginning of a series of lectures that has been arranged for by the society. Dr. Bagnell spoke on "Pasteure" and Dr. Shalluck made demonstrations of spirochaetae.

All Medics should get out and help boost the Medic baseball team.

The Zoology and Medical departments are fitting up some of the space vacated by the Geology department. The Zoology department and Medical School have been cramped for room for some time and this gives them opportunity to improve certain of the courses.

Shih Chao Shi, a graduate of Cornell, has been selected by the Chinese government to be chief advisor on railroad affairs of the Board of Communication.

**Improving Sight—  
Relieving Eye Strain**

That is what our glasses are doing. If you have reason to believe there is anything the matter with your eyes at all, you should have them examined at once. No charge for tests. Small charge for proper glasses.
