THE FIRST GAME

LOCAL BASEBALL SEASON WILL OPEN SATURDAY.

Missouri Has a Strong Team—Nebraska Nine is Being Strengthened. Line-up.

The first intercollegiate baseball game of the season will take place next Saturday at 3:30 on Nebraska field. The Cornhuskers will cross bats with Missouri University for the first time in several years.

Missouri seems to have a strong team this year and should put up a good game. They beat Iowa Tuesday and the Hawkeyes have a strong team this year, having beaten the Rock Island league team. This will be the eighth game for the Missourians on their big trip thru Iowa, Illinois, Kansas and Nebraska. Their schedule is as follows: Washington University, April 19 and 20; Knox, April 22; Iowa, April 23; Simpson, April 24; Ames, April 25; Creighton, April 26; Nebraska, April 27; Manhattan, April 29; Ft. Riley, April 30; St. Mary's, May 1; Washburn, May 2; Kansas, May 3 and 4.

On their home grounds Missouri has lost twice to Knox, but Knox has an unusually strong team. They have played two games with Kansas at Lawrence winning one 9-3, and losing the other 0-5.

It is hard to compare the Cornhuskers with Missouri, neither team having played any game by which a line may be obtained on the other. At present, the Cornhuskers are none too strong but they may be expected to pick up rapidly and put up a much better game Saturday than heretofore.

They have been peculiarly unfortunate in losing the services of Carroll the regular catcher. One of his fingers was torn off in a game with the Lincoln league team and he will be out of the game for some time. Today Nebraska meets Wesleyan in a practice game at University Place.

The line up of the two teams is not definitely known but will probably be as follows:

Missouri.	
Capp	pitcher
Swanson	catcher
Nee	first base
Jacoby	second base
Wright	third base
Rider	shortstop
Monow	right field
Peltier	center field
Gundlark	left field
Salisbury	pitch

Nebraska.	
Ward	pitch
Arnold	catcher
Patterson	catcher
Kearney	first base
Dudgeon	second base
Rine	third base
Beltzer	shortstop
Slenter	left field
Bellamey	center field
Frieland	right field

The Varsity baseball team will play the Wesleyan nine at University Place this afternoon.

ST. PAUL'S CHURCH

JUST GETTING IT.

Michigan Will Have a Chapter of Phi Beta Kappa.

A chapter of Phi Beta Kappa will soon be established at Michigan. The application for a charter, made by the honorary Phi Beta Kappa which was organized about a month ago among the faculty, has been approved by the national executive council of the fraternity, meeting at Syracuse, N. Y. It now only awaits the sanction of the national senate, composed of representatives from the active chapters. The senate will meet in September and there seems little reason to doubt that it will set its seal on the new Michigan chapter.

The Phi Beta Kappa men in the faculty will go ahead at once with the process of choosing men from the probably make their elections known before the end of April. The men thus chosen will also be members of the Alpha Honorary Society of Phi Beta Kappa of Michigan until it becomes an active chapter on the approval of the charter in September. It will then probably be known as the Alpha chapter of Michigan.

RARE COLLECTION.

Geology Department Receives Curios of Mrs. Hollibush.

Mrs. Hollibush has turned over her brother's, Richard H. Keener's, fine collection of curios to the department of Geology. The collection consists of paleontology specimens and minerals, and rare Indian relics, spear and arrow heads, axes, hoes, etc. They were collected mainly at Naples, Illinois.

In addition to what has been named are some very valuable silver trinkets, bracelets, pieces which appear to be of armor, and unique double crosses of pure wrought silver. The engravings and etchings on these pieces are striking in their delicacy of outline and fine execution.

There are also some wrought brass vessels, and moccasins of more modern department are much elated at the acquisition of so valuable a collection.

JUNIOR MEETING.

Election for Part of Cornhusker Staff at 11:30.

The Junior class will meet in Memorial Hall this morning at 11:30. The principal business to be transacted is the election of the managing editor and the assistant business manager for the Cornhusker staff of next year. There will be two candidates in the field for the former position; viz., B. E. Yoder and F. C. Bullta, while for the other there is but one, C. L. Alden. Mr. Froyd, who had announced himself as a competitor of Mr. Alden has withdrawn from the race.

Other business will be the hearing of various committee reports, and the discussion of plans for another class party.

May Be Erected at Omaha.

The location of the proposed new building for the Historical Society Museum is not yet decided upon. It is said that Omaha is desirous of having the building, and it is expected that city will make the society a favorable offer, in which case it is possible that the building may be located there.

The Lincoln Commercial Club, however, will probably hold a meeting shortly, when some action will be taken in regard to providing a suitable location for the building in this city. The society expresses little preference as to the location.

Freshman Preliminaries.

Freshman preliminaries will be held Saturday afternoon, May 4. All Freshmen are urged to get out and train. The Morningside first year men will be met at Sioux City May 11, and there is a strong possibility that two more meets will be scheduled especially for Freshmen.

Mr. E. E. Blackman of the Historical Society expects soon to make a four days' exploring trip in the vicinity of Grand Island, Nebraska. Mr. Blackman particularly wishes to investigate an Indian mound north of Grand Island and near Cairo.
