SENIORS TO OCCUPY CONVOCATION PERIOD TODAY.

Members of Fourth Year Class to Appear in Solos and Readings in Annual Program.

In accordance with the usual custom dating back several years, the University Seniors will take charge of the Convocation exercises this afternoon at 5 o'clock. The rule governing these exercises is that only class talent or something improvised solely by the class may be presented. Ordinarily the plan has been to give a program in which members of the class take part individually, each appearing in a solo, reading, or something of a similar nature. A peculiar satisfaction attaches to this plan in that it is most nearly representative of the class, and the program rendered this afternoon will conform to this idea.

- Following are the numbers to be given as announced by Miss Howard, chairman of the committee:
- Song—"Scarlet and Cream" (Tune, "Eton Boating Song")..... Audience.
 - Vocal Solo—"Plantation Song"..... N. Clarke Smith
Lucile Long.
 - Reading..... "Lasco" Del Gibson.
 - Piano Solo—Etude, F minor.... Liszt Louise Zimwinkel.
 - Monolog.. "As Told by Mrs. Williams" Katherine Lindermann.
 - Vocal Solo—"In May Time"..... Oley Speaks
Louise Brace.
 - Reading—"Leah".... Elijah P. Nicholson
Harry Keyser.

May 10, a week from today, the Juniors will occupy the Convocation hour. From what is known at present, it is probable the program put on by the third year people will resemble very much that of this afternoon.

GIRLS' CLUB.

Elects Officers and Changes the Constitution.

At a meeting of the University Girls' Club yesterday morning, officers for the ensuing term were elected and a change in the constitution of the organization was made. Nelle Bratt was elected president; Lois Fossler, vice-president, and Alice Comstock, secretary. Further, four members from each of the lower classes were appointed to compose the executive committee.

The constitution was so changed as to make the payment of a twenty-five cent fee requisite to membership in the club. The fund accumulating from this money will be used to help worthy girls who are working their way thru school. By way of condition to this assistance, however, the residence at the University for at least one semester will be required of the one helped.

Wisconsin is to be given a "Carl Schurz memorial professorship" by a number of prominent Milwaukee men.

BASEBALL AND TRACK TEAMS.

Will Invade Ames College Together Tomorrow.

The 'varsity baseball team will learn today on its long eastern trip. Several players are rather badly hurt. "Buck Beltzer will be unable to play for several days, having a sprained ankle. Carroll's finger is not yet well and gives him considerable trouble, and Hruebesky, who suffered a fractured rib early in the season, has not recovered entirely from it yet. Nevertheless, Captain Rine expressed the belief that the team would "tear'em-up, anyway."

The men will leave at 2:55 p. m. on the Rock Island, and will play the first game at Ames tomorrow. The following will go:

Carroll (c.); Ward, Hruebesky, Blake (p.); Watson (1b); Dudgeon (2b); Rine (3b); Beltzer (ss); Schleuter (lf); Bellamy (cf); Freeland (rf). Manager Eager will accompany the men on the trip.

Ames will experience a genuine Cornhusker invasion, for both the baseball and the track teams will be present at the same time. The track team will leave Lincoln today at 1:38 p. m. over the Northwestern and will arrive at Ames at 10:35 tonight. The following men will make the trip, Dr. Clapp accompanying them:

Burruss, Morgan, Coe, Hughes, Alden, Bauman, Dunlap, Craig, Davis, Weller, Chaloupka, Patten, G. B. McDonald, Benedict, Knode.

A Correction.

An error was made in yesterday's paper with regard to the Innocents' banquet. This was not, as was announced, the organization's annual function, but was a banquet given in honor of the Black Masque.

The Sigma Chi baseball team defeated the Sigma Alpha nine by the score of 6 to 3 yesterday afternoon. Each of these teams has now played off its schedule of four games. The Sigma Chi lost one and the Sigma Alpha lost two games of the series.

PRIZE CONTEST.

Seniors Lead in the Race for Extra Cornhuskers.

The Senior and Junior members of the Cornhusker are running a close race in the contest for the extra 1907 Annuals which are offered as prizes for the upper class securing the larger number of subscriptions to the Cornhusker. Up to last night the Seniors had turned in fifty more subscriptions than the Juniors. Both classes, however, are working hard and it is impossible at the present time to tell which one will win. The contest will close next week.

GET HIM.

Master of Ceremonies of Freshman Hop Captured.

Lawrence Holland, master of ceremonies of the Freshman Hop which is to be held at Fraternity Hall tomorrow evening, was captured by several Sophomores on E street late yesterday afternoon and carried off to the back woods. He will be kept there until late tomorrow evening, when it is said he will be rescued by several gallant Freshmen in a big red automobile and taken to the dance, where he will see that the hop of the first year men passes off without a hitch.

The Nebraskan does not publish "cuts" of the Sophomores and their victim today, but will do so in 1908 when the Cornhusker for that year is published.

Sorority Reception.

A reception will be held at the home of Miss C. F. Craig on South 28th street, in honor of the Grand President of the Chi Omega sorority this afternoon. Members of all the sororities will be present.

Mrs. M. A. Camp.

Mrs. M. A. Camp, formerly Miss Caroline Wood, gave an interesting talk before the Y. W. C. A. noon meeting yesterday. She spoke of the strong influence of the Y. W. C. A. and said that it had helped her in many ways.

NEAR COMPLETION

WORK ON NEW UNIVERSITY TEMPLE BEING PUSHED.

Outside Decoration in Progress—Plastering Soon Finished—Provision for Escape in Case of Fire.

Those interested in the completion of the new Temple are much pleased by the rapid progress now being made. The outside structure has been practically done for several weeks with the exception of the decorative work upon the capitals, and this is now in progress, the contractor having imported a workman from Milwaukee for it. The carving upon the third of the capitals is now nearly completed.

The finishing of the interior of the building is also being pushed forward rapidly. The ceilings of the third story have for the most part been given the first coat of plaster and here a large amount of heavy steel netting has been substituted for lath, thus shortening the time necessary for work of this kind. All water, steam and plumbing connections are in the building, the wiring is done and the telephone and campus light wires are being brought over in a conduit from the Administration building.

Only one fire escape is placed in the building, and this runs down the inner side of the north wing. The auditorium will have a fire exit into the alley from the ground floor. The gallery has several large exits in the rear, and these, together with the broad stairway, make ample provision for safe escape in the case of fire.

The plastering will be pushed forward and with good weather should be completed before the end of the semester. It is not probable the permanent floors will be put in before the first of August, but these will be practically the only big piece of work left after the completion of the plastering. All floors will be of maple finished in the natural color, while the fittings, wainscoting and similar trimmings will be of oak. The contrast of the woods with the white wall will produce a thorough artistic effect.

The building will be completed and ready for occupancy shortly before the beginning of the next school term.
