**NEW APPARATUS.**

Range Target Placed in Military Department.

A new and rather complicated piece of mechanism has just been received by the Military department, in the shape of an automatic range target. This is to be used in the aiming and trigger-pulling exercises. It consists of a heavy and perfectly rigid cast iron framework upon which a rifle is fastened in such a manner that it may be sighted at a distant target. A small paper target is also placed in a slide on the instrument a little above and to the right of the gun. When the trigger is pulled a fine steel needle pierces the small target at the exact point at which the target aimed at should have been hit had the gun been loaded.

This is a very practical piece of apparatus for aiming and trigger-pulling exercises. It has the advantage of saving ammunition, eliminating the necessity of cleaning the guns, and at the same time recording accurately the result of the aiming and trigger-pulling.

The cadets will soon be given some of the drill with the instrument, and it is likely that it will be taken to camp so that the men may have these daily exercises as well as the regular firing exercises.

**LOSE SECOND.**

Grinnell Took Cornhuskers Into Camp Last Monday.

Nebraska was defeated in the second baseball game of the trip at Grinnell Monday by the score of 11 to 4.

It was a clean contest, with no kicking, and Nebraska was outplayed in both battery and fielding. Not until the seventh inning did Nebraska score and it was only by the carelessness of Grinnell that the final three scores were made in the first half of the ninth. Blake was pitcher and Carroll catcher for Nebraska. Barber and McCarmick filled those positions for Grinnell. The score:

Grinnell .....1 1 0 2 0 0 4 3 0—11  
Nebraska .....0 0 0 0 0 0 1 0 3— 4  
Time: 1:45. Umpire: Somers of Grinnell.

**By Ones or By Twos?**

The Junior party committee is being called on by various anxious young men of the class, to state its policy as to selling tickets by ones or by twos. The committee refuses to commit itself, pleading no jurisdiction. Meanwhile the tickets are being sold without discrimination to both men and women, at 30 cents apiece. The committee states that the chances seem good for bringing out the largest gathering of Juniors that have attended any class affair this year. The date of the '08 May Festival is Saturday afternoon, May 18. The committee meets Thursday morning in U. 110, to complete its plans.

Purchasing Agent Clark is at present having his office fitted up on the second floor of Administration building. Several pieces of the office furniture have been moved in and more will soon follow. Mr. Clark will take up actively the duties of his new office in the near future.

**The Harvard Medical School, Boston, Mass.**

With the completion of the new buildings, which were dedicated September 25th, 1906, this school now has facilities and equipment for teaching and research in the various branches of medicine probably unsurpassed in this country. Of the five buildings, four are devoted entirely to laboratory teaching and research. The numerous hospitals of Boston afford abundant opportunities for clinical instruction in medicine and surgery.

**COURSE FOR THE DEGREE OF M. D.**

A four years' course, open to bachelors of art, literature, philosophy or science, and to persons of equivalent standing, leads to the degree of M. D. The studies of the fourth year are wholly elective; they include laboratory subjects, general medicine, general surgery and the special clinical branches.

The next school year extends from September 26, 1907, to June 29, 1908. Send for illustrated catalogue; address
