- Sunday, 9. Baccalaureate Sermon.
- Tuesday, 11. Class Day. Senior Class play.
- Wednesday, 12. Alumni Day.
- Thursday, 13. Commencement.

FOREST "RANGERS" RETURN.

Students Return From Dismal River Forest Reserve.

The party of Forestry boys who have been doing government work on the Dismal River Forest Reserve in Thomas county returned to school yesterday, after an absence of six weeks. The men are: G. N. Lamb, W. W. Kading, J. Higgins and F. J. Pipal. This course of actual forest experience is open to all forestry students who desire to avail themselves of the opportunity. University credit is given for the work, and a salary is paid the men by the government.

The young "rangers" are quite well sunburnt, and judging from the calloused condition of their hands, they have been quite busy with pick and shovel. Over 135,000 young pines were set out on the reserve by the entire working force, which consisted of some forty men.

The men report the Dismal River Reserve flourishing. Trees were first set out there by the government in 1892 and since then have been gradually spreading over the sandhill region. The reserve at present contains several thousand acres.

Concerning Cream.

Here is a story heard the other day, about a Pan of Milk and some Molecules:

"Once upon a time there was a bright new Pan full of lovely fresh Milk. In this lovely fresh Milk were a multitude of Fairy Sprites termed Molecules. One night the Pan with the lovely fresh Milk was put into a deep cellar. Some cool Air came along and woke up the Molecules who had been asleep. 'What do you want with us?' they cried to the cool Air. 'Wake up, lay ones, and get to work. There is much to do before Morning,' answered the cool Air. Thereupon the molecules felt very much ashamed of their indolence; they suddenly bestirred themselves and went busily to work. They worked all night long, and when in the Morning—Friday Morning, for instance—the House Maid came to get the bright new Pan full of lovely fresh Milk, behold, a wonderful Change had taken place. The white Milk was gone and in its Place there was a beautiful Coat of yellow Cream that had risen to the Top—And all because those Molecules got busy."

Did you ever hear that story? It's true. Ask the Y. W. C. A. Furnishings, if you don't believe it.

The Thermometer.

The Y. W. C. A. thermometer now registers about 200 in the shade, as follows:

- "Cream" side, \$122.50.
 - "Scarlet" side, \$70.50.
- Miss Anna Rogers gave a subscription of \$50 and Mrs. J. B. Miller one of \$25.

Baseball Men.

All men of the baseball team will meet today at the Armory at 2 p. m. A photograph of the team is to be taken at that time.

Dr. Ward returned Sunday from Grinnell, Iowa, where he attended the sixtieth anniversary of the founding of Grinnell College.

A tennis tournament will be held by about forty university students the latter part of the week.
