TO PROTEST MEET

NEBRASKA WILL APPEAL REGARDING KANSAS MEET.

Judge Gives Decisions That Place Jayhawkers First by the Score of 52½ to 50½—Student Fair.

Nebraska and Kansas track teams met on McCook Field at Lawrence last Saturday afternoon and the meet was awarded by the judges to the latter team by the score of 52 1-2 to 50 1-2 points. The contest was so close that the changing of any ruling would alter the outcome, and the Nebraska team is not satisfied with the treatment received from a part of the officials. Dr. Clapp informed Mr. Landon, the Kansas manager that the team was not satisfied and that the matter would be referred to the Conference committee for decision. This he agreed to.

The first decision to cause dissatisfaction was that which gave Benedict third place instead of second in the quarter. Dr. Clapp and Manager Eager saw the finish and both are positive that Benedict at least tied Driscoll for second place. To split the points on this place would have meant a tie as the outcome of the meet. Nothing, however, was said about this at the time, for it was felt that the judges might easily make an unintentional mistake. What brought up a protest was the disqualification of Alden in the two-mile run, after winning second place, on the ground that he had stepped inside the curbing of the track while running. That the Nebraska two-miler did so for one or two strides is quite certain, but he did it in order to avoid spiking the Kansas man in front, who cut in sharply on the short turn. At this point the curbing was not of the required height but furthermore, the step was not for gaining advantage. The Conference rules state that "any competitor who runs off the track inside the curb to gain an advantage shall be disqualified from that event." In stepping outside Alden really lost ground, and that his doing so did not affect the outcome of the race was evident when he beat out Cooley, to whom was awarded second place, by a full lap.

The men were very much pleased with the treatment received from the students. They showed themselves to be genuinely sportsmenlike in their attitude toward the visitors and even had the fairness and good feeling to applaud McDonald when he made 10 feet 9 inches in the vault, while the meet hung in the balance until this event was decided. Nebraska's only complaint is against the officials, and this comes with more animus since she has experienced the same treatment before. Three years ago, a like game of attempting to throw out men on small points was tried, but then it did not effect the outcome of the meet. Dr. Clapp has already written to Chicago relative to the matter.

The meet on the whole was fast and several good records were made. (Continued on page 4.)

Freshmen Picnic.

Saturday afternoon a number of Freshmen boys and girls picniced in the grove at Epworth Park. Baseball, foot-racing, boating and other sports furnished amusement during the day.

About 6:30 p. m. the girls prepared a bountiful spread which was duly appreciated by all of those who partook of it. Those who were present report a most enjoyable time.

At Convocation.

Probably Professor Clements' last appearance before a University audience will be today at Convocation when he will speak on "The Influence of Altitude on Plants." A good crowd should greet him.

Dean Bessey is now in attendance at the fiftieth anniversary of the founding of Michigan University, where he will deliver several addresses. Dr. Bessey graduated from the Michigan Agricultural College about thirty-nine years ago.

The Forest Club held a banquet at the Windsor hotel last night in honor of several of its members who will leave school this year. No program had been arranged for the occasion, but several impromptu speeches were given by the professors present.

Seniors can secure their invitations today and tomorrow from 11 to 12 a. m. and from 1 to 6 p. m. in room 207 Administration Hall.

WILL LEAVE TODAY

BATTALION STARTS FOR ENCAMPMENT AT BEATRICE.

Camp Will Be Known As Camp Sheldon—Excursion From Here Thursday—Governor May Visit.

The battalion of cadets leaves for camp at Beatrice at 3:30 p. m. today. The first call will be sounded at 3:15, assembly at 3:20. The men will march by companies to the Northwestern depot, where they will board a special Union Pacific train and will reach Beatrice some time before six o'clock.

The camp this year will be known as Camp Sheldon. It will be located on the Beatrice chautauqua grounds, where Camp Andrews was located last year. The tents have already been pitched by the signal corps, the detachment of artillery and the quartermaster's department, all of whom went to Beatrice yesterday.

A special train will be run from Lincoln to Beatrice on May 30 for the benefit of all students who desire to visit the encampment. The special leaves the Union Pacific depot at 7:25 a. m. and reaches Beatrice in time for the Memorial Day exercises. The train will be held for orders in the evening, and will wait in Beatrice long enough to permit the excursionists to enjoy the dance that is to be given for the cadets. Governor Sheldon has had a special invitation to visit the camp that bears his name, and has signified his hope of being able to comply.

The battalion will head the procession to the cemetery on Memorial Day, after which they will march back to camp in time for a late dinner. In the afternoon the grounds will be thrown open to visitors and the cadet band will give a concert in the large pavilion.

It has not been determined just what day the annual sham battle will occur but it will probably be on next Friday forenoon. As the Company C men were the winners in competitive drill, the duty of holding "Strawberry Ridge" against the strategic onslaught of the remaining three companies, will probably devolve on them. Last year they failed to maintain their stronghold against the charge of the skirmishers; but this year, flushed with a second success in competitive drill, they are determined to make a stubborn stand. Besides the Decoration Day exercises in which the companies will participate, there will be two dances given in honor of the cadets.

The battalion will break camp at 12 o'clock m. on next Saturday and will arrive in Lincoln Saturday afternoon.

Two More.

There will be only two more issues of the Nebraskan after today, one tomorrow and another next Friday.

Miss Leah Meyer, '06, who has been teaching the past year at Lyons, has returned home for the summer.
