MAKE GOOD START

CORNHUSKERS TROUNCE PERU IN INITIAL GAME.

The Nebraska Eleven Rolls up 53 points in Two Short Halves of 15 and 20 Minutes Duration.

Nebraska 53, Peru 0.

Coach Cole's pupils opened the season Saturday with a walkaway victory over Peru, scoring nine touchdowns and a safety in thirty-five minutes of play. The Peruvians were no match for the heavy Cornhuskers, failing to make the required distance once. Nebraska was able to gain at will through the line and around the Peru ends, never being held for downs, and being only once forced to punt. Nebraska's backfield was largely responsible for the big score, Cooke and Weller pulling off long runs resulting in three of the touchdowns, while Burnett, Kroger and Weller added others by plunging through the Peru line or circling their ends.

The work of the Cornhuskers fully came up to the expectations of the rooters.

The team did not always work together as was desired by the coaches, but considering the short time engaged in scrimmage practice during the last week, the showing made by the team was a great satisfaction to its supporters.

Nebraska's attack did not show very great variety due to the short time it had had in developing plays. Had the ground been in better condition the score would no doubt have been even larger than it was.

Game started at 3:30. Captain Swenson kicking off for Peru to Burnett, who returned the ball to the 40 yard line. By line plunges and end runs by Burnett, Weller and Kroger the ball was carried to the 5 yard line. Kroger went over for first touch down of season on Nebraska Field. Weller missed goal.

Swenson kicked off to Minor who returned the ball twenty yards. Weller punted nearly to Peru's goal. Minor tried for place kick but failed. Beltzer getting the ball and carrying it to 10 yard line. Burnett scored the second touchdown. The kickout was bad and Nebraska lost chance for try-at-goal.

Craig got the kick off. On second play Peru secured the ball on a fumble by Nebraska. By straight football the ball was carried by the backs down the field in a whirlwind fashion twenty yards at a down. Burnett scoring the third touchdown through right tackle.

On a fumble Peru secured the ball. Collins tried a forward pass which landed in Weller's arms, the husky captain dodging the Peru ends and backs and racing nearly the length of the field for a touchdown.

Peru tried to gain around Nebraska's ends but without avail, being forced to punt on every occasion.

Cooke replaced Craig at end at this

(Continued on page 4.)

E. BENJAMIN ANDREWS.
Chancellor of the University of Nebraska.

Chancellor Andrews returned from Europe Saturday, where he had been on a leave of absence for three months. This morning, at Chapel, he will tell of some of the places he visited while abroad. The subject of his talk will be "Italy at Date."

MILITARY CHANGE.

Hospital Corps Added to the Department.

A hospital corps has been organized under the new regimental regulations. It is understood that the men enrolled in the signal corps and artillery of last year who have not drilled the required time will constitute this detachment of the regiment. This is the first time that there has been a cadet hospital corps at the University and its work will be watched with considerable interest. The work in the hospital corps is of the first importance so far as practical utility is concerned and it is a fortunate thing that the regimental regulations provide for its establishment. The corps is offered by Lloyd A. Jones, captain and F. E.

McCall first lieutenant.

The non-commissioned officers have not been appointed.

HAS STARTED.

Training Table Installed at Windsor Saturday.

The training table for the football men was installed at the Windsor hotel Saturday evening, six "N" men of last year taking supper there. Captain Weller, Craig, Cooke, Chaloupka, Harvey and Matters are the only men eating at the table now, but more will be added to the list this week.

The Regents' Bookstore, Administration Hall, basement will be open from 7:30 a. m. to 6:00 p. m., until October 5.

MANY DEBATERS

THIRTY-FIVE PREPARING FOR NEBRASKA AT IOWA.

Hawkeye School Has a Squad of Experienced Men Including Several of Last Year's Teams.

That the University of Iowa expects to have one of the most successful debating years in the history of that institution is shown by the optimistic tone of the article from the Daily Iowan reprinted in part below. In view of the fact that Iowa meets Nebraska in debate this year the news regarding the debating situation at the Hawkeye institution is published in these columns so that the local debaters may keep posted on the work of their coming opponents. The article from the Iowan is in part as follows:

Thirty-five men have reported to Professor Gordon and Coach Randall for work preliminary to the "week of try-outs" October 15th to 19th, when the six inter-collegiate debaters will be selected to make up the teams which will meet Illinois and Nebraska on Friday evening December 13th. The rules for these "try-outs" will be as follows:

1. During the week, Monday, October 14th to Saturday, October 19th next, there will be a series of "try-outs" to select six men for the two teams of intercollegiate debaters.

2. Each speaker will be allowed 12 minutes and may speak on either side of the question.

3. The speaker who shall be marked first shall receive a prize of twenty-five dollars; the one marked second, fifteen dollars, and the one marked third ten dollars.

The proposition for the inter-collegiate debate is

"Resolved, That the federal government should exercise exclusive control over all corporations doing an inter-state business, constitutionally granted."

This question will also be used in the "try-outs."

Ten of last year's intercollegiate debaters are in attendance at the University, and if these men can be induced to try out, together with the wealth of new material which has already presented itself, Iowa's prospects for winning teams against Illinois and Nebraska on the evening of December 13th are exceedingly bright. The names of last year's intercollegiate debaters who are now in school follow

W. E. Jones, Frank Meyers, Oscar Mueller, F. O. Cunningham, V. Starzniger, H. O. Field, Walter Myers, Ralph Ottesen D. L. O'Hearn and Huebner.

A. G. Schreiber, 1907, and W. G. Jenkins, 1907, are building roads for the United States government in southern Cuba. Sargent, a graduate of the University, has charge of the work.
