**Advance in Forest Work.**  
"Forest work carried on by the  
states made greater advance during  
1906 than in any previous year" is  
the encouraging report of the Forest  
Service in reviewing the principal  
achievements of the year in forestry  
for the yearbook of the department of  
agriculture. "More than twenty states  
now have forest officers, and ten have  
state forest reservations. "Within the  
boundary of the Catskill Preserve in  
New York there are 92,708 acres of  
state lands and 483,412 acres privately  
owned; the total area of the Adiron-  
dack Preserve is 3,313,564 acres, of  
which the state now owns 1,347,280  
acres.  
"Under the law of 1905 the super-  
intendent of forests was able to patrol  
the state preserves efficiently during  
the dry season at small expense. To  
supply stock for planting in the pre-  
serves the state maintains three large  
nurseries for conifers in Franklin  
county and one for hardwoods in Ul-  
ster county, in the Catskills. The three  
Adirondack nurseries combined have  
a capacity of a million 3-year-old trans-  
plants per annum. One of these, the  
Saranac Inn Nursery, was established  
by the state in 1903 and the others,  
Axton and Wawbeek, were first estab-  
lished by the Cornell College of for-  
estry and were placed in charge of  
the state forest commission in the  
spring of 1906. Five plantations, em-  
bracing an area of 1,500 acres, have  
been planted. In 1905 and 1906, 50  
acres of pines and spruces were plant-  
ed by the seed-spot method with en-  
couraging results. Broadcast sowing  
last March of white pine, red spruce,  
and balsam was not satisfactory. An  
interesting experiment is being con-  
ducted with five species of Siberian  
conifers—pines, fir, and larch—to  
determine their fitness for planting in  
the North Woods.  
The article, "Progress and Fore-  
stry," illustrated, of which the above is  
an extract, has been issued together  
with a directory of forest officers, as-  
sociations and schools in pamphlet  
form. It can be had upon application  
to the Forester, Forest Service, Wash-  
ington, D. C.
