## LOYALTY TO CORNHUSKER.

Students Should Help Book.

Last year the Junior and Senior  
classes of the University elected a  
Cornhusker Board to have charge of  
this year's publication. They seem  
now to think that their responsibility  
in the matter has ended. It has not.  
The board has executive charge of the  
book, but there is still much latitude  
for class help. Just at present the  
Cornhusker needs jokes, cartoons and  
stories. If you know a good joke, put  
it in the box. Besides this, every or-  
ganization which is planning for rep-  
resentation in the book should make  
immediate arrangements for their  
pictures and space in the book. Such  
arrangements can be made by calling  
at the office in the basement of the  
Administration Building.

Work on the book is progressing  
rapidly. Most of the personal write-  
ups are in. All Juniors and Seniors  
who have not handed these in should  
not delay in doing so. Only a few  
more days will be allowed by Mr.  
Townsend for taking the individual  
pictures.

These matters cannot wait and every  
Junior or Senior interested should at-  
tend to them at once. This book  
should represent the student body and  
not the work of a few members of the  
editorial staff.

The Appalachian Forest Reserve.  
Whereas:

There is a distinct need for proper  
forest preservation in view of our  
rapidly diminishing forest supplies;  
that this policy should especially pre-  
vail over areas which are preeminently  
suited for forest growth and of lit-  
tle economic use; and,

Whereas:

Forests are essential for the pros-  
perity of the nation; that some means  
must be devised for curbing our reck-  
less waste of timber and that means  
must be provided whereby we may  
perpetuate large areas of timber which  
will serve in preventing a serious tim-  
ber famine with a consequent disor-  
ganization of immense industries in all  
portions of the United States; and,

Whereas:

The area proposed for National For-  
ests in the White Mountains and the  
Southern Appalachians is designed to  
include forest lands which are of more  
value in regulating stream flow than  
any other purpose and that the man-  
agement of these forests by the gov-  
ernment would conclusively prove the  
value of conservative forestry meth-  
ods for the entire United States;

THEREFORE BE IT RESOLVED;  
That the Nebraska Park and Forestry  
Association does hereby declare itself  
heartily in favor of the bill for ac-  
quiring National Forests in the White  
Mountains and in the Southern Appal-  
achian Mountains; and, be it fur-  
ther resolved, that a copy of these res-  
olutions be sent to Secretary of Agri-  
culture Wilson, U. S. Forester Pin-  
chot, and the Nebraska senators and  
Congressmen.

The foregoing was adopted by the  
Nebraska Park and Forestry Associa-  
tion at its annual meeting in Lincoln,  
January 23, 1908.
