KANSAS WINS ONE

SCORE 26 TO 28—GAME FIERCELY FOUGHT ALL THROUGH.

W. Miller and Woodward Starred for Kansas—Walsh Out of Form in First Half, But Braced Later.

In by far the most exciting basketball game of the season, Kansas defeated Nebraska last evening by the narrow margin of twenty-eight to twenty-six. From start to finish the game was very fierce and at no time was either side certain of victory.

Earlier in the season the Cornhuskers took two straight games from Kansas and the Jayhawkers were thirsting for revenge last night. The game started off with fast play by both sides, but it was evident from the first that the Nebraska team was

M. MILLER
Kansas' Veteran Forward

not playing as good a game at basket-shooting as they have displayed heretofore. Walsh missed two easy trials at goal from fouls and then W. Miller, left forward for Kansas, showed the crowd what to expect by executing two goals from the field. Walsh's goal throwing from fouls was weak in the first half, but he made up the deficiency later in the game by throwing four field goals and by getting eight points from fouls in the second half. Out of the twenty-six points scored by Nebraska, Walsh had eighteen chalked up to his credit. Burrus showed good form in the first half, getting two field goals.

For Kansas, Woodward and W. Miller played spectacular games. Woodward scored fourteen points for his team. In general the Kansas team seemed to excel in covering their men, more especially in the earlier part of the game.

During the last half, when the possibility of a Kansas victory became apparent, the rooters waked up and gave the Uni yell and the "Hoo-Rah" (Continued on page 3.)

NOON MEETINGS.

Miss Vibbard to Lecture on Life of Daniel.

The Y. W. C. A. noon meetings will be of particular interest next week. On Monday Miss Vibbard is to begin a review of lesson talks on the "Life of Daniel," which are intended to reveal the strength and purpose of the prophet in standing firm for God and for the highest and truest ideals in life. These talks will also occupy Thursday and Friday of next week, while on Tuesday Dr. Batten will address the meeting. On Wednesday will occur the annual election of officers and all the members of the association are urged to attend this important meeting. The vocal trio, consisting of Misses Starn, Rhoads, and Parks, will also give several musical numbers at this time and Miss Morrison has kindly consented to be present with her guitar. The girls are especially invited to attend these meetings next week, for they will be helpful as regards the thoughts which the talks will embody.

State of Nebraska vs. Pilcher.

This is a case under Sec. 469, Nebraska Criminal Code, where a man writes a threatening letter with attempt to extort money from a man in another state. The question to be decided is where the crime is committed. Fletcher and Coddington are the attorneys for the defendant and Motherscad, county attorney of the law school, is the counsel for the state.

This case will be tried before the supreme court of the law school this afternoon at 2 o'clock.

During the first semester many cases were tried in the county and state courts. This is the first one to be tried in the supreme court.

BRYAN PRIZE.

Subject for Prize on the Science of Government Announced.

"Does the Commission System in Municipal Government Harmonize With the Spirit of American Institutions?" This is the subject this year for those who compete for the Bryan prize. All third and fourth year students and graduates who have not taken their second degree are eligible to compete for the prize. The body of the essay or thesis shall consist of not less than 300 or more than 600 words, and shall be accompanied by a bibliography and outline of the work.

The thesis shall be presented to the Chancellor by May 1 and the award of the judges will be announced on Commencement morning. The committee of award shall consist of three members, the professor of political science and the professor of English of such Western universities as the Chancellor of the University of Nebraska shall select, and as a third member such scholarly constitutional lawyer as the Chancellor may choose.

Good English and some degree of originality in form, arrangement of material or idea shall be requisite to secure the prize. In case there are no contestants, or if two of the three judges decide that the thesis is unworthy of receiving the prize, then no award shall be made and the interest of the fund shall be invested and become a part of the principal.

Are you "stumped" for something to do or somewhere to go. Saturday night just drop around to the University Y. M. C. A. rooms between 8 and 10 o'clock and join in the general good time of the bunch of fellows that you will find there. Everything is informal. You are invited to join the bunch.

The orchestra of the University of Kansas will give a concert here Wednesday, March 4.

KANSAS CITY MEET

UNIVERSITY OF NEBRASKA WILL BE REPRESENTED.

Preparations Are Under Way for the Annual Indoor Meet in Convention Hall, March 20.

Under the direction of Martin Delaney, the Kansas City Athletic Club will hold its annual indoor meet March 20 at the Convention Hall in Kansas City. Great preparations are under way for the event and the veteran trainer intends to make this one of the greatest indoor meets ever held in the West. Relay races are to be featured and every college team in the West will be invited to compete.

About ten or twelve men are to make up the team which will represent Nebraska, but they have not yet been selected. The events which will be on the program are 50-yard dash, 50-yard low hurdles, quarter-mile, half-mile and mile runs, running high jump, pole vault, and 16-pound shot put. All of these are to be handicap events, and in addition Mr. Delaney is anxious to have an intercollegiate one-mile relay race. Dr. Clapp has not yet decided whether or not to enter a team for this event, but the idea is very popular among the men who would be candidates for it. There will also be interscholastic, ward-school and mixed events. All amateurs are eligible to compete, as it is to be an open meet.

It is expected that there will be three or four hundred entries. The prizes alone are sufficient to insure a well-filled program. For first place in each event a gold watch will be offered; a silver medal will be given for second place, and for third place a bronze medal.

Last year Nebraska was represented by ten men, but only two of these won places. Benedict took first in the half mile and Alden second in the mile. There are five men now trying out who went with the team last year, Craig, Alden, Knode, McDonald and Kroger. Besides these men, there are a great many others working out who look like point winners. Among them are Burrus, Minor and McMasters, all of whom won places in the Charter Day athletic events. With this array of material Dr. Clapp feels confident of making a better showing than was made last year. At that time, however, Nebraska was handicapped by receiving notice of the meet only one week before it took place.

Both Kansas and Missouri regard this meet as the most important in which they are entered and are putting in some good licks in anticipation of carrying off a few points. The indoor dual meet between Kansas and Missouri takes place only one week before the Kansas City meet, so that the teams from these schools will have the advantage of being in the best of condition.

Dr. Clapp intends to have the try-outs for the selection of the team in about three weeks.

Cozy suppers—Dalrymple's.
