INTER-FRAT MEET

BIG INDOOR MEET TO BE HELD SATURDAY, MARCH 14.

Good List of Events—Trophies for the Winning Team—All Fraternities to Enter Teams.

At a meeting of the representatives of all the fraternities in Dr. Clapp's office Thursday morning it was decided definitely to hold a big inter-fraternity indoor athletic meet on Saturday afternoon, March 14. Heretofore inter-fraternity athletics have been confined to the baseball games in the spring and the inter-fraternity relay races on Charter Day. Nebraska is, in this respect, far behind most other western universities where inter-frat athletic meets, basket-ball games, and even football games are annual events. The subject has been agitated and widely discussed at Nebraska recently and the discussion culminated Thursday when definite action was taken. The idea is to make this an annual event similar to the Charter Day exercises for the promotion of inter-fraternity rivalry in athletics and also for the development of material for the University track team.

A committee consisting of E. S. Drake, chairman; T. M. Murphy, and E. J. Davis, was appointed to draw up a constitution for the government of this inter-fraternity athletic association. In addition to this they are to arrange for the purchase of medals and trophies for the meet, the amount of the admission fee, and other details of the meet.

A large number of events were discussed with a view to placing them on the program and the list of those as finally chosen is as follows:

- Twenty-five yard dash.
- Twelve-pound shot put.
- Pole vault.
- Running high jump.
- Rope climb.
- Standing broad jump.
- Standing three broad jumps.
- Tug-of-war—six men.
- Obstacle relay race—four men.

Each event is to count eleven points, first place five; second, three; third, two, and fourth one. It is possible that the last two events on the list (the tug-of-war, and the obstacle race) will be scored differently. The committee will also decide upon this point.

Elaborate prizes are to be offered. For the team championship there is to be a big silver loving cup which will become the permanent property of the fraternity winning it three times. For the tug of war and obstacle race, banners are to be given with ribbons to the individual members of the teams. In all other events a silver medal will be given for first place, a bronze medal for second place, and ribbons for third and fourth places.

The meet promises to be one of the biggest athletic events of the year and a great deal of interest is already being manifested in it.

MOOT COURTS.

Some Interesting Cases Are to Come Up Today.

In the Supreme Court the case of Burnett vs. Union Water Company will be tried. Heinke and Randall will appear for the defendant and Lowe and Gumden for plaintiff. This is a case in which the plaintiff is suing the water company for allowing the pressure to run down so that they could not put out a fire which destroyed the plaintiff's building.

The case in the District Court is Aylsworth vs. Austin. Westover and Ewing will represent the plaintiff and Giffin and Hulenbecher the defendant. This is a quasi-contract case to recover for \$26 worth of goods sold. It will be tried before Judge Bochus without a jury.

In the Justice Court, a criminal case will be tried—State vs. Stevensqn. Assistant Prosecuting Attorneys Baird and Tibbets will act for the state and Spaits and Kazebeer for the defendant. A plea in bar was entered by Spaits and Kazebeer yesterday afternoon, but it was overruled. The case will be tried on its merits today. This is the first jury case to be tried in the Justice Court this year.

Business meeting.

The Dramatic Club will meet Tuesday, March 3rd, at 11:30 o'clock in U. 106. Important business laid over from previous meetings will be concluded. All members of the club are expected to attend.

President Tucker of Dartmouth, has issued a manifesto against baseball, declaring that it has proved demoralizing to the college on account of the commercial element that accompanies it; and unless some very radical reform can be effected it must be forbidden. Following this, nine members of last year's team were debarred from future participation in athletics.

Y. W. JOLLIFICATION.

New Officers Given Rousing Welcome at the Rooms.

A jolly informal welcome service to the new officers was held in the association rooms yesterday. A grand march in which the newly elected officers were triumphantly borne aloft on "hand-chairs," was the first performance. An original welcome solo was most effectively rendered by Miss Maude Cauger. It was so effective that it brought tears (of laughter) to the eyes of all present. Faye Hartley made a most impressive speech; in which the marvelous deeds—present, past and future—of the new officers were duly emphasized. The performance ended with a very "touching" song, "We Welcome You," which made all the officers look very happy. It was, on the whole, a very enthusiastic affair and we feel our new officers are worthy of all the enthusiasm we can muster.

Piano Recital.

Mabel Ellen Coder, of the University School of Music, pupil of Mr. Eames, will give a recital for graduation on Monday evening, March 2, at 8 o'clock, at the Temple. The public is cordially invited. The following is the program:

SOUTH OMAHA TRIP

STUDENTS OF ANIMAL HUSBANDRY GO TO OMAHA.

Visit Packing Houses and Stock Yards—Big Banquet Given by Union Stock Yards Company.

The annual excursion of the students of animal husbandry of the School and of the University to visit the packing houses and stockyards of South Omaha took place Thursday. More than 200 students boarded the special train at the Rock Island depot at 7:30 a. m. and arrived in Omaha soon after 9:00 a. m. Professor Smith divided them into four groups, according to classes. Those of the short course were under the direction of Mr. Burr, the freshmen under Mr. Sam McKilvie, the juniors under Professor Smith, the seniors and the University students under Dr. Peters. To visit the packing houses of Swift & Co., Armour, Cudahy, and the Omaha Packing company.

The various packing houses furnished guides to show the students the more important operations. Swift & Co. made an elaborate exhibit of all their products and by-products, which all groups were given an opportunity to see. Special attention was given to the methods of the government inspection of diseased animals and every student was convinced that the inspection was so rigid that the carcasses of the slightest affected animal could not be passed out as food. The government inspectors showed how swine were affected by the diseases cholera and tuberculosis.

In preparation for this event, Dr. Peters had tested three head of cattle which he found to have tuberculosis. These were shipped some time ago and were killed by Swift & Co., and were used to explain the effect of the disease.

In the afternoon the different groups went through the stockyards. Special attention was given to the feeder section and the boys seemed very much interested in looking over the sheep, because of the recent practice in sheep judging at the farm. After the inspection of the stockyards an hour or two remained, which time was given to the boys for their disposal.

At 5:30 the lobby of the Exchange building was crowded by a group of hungry young agriculturists waiting for the banquet to be given by the Union Stock Yards Company.

Another Robertson.

In connection with the candidacy of W. A. Robertson of the Law school for editor-in-chief of the Cornhusker, a little confusion has apparently arisen among certain juniors, who have in mind H. C. Robertson, of the college of literature, science and arts. Mr. H. C. Robertson was business manager of the Daily Nebraskan last semester, but is not the candidate for the Cornhusker editorship.
