## CALL IS ACCEPTED

JORGENSEN TO BE Y. M. C. A. SECRETARY AT WISCONSIN.

Y. M. C. A. Work Carried On in an Hundred Thousand Dollar Building Furnished by the State.

Mr. Arthur Jorgenson, after several weeks of consideration, has accepted a call to the secretaryship of the Wisconsin University Y. M. C. A., the present general secretary having resigned.

"Jorgy" will there devote all his time to the work and will have several assistants under him.

Wisconsin has one of the finest and best college Y. M. C. A. buildings in the country, the state having erected a \$100,000 building last year to be given over entirely to the University Y. M. C. A. This building, besides being a dormitory, is equipped with a swimming pool, billiard and pool

ARTHUR JORGENSEN.

rooms, library, reading rooms and a dining hall. The annual budget is \$17,000; the building supplying a large part of this amount.

That "Jorgy" is qualified for the position no one questions. Two years ago he left Depauw University to accept the position of student general secretary of our association and to continue his studies here. In this capacity he served our Y. M. C. A. faithfully and well.

Last year, besides carrying full University work, Mr. Jorgenson accepted the position as president of our association and much of the success of last year's work is due to "Jorgy's" untiring efforts. This year he has led the Bible study department, carrying on a larger and more thorough work in this field than ever before, and all this besides being editor-in-chief of the '08 Cornhusker, and doing his full share of the work on the University debating squad.

He is also a member of the Phi Kappa Psi and Phi Alpha Tau fraternities, and the Innocents society.

Jorgenson graduated from the Omaha high school in '01, where he not only carried off class honors, but was captain of Company "A" and member of the championship debating team of which Burdette Lewis was also a member.

Later he was for two years membership and financial secretary of the Omaha Y. M. C. A.

Wisconsin certainly has reasons for rejoicing in securing him for their secretary.

### LAW LECTURE.

Students of Law Department Listen to Judge Tibbets.

Judge A. S. Tibbets, of the Lincoln bar, gave the first of a series of lectures on "Legal Ethics" to be delivered by him to the Law department last evening.

He spoke of the law profession as being one of the noblest of all vocations.

Quoting from the different codes of legal ethics and from the different state statutes the oaths required of the candidates for admission to the bar, he showed what was and is expected of the lawyers.

Speaking of the relation of the lawyer to the public, the client, the brother lawyer and the judiciary, the judge said that the dignity of the profession is and must be maintained by the dignity of the lawyer himself, that there is no profession of which the world asks so much or which the world has and does so undeservedly criticize, or to which so many and so great confidences are given as to that of the law.

That the lawyer was in duty bound to the public, to his client, to his brother lawyer and to the judiciary to do all in his power to prevent the admission to the bar or the practice of law by a shyster or one who was without moral principle.

That the public looks upon the lawyer as one who should be more or less interested in politics and public affairs, and that as a consequence he was a great material factor in the shaping of our state and national legislation.

That it was considered unprofessional to advertise in any paper or periodical, or in any other way, the merits and ability of oneself as a lawyer, but that they should be left to the public to decide for itself.

The best oyster stew in the city is that served at The Boston Lunch. Try it.

### INTER-FRAT BOARD.

Met Yesterday—Committees Appointed—Meet Saturday.

A meeting of the inter-fraternity athletic board was held in Dr. Clapp's office at five o'clock yesterday afternoon. The president appointed three committees. One, consisting of Collins, Campbell and Davis, is to arrange for the inter-fraternity meet to be held next Saturday. The second committee, consisting of Hughes, Buck and Dr. Clapp, is to purchase a cup and medals for the winning fraternity, and individual winners, respectively. The eligibility committee consists of MacDonald, Weber and Dr. Clapp.

Each fraternity may enter five men in each event, but may start only three. All entries must be in by six o'clock this afternoon.

It was decided to have a tug-of-war and if necessary preliminaries will be held for the tug-of-war and the obstacle race.

### Reform at Kansas.

A faculty committee at Kansas has decided that the social pace there is too swift. They recommend a student council, to have charge of social affairs and advocate the following sweeping changes: "The closing of all parties at midnight, a decrease in the number of social functions, requiring fraternity pledges to have a certain number of credits in the University before they join a fraternity, the absolute segregation of the sexes in rooming houses, and the establishment of the honor system."

### Last Night's Meeting.

At the Y. M. C. A. meeting last night, Mr. John McNicol spoke on the "Working Man in Church."

The result of the election after the meeting was as follows:

Ben Cherrington, president.  
Elmer Hills, vice-president.  
R. L. Temple, secretary.  
Ed. Guidinger, treasurer.

## MOODY TO LECTURE

FIRST OF THE SERIES IS GIVEN YESTERDAY.

The Forestry Department Fortunate in Securing an Able Man for a Course of Several Lectures.

Mr. F. B. Moody, assistant state forester of Wisconsin, will give a course of twelve to fifteen lectures before the Nebraska students in forestry. Mr. Moody is one of the broadest and most practical men in state forestry in the entire United States. For nine years he worked in the great Maine forests, for two seasons he worked for the United States forest service, one season in Maine and the other in Colorado. Still another season he worked in the great forests of Washington and for the last two years he has been engaged in Wisconsin, where he has distinguished himself by the thorough way he has carried out the work. He was a delegate at the recent Lake States Forestry Convention and was made secretary of the meeting, with Hon. Charles W. Garfield (Dr. Bessey's college roommate) as president.

Mr. Moody took his bachelor's degree at Bates College in Maine and took the two years' forestry course and received his master's degree in forestry in the University of Michigan.

Mr. Moody will give several lectures, some of the subjects of which are as yet unannounced. Those already scheduled are:

1. The Pulp-wood Industry.
2. Lumbering in Maine.
3. Timber Sales and Marking Timber.
4. Timber Trespass.
5. Brush Burning.
6. Progress of State Work in Wisconsin.
7. Lakes States Forestry Convention.
8. Control of Forest Fires.

The first of the lectures was given yesterday morning to a large class. The chance of hearing Mr. Moody is a great thing for Nebraska students.

Mr. Moody is accompanied by his wife and will be tendered a reception by Hon. and Mrs. A. J. Sawyer Monday evening.

Mr. Moody and Mr. F. J. Phillips of the forestry department were roommates when in college.

### Convocation Thursday Morning. String Quartet.

Mr. August Melcer.....First violin  
Mr. E. J. Walt.....Second violin  
Mr. William Quick.....Viola  
Miss Lillian Eiche.....Violoncello  
Program.
