A BIG TIME.

Y. M. C. A. Have Successful Supper Saturday Night.

Saturday evening another of the popular Y. M. C. A. feeds was held in the parlors of St. Paul's church. This supper was perhaps one of the most successful ever held, both as to the good time had and as to the attendance, there being about 175 men out.

J. C. Knode, the retiring president of the association, presided at the banquet, and Knode was certainly "there with the goods." With the dignity and wit of Lincoln he time and again "brought down the house" at the expense of some officer of the association. Dr. Roach, Der Kinderen, "Scandinavian Jorgy" and Cherrington spoke to the fellows, all having a good supply of stories and jokes.

The Y. M. C. A. quartet, consisting of Warren, Cherrington, Ketrige and Plumb, made their first appearance, and favored those present with several songs, chief among them being "Dried Apple Pie" and "Lucky Joe."

It is hoped that the social committee will at least give another banquet this year.

The Harvard Medical School

With the completion of the new buildings, which were dedicated September 25th, 1906, this school now has facilities and equipment for teaching and research in the various branches of medicine probably unequaled in this country. Of the five buildings, four are devoted entirely to laboratory teaching and research. Numerous hospitals afford abundant opportunities for clinical instruction in medicine and surgery.

COURSE FOR THE DEGREE OF M. D.

A four years' course, open to bachelors of arts, literature, philosophy or science, and to persons of equivalent standing, leads to the degree of M. D. The studies of the fourth year are wholly elective; they include laboratory subjects, general medicine, general surgery and the special clinical branches.

The next school year extends from October 1, 1908, to June 24, 1909. The diploma of University of Nebraska is accepted for admission. For detailed announcement and catalogue, address
