Entered at the postoffice at Lincoln, Nebraska, as second-class mail matter under the Act of Congress of March 3, 1879.

The issue in the discussion of the athletic board question is not whether or not girls should be disfranchised or even whether "N" men alone should be the candidates for election. The real issue in the question is "Should the twenty-five cent fee be charged for voting be abolished?"

As far as the "N" men proposition is concerned few but "N" men favor it.

Those who favor the fee contend that it is a necessary safeguard to prevent the election of members by voters not really interested in athletics. It is to be noted that the registration fee in some of our cities is

way of doing things is to get an interest in public matters by letting all vote without distinction instead of demanding a twenty-five cent interest in order to have the privilege of voting.

Some other contentions, such as that the fee is not oppressive taxation and therefore why remove it, and the argument that the girls ought not to be deprived of their equal suffrage are mere attempts to cloud the real issue of whether the fraternities are to retain absolute control of the athletic board.

The spirit which prompts this opposition to the proposed reform is thoroughly undemocratic and selfish. It is the kind of fraternity spirit which deserves the ridicule and contempt of any one who stands for the square deal and if, as is boasted by some, the present board composed of fraternity men refuses to consider the proposal of abolishing the fee they ought to be kicked out and new members elected in their places.

Anderson Entertains.

C. B. Anderson, the newly elected University Regent, entertained the Glee Club Monday evening at Crete, where they gave a concert. Mr. Anderson threw open his beautiful home to the club and to some forty invited guests after the concert. A short reception was followed by a supper. The Delphian Quartet, to which Mr. House and Mr. Ireland formerly belonged, sang several selections. The boys all say that Mr. Anderson is a prince.

With the advent of nice weather the Second Battalion at the State Farm is again doing "stunts" after a period of demoralization due to snow storms, smallpox and "sore arms." The new company, the "Workizer Rifles," are drilling regularly now and are accom-

not an example justifying the charge among students where double voting could be easily prevented without this precaution. The real purpose of this charge is to afford a strong hold to the fraternity men who because of their closer organization have been able to control things for the last two years. The payment of the small fee is in no sense a guarantee of interest in athletics beyond the election of the proper frat candidate.

Another contention in favor of the present system is that the fraternity element so far has shown more interest in voting. Naturally their interest is greater so long as the opposing faction has no hopes of electing a candidate. Nor is there any force in the argument that if the "barbs" once got control they would never give their fraternity friends a member of the board. They couldn't be expected to do so for some time and then if the majority of the student body wanted a representative on the athletic board it ought to make no difference whether the man is a frat man or whether his constituents take an interest in athletics or not. The "democratic"

plishing a great deal in raising the standard of military drill at the State Farm.
