PACE THAT WINS

LECTURE BY "DAD" ELLIOTT AT TEMPLE LAST NIGHT.

Meeting Presided Over by Dr. Condra—Vocal Solos Rendered by Miss Vera Upton and Donald Plumb.

"Dad" Elliott, international secretary for the Y. M. C. A., gave his lecture, "The Pace That Wins," to quite a large audience of University men at the Temple last night. The meeting opened at 7:00 o'clock and lasted until 8:30. The audience joined in singing several hymns under the leadership of Mr. Kettridge, after which Miss Vera Upton rendered two very beautiful vocal solos. The speaker of the evening was introduced by Dr. Condra, who plead that the young men present listen with unbiased minds and in sympathetic attitude to what Mr. Elliott, a man of high standing when in the University and broad experience in life since leaving, had to say. Mr. Elliott said in part:

"However we may disagree on some things, on principles, or on creeds, all of you young men here must admit one thing,—that you are all interested in making your lives a success, or you would not be here in the University. And I want to say that never in the history of the human race has there been such a premium on strong Christian character as now. This is evidenced everywhere in the secular press. The thing demanded in business now is responsibility,—financial and moral. If a young man goes to a city now to get a position, he is required to give a bond and references to men of character whom he knows. These men are sent lists of questions which read as if the young man were trying to join a church, but this is only straight business. Once in the position the man's every act is watched and often the thoughtless acts of a single night blacklist a man for life in a business way.

"It is the business of every man to know the code of right living, as exemplified in the life of Christ just as much as it is of an engineer to know the code of right-railroading. We must not be guided by what we think is right, or even by our consciences, but by what is right.

"It is in the University that it is determined what kind of men you are to be. But one man in nine ever changes his character after leaving college. I wonder what some of you are coming to when I think of some of the practices in this University connected with University politics. Many things have been excused in students which are not tolerated in others. Why point the finger of scorn at cheating, lying, and buying votes in real life and laugh at them in school?

"It is time that we begin to stand on principles of Christian living and do right because it is right. It is time that you begin to translate the principles of Christ into actual living on the University campus."

The meeting closed with a solo by (Continued on page 3.)

Girls' Basket Ball

Minnesota vs. Nebraska

Gymnasium, 8 p. m.

Saturday, March 21

THE GAME TONIGHT.

Arrival of the Minnesota Players in Lincoln.

The girls of the Minnesota basket ball team reached Lincoln yesterday morning at eleven o'clock. A large number of Nebraska girls were on hand to receive them, as well as Mrs. Clapp, the director of the woman's gymnasium, and Miss Pound, the manager of the team. The visitors were taken to the University in automobiles, after a short spin about the city, and from the University went to their various destinations for luncheon and rest after the trip.

Yesterday afternoon, from four till five o'clock, University girls and others were given a chance to meet the players of both teams at a very pleasant informal reception at the University Temple. Among the ladies of the faculty present were Mrs. Barbour, Mrs. Frye, Mrs. Richards, Mrs. Willard, Mrs. Barker, Mrs. Raymond, Miss Howell, Miss Kennard, the head of the dormitory, and others. Ices were served by Mrs. Barbour and Mrs. Richards, assisted by a number of young ladies. The room was prettily decorated, and thronged with players and visitors, made an attractive sight.

Last evening the Kappa Alpha Theta girls gave an informal dance in honor of the Minnesota team. About twenty couples were present. At noon today, the Nebraska and Minnesota teams are to have luncheon together at the Lincoln hotel.

The Minnesota line-up for tonight will probably be as follows: Forwards, Miss Newton (captain), Miss Shiely; center, Miss Loberg; guards, Miss Ueland, Miss Ericson; substitutes, Miss Nellson, Miss Fleming. The girls have been trained by Mr. Oscar Wodrich, the trainer of the Minnesota men's team. The Nebraska players tonight will be five of the following: Forwards, Mossier Kimmel, Mattie Woodworth, Beulah Rader; center,

(Continued on page three.)

TENNIS PRACTICE BEGINS.

Officers of the Club—Intercollegiate Contests Proposed.

Those whose studies in the library have lately been broken in upon by such cries from the west side as "Outside," or "Love, fifteen," probably know that with the spring days of the last week the tennis devotees are again out. Though it is rather early and the courts are in poor shape as yet, several men are playing regularly and the club hopes to schedule some intercollegiate contests before the semester is over.

The officers of the tennis club are: H. G. McComb, president; H. D. Young, manager, and R. E. Campbell, secretary and treasurer. The fee is one dollar for the semester and one dollar extra for those who intend to play next year. This rule is for the benefit of the seniors who did not wish to pay the full fee of two dollars for the short time that they will be in school. The first contest will probably be with Kansas.

Gets Appointment.

Mr. Leslie L. Zook, '07, who has been employed by the Field Crops department of the University and stationed at the State Farm, has recently accepted a government position under Mr. Hartley, who has charge of all the United States government corn experiments west of the Mississippi river. Mr. Zook will have charge of corn growing in the western part of the United States. At present he is at Yuma, Arizona, where he will remain for a brief period.

Minnesota University has dropped George Capron, the great athlete, from its rolls and will not allow him to re-enter until September. It is not known whether his absence will bar him from participation in football next fall.

Pies like mother tried to make. Baked fresh twice a day by an expert woman pie baker, at The Boston Lunch.

EXPERIENCES FROM ATHLETICS AND BUSINESS

"GYM" EXHIBITION

ANNUAL CONTESTS TO BE HELD SATURDAY EVENING.

Championship Wrestling Contest to Be Added This Year—Preliminaries to Be Held at Early Date.

The coming annual gymnastic exhibition which takes place in the Armory next Saturday evening is arousing a great deal of interest.

There is to be a new addition to the regular program this year in the form of a championship wrestling contest. The suggestion of holding such a contest comes from Dr. Clapp and it seems to be meeting with the approval of all who are interested in this very exciting branch of athletics. The preliminaries for the championship will be held before hand so that only the finals will be left for the night of the gymnastic exhibition.

All the wrestling matches will be pulled off under the A. A. U. rules, which will do away with the excessive roughness of professional matches. The A. A. U. rules bar such holds as the "full Nelson," the "hammer-lock," the "strangle-hold" and all others that endanger life or limb. Consequently men need not hesitate to enter for fear of being injured.

The matches are open to all students of the University regardless of weight, except professionals. The time limit of the contest will be short, so that a man will not have to be in extra good condition to enter. Another advantage of the short time limit is that the bouts will be more lively. In professional contests where no time limit is set, the wrestlers usually loaf a good deal of the time in order to rest. This will not be the case in a ten-minute bout, because even a good wrestler will have to hustle to throw an inferior one in so short a time.

The first round of the preliminaries will be held in the Armory this afternoon at 2 o'clock. Anyone who is interested should be there at that time.

Another number on the program of the exhibition will be an exhibition in fencing by a special class. The members of this class are requested by Dr. Clapp to meet in the Armory today at four o'clock.

Juniors.

All Juniors wishing to try out for the class relay team for the interclass relay race at the gymnastic exhibition, will meet in the Armory at 4 o'clock p. m. on Monday, Wednesday and Friday of next week.

C. W. HUGHES, Captain.

Notice.

The Auditing Committee of the Senior class has been delegated to collect 25 cents from each member of the class for Ivy Day funds. Please turn this money into the Nebraskan office.

W. R. KING.

At Ann Arbor the attendance at church last Sunday was 13 per cent of the student body. Only 1 per cent of the population of Ann Arbor attended church.
