## ATHLETIC BOARD

A NUMBER OF PLANS ARE NOW UNDER CONSIDERATION.

May Form Athletic Association With Annual Dues of \$1.00 to \$4.00—Football Schedule for 1908.

The question of election of the student members of the Athletic Board is still being discussed in spite of the Board's action in regard to the recently proposed changes. The board did not deem them adequate. It grants, however, that any change in the method of voting, which would foster interest in athletics is advisable. Plans are being considered for the alteration of the present method of election with the hope of satisfying all concerned directly or remotely with University athletics.

The first is the organization of a Students' Athletic Association, the members receiving the right to wear an "E. A. A." button and attend all games at half price, upon the payment of annual dues of \$1.00. Another plan is the payment of an annual fee of \$4.00 for a membership in the Association and admission to all games. This is the "Minnesota way." By either plan the members elect their representatives. Whether or not the Board can afford to grant admission at half-price is a matter of speculation at present, but it is believed that the first plan might be successfully carried out if one thousand students would join the association.

State Farm students would also be eligible to membership.

The Board, as yet, have not definitely decided what action will be taken in regard to the matter of the proposed plans.

The football schedule for the season of 1908 is not complete as yet. Manager Eager has six of the eight dates filled which will be played. Five of the games are to be played in Lincoln. Wabash is scheduled for Thanksgiving day, November 26. The schedule at present is as follows:

- South Dakota, Oct. 3, at Lincoln.
- Grinnell, Oct. 17, at Lincoln.
- Minnesota, Oct. 17, at Minneapolis.
- Oct. 24, \_\_\_\_\_

She was a bright student and popular among those who knew her.

### University Senate Notice.

The University Senate will meet at eleven o'clock on Saturday morning, instead of five on Friday afternoon. This change is made in order to avoid conflicting with the lectures by Professor Reinsch. A full attendance is greatly desired.

### A Welcome Letter.

South Omaha, Neb., April 1, 1908.  
Daily Nebraskan, Lincoln, Neb.:

Gentlemen—Enclosed please find my check for two dollars, same being in payment of my subscription for the current year. I should have sent this earlier in the season, for I know what it means for you to have a number of subscriptions unpaid.

Am very glad to keep in touch with University life, although I must confess the names I read in the Nebraskan have grown quite beyond my acquaintanceship.

I wish you continued success in the good work you are doing. Sincerely yours,  
J. DEAN RINGER.

Askem—"Is Capital Beach a summer resort?"

Tellem—"No, it's a last resort."

## CHAMPIONSHIPS

MITCHELL AND HARVEY ARE WINNERS IN CONTESTS.

Three Men Will Be Sent to Represent Nebraska at the Intercollegiate Meet at Madison, Wisconsin.

Two University championships were decided Wednesday evening in the gymnasium. Mitchell won the gymnastic contest, for which he will be awarded an "N," and Harvey won the wrestling championship.

Both the wrestling bout and the gymnastic work were interesting and were witnessed by a large crowd of enthusiasts.

In the wrestling championship the preliminaries had been run off about two weeks ago. The first fall of the final round between Jim Harvey and F. W. Johnson (which was to be decided by the best two of three falls) was held at the gymnastic exhibition last week. At this time the two men wrestled for seven minutes without either one securing a fall. After a few minutes' rest, they went at it again and Harvey won the first fall with a body hold after three minutes of hard work. Wednesday evening the men met in the gymnasium to decide the championship. No time limit was placed upon the bout and eighteen and a half minutes had passed before Harvey won the second fall, and with it the championship. The two men were very evenly matched. Johnson is perhaps a little more clever at the game, but this advantage is offset by Harvey's superior weight. Neither one seemed to be very quick at taking advantage of openings, but nevertheless it was the consensus of opinion that the bout was one of the best amateur contests ever seen here. Harvey won the second fall by turning his opponent over with a catch hold and pinning his shoulders down with an arm-lock.

In the gymnastic contest the work on the horizontal and parallel bars and the horse had been finished previously and on Wednesday all that remained was the flying rings and tumbling.

Mitchell easily won the championship. His work in every event was first-rate and Nebraska's success in the intercollegiate meet next week will depend largely upon his work.

Kiesselbach, who was on the team last year, dropped out of the contest after the third event. He is a graduate student and would not be eligible to compete at Madison. Schmidt won second place by the narrow margin of three-quarters of a point, and Surtzler, Moorehouse and Kiesselbach finished in the order named.

The scoring of the events was made as follows: Approach, 1 point; difficulty and beauty of exercise, 3 points; (Continued on page 3.)
