REGENTS MEETING

CHANGES IN LAW SCHOOL—DEAN COSTIGAN REMAINS.

Professor Maxey Remains and Professor Ayers to Resign—Contract for the Engineering Building Let.

The Board of Regents closed their meetings yesterday after a two days' session. Much interest has been manifested in these meetings by the University in general because of the number of important matters that came up. Probably most interest was centered about the election of the faculty of the law school, because of the friction which was known to exist there. Last Friday and Saturday a petition was circulated to have Dean Costigan removed and another to have Professor retained. It was claimed that these petitions were quite generally signed by the law students. Later those in favor of the retention of Dean Costigan adopted resolutions discountenancing the reasons given for his removal. The Dean himself was in favor of the removal of Professor Ayers and the retention of Professor Maxey. The Regents decided to retain Dean Costigan and Professor Maxey, but asked for the resignation of Professor Ayers at once, to take effect at once.

The contract for the new Engineering building was let to Gould & Son, of Omaha. The original plan of the building called for an appropriation of \$95,880, but the Regents added \$33,000 to this amount for roofing and other things which were not included before.

Many professors were raised in rank, and the annual budget for the different departments was apportioned. Several changes will be made about the campus of the State Farm driveways, walks and gardens will be laid out.

It was expected that some action would be taken in regard to the purchase of a new athletic field, but that matter had to be deferred until the next meeting when the committee, which has several places under consideration, will report.

The length of the Easter recess was not changed, as had been rumored about the campus.

Home Concert.

The Glee Club is fast rounding into shape for the home concert on April 24. The vacation comes between this time and then, which will probably cause a few extra rehearsals, but the boys are all willing to put in the extra time because they feel that this year's concert will be the best ever. There remain three out-of-town dates yet, at which the club expects to put on the program almost as it will appear in Lincoln on the 24th. By doing this the club will be perfectly familiar with the program. On April 14 the club will make Wahoo, on April 21, Kearney, and April 22nd, Central City or some town in that vicinity.

The tickets for the home concert will probably be out before the students go home for vacation.

Y. W. C. A. NOTES.

Cabinet Conference to Be Held Next Saturday.

On Tuesday a very enthusiastic missionary meeting was held in the rooms. Miss Patterson, who is connected with a mission school for girls in Pekin, China, gave a rousing missionary talk, which was thoroughly enjoyed by everyone.

The weekly praise service was held Wednesday noon. After the opening song service, a violin solo was rendered by Mr. Quick, who is the leader of the Oliver Theater Orchestra. Mrs. Conant sang in her usual beautiful way. After a short Scripture reading by the president, Mr. Quick played again. The music at the Wednesday praise service is always good, but yesterday it was especially fine. Both Mr. Quick and Mrs. Conant are genuine artists and it was a great treat to the association, to have them at this service.

Next Saturday a cabinet conference is to be held in the association room. Four universities, Wesleyan, Cotner, Doane and Nebraska, will be represented. The program is as follows:

10:30 to 11:30. Devotional Service, led by Miss Dickey, Extension Secretary of City Y. W. C. A.

Message to Officers of the Association, Carrie K. Schultz.

Message to Committee Chairmen, Miss Simmonds, State Secretary.

11:30 to 12:30. Presentation of State and National Work, Mrs. F. M. Hall, Chairman State Committee.

The Summer Conference, Mrs. E. E. Barber, Former National Secretary.

2:30 to 3:30. Conference of Committees.

3:30 to 4:30. Address, Mrs. Lance, of Moody Bible Institute.

Music will be furnished by Wesleyan girls in the forenoon session. Miss Wilhelmina Herrold will sing for the afternoon service.

This conference promises to be both interesting and helpful. All University girls are especially invited to the 11:30 and 3:30 sessions.

INTERESTING MEETING.

Led by Men Who Have Been to the Geneva Conference.

The Y. M. C. A. meeting last night was turned into a review of what the Geneva conference had been, and what the Cascade conference will do, for the University Y. M. C. A. Men who had attended Geneva at some time were full of enthusiasm and praise of Geneva and urged all men who possibly could go to make arrangements to attend Cascade this year from June 12 to 21, inclusive.

Mr. Walters spoke for a few moments on "The Men I Met." Yoder told us about "The Fellowship of the Men." Willie Klein gave a brief description of the "Morning Watch," and what it meant to the fellow who attends, not only while at the conference, but after coming home.

Forell spoke on the "Life Work Meetings," Ayres on "Preparation for Y. M. C. A. Work," and Cherrington on "Athletics," Jorgenson coming last and, summing up the whole, urged men, not for their own sake, but for the good of the association, to go.

About ten men signified their intention of going, and it is hoped that the association can have at least twenty-five representatives out there next summer.

Students Debating Club.

At a meeting of the Students' Debating Club Saturday evening, April 11, the following question will be debated: Resolved, That the safety of the country requires that additional restrictions be placed on foreign immigration. The affirmative debaters are Messrs. Halldorson and Morgan, the negative are Messrs. Kazebeer and Paulson. A short parliamentary law practice will be given before the debate. Visitors are invited to be present.

Pies like mother tried to make. Baked fresh twice a day by an expert woman pie baker, at The Boston Lunch.

MATINEE AND EVENING

GYMNASIUM NEWS

MRS. CLAPP RESIGNS WOMEN'S PHYSICAL DIRECTORSHIP.

Gymnastic Team Leaves for Western Intercollegiate Meet at Madison—Only Two Men Go.

The University gymnastic team left yesterday afternoon for Madison, Wisconsin, where they participate tonight in the annual Western Intercollegiate Gymnastic Meet. Nebraska's hopes of winning this year are not very bright. According to Conference rules, neither graduate students nor Freshmen will be allowed to compete and consequently Kiesselbach, one of the stars of last year's team, will not enter. This darkens Nebraska's prospects considerably and not a great deal is expected in the way of a team showing. Switzler, who has been doing good work this year and who was a member of last year's team, did not go on the trip. He has an arm which was injured several years ago and the strenuous work-outs of the past few weeks put it out of commission entirely.

Most of Nebraska's points will be won by D. C. Mitchell. His work in the recent contest was very promising and he has developed wonderfully under Dr. Clapp's instruction. He has decided to try out for the individual championship at the meet. This requires work in one additional event, fancy club swinging. Most of the other contesting teams are strong in their work on the side-horse. Mitchell's work in this event is consistent, though not brilliant; on the horizontal bar and in tumbling, however, he excels and Dr. Clapp considers his chances of winning very good.

Seidelbach of Wisconsin won the individual championship last year and he is one of the Badger team again this year. Dr. Clapp himself used to hold the eastern intercollegiate championship on the flying rings, the horizontal bar and the parallel bars, and he says that the Wisconsin gymnast has several stunts which even he never tried. With such competitors as this, Mitchell has a task cut out for him if he wins the championship.

In this year's meet, contrary to precedent, only one trial will be allowed a man for any one stunt. The object in this rule is two-fold; first, to run the numbers through faster, since as many as thirty men will be entered in some events, and, second, to compel better work and make the points more difficult to secure. The scoring is based on the approach, the beauty and difficulty of exercise, the form, and the retreat. Hundredths of points are counted and the average of the scores of three judges taken.

One of the main objects in sending a team was to strengthen Nebraska's chance of getting the meet here next year. It has been held almost everywhere else except Lincoln and Nebraska will be a strong bidder for the honor next year.

Those who went on the trip were
