Entered at the postoffice at Lincoln, Nebraska, as second-class mail matter under the Act of Congress of March 3, 1879.

It begins to look like the petition of the law students didn't go very far toward removing the dean. Most of the signers are sorry that they were ever persuaded into signing the petition. Remember this next time.

The Cascade meeting, beginning immediately after graduation will undoubtedly furnish the opportunity for a goodly number of young fellows to visit the mountains and get the benefit of some strong personalities all in the same week. Why not send fifty men from Nebraska? There is something in it for a man, wherever or whatever he is in life.

that by the middle of the season we may be represented by an experienced, consistent, hardhitting team of baseball stars.

Secretary Maine of the Y. M. C. A. is instituting a Mother's day for May 2. On that day every man in the city is expected to wear a white flower for his mother. If it is possible he is expected to visit her or at least to write to her.

We ought to do something every day in the year for mother, but this one occasion should increase our devotion to her and sweeten the greatest human love. Let every University man remember the day. This will be a national institution some day for it strikes a sympathetic chord in the heart of every man, whatever he is.

Law Notes.

Judge Beghtol has returned from his duck hunt near David City. Wheeland also is back from his "home-voting" visit. The absence of both these judges caused the moot courts to be suspended last week. They will open again Saturday with their usual dignity.

J. E. Lowe's wife is seriously ill. Giffin has returned from voting his town dry.

Stutzenegger is again able to draw cartoons in class. A touch of grip, combined with a cold, nearly spoiled his attendance.

The sheriff is already busy for Saturday's courts, and the freshmen have begun to study at the state house.

A number of the Seniors were engaged at the polls in the recent city election for the interests of the Civic League.

Judge Hastings returned the examination papers in Equity I yesterday morning. A few delinquent, but as a whole he was well satisfied.

ALTERATIONS NOW GOING ON

Quite a noticeable leveling up is going on about the campus and the farm. It is reported that the regents have given directions to improve what campus we have and to fix driveways and walks that are very much in need. It would be nice to have a meeting of the regents oftener.

Now that the date for Ivy Day is announced nothing should interfere with the attendance of every member of the whole student body. This is one of the memorable occasions in this history of the school marking the beginning of a class day institution which will bring pleasure to all future Nebraska Alumni.

It seems strange that there are not more men out for baseball this year. Now that the freshmen have been thrown off the team it is almost killed. What's the matter with the game? It is second only to football in honor; it is clean and strenuous and gives a man a chance to take a good trip, something of which is a good thing for any man in college. It is hoped that some of the good material among upperclassmen will get out again and

Captain Walter Steffen and eleven University of Chicago football men donned khaki uniforms the other day and kicked a ball around Marshall field for the first spring football practice. Anderson, varsity center, reported, while Dougherty, the star freshman half, was in the line-up at left half. Rogers, the freshman captain, played at quarter. Among the other men in togs were Coombs, Donovan, Thayer, and Clarke.
