## REORGANIZE TEAM

CHANGES NECESSARY IN LINE-UP OF INFIELD.

New Men Show Up Well in Positions and Will Represent Nebraska in Good Shape on Coming Trip.

With the final acceptance of the freshman rule by the Athletic Board, several changes have been necessary in the baseball team that have not particularly brightened the prospects for a winning team this season, but nevertheless, as usual, the scarlet and cream will be in the field with a bunch that will give opponents a run for the money.

Harris, who has been playing a star game at shortstop, is a freshman, and consequently had to be retired. In his place Watson, who played first base on last year's team, has been tried out and is showing up well. He is a little slow on his feet, but fields well and handles a good whiff. At batting, too, he is fairly strong, and should fill the vacancy left by Harris in creditable style.

Sturtenegger and Greenslit, who had been alternating behind the bat, had also to be retired, and Denslow moved from first base to the backstop position, where he has been handling himself in a style that is a source of joy to the assembled fans.

Klein, who has taken his position on the initial sack, labors under the disadvantage of playing a position for the first time. He has been playing all season at second base, and the change has necessitated his forgetting the game at second, and acquiring the entirely different tactics necessary at the first stop.

Dudgeon is again covering the second station and puts up a better game than he showed last year at any time. His batting eye is much better and aside from a little clumsiness, his fielding is clean and fast.

Beltzer still remains at the third sack to the gratification of the bleachers. He plays a splendid game and has a whiff that wins of itself. He swats the ball with regularity, and should be the Cornhuskers' mainstay with the stick on the coming trip.

In the outfield, the positions are filled much the same as last season, Sleuter in left, Captain Bellamy in center, and Jennings in right.

Jennings is a new man who has superseded Freeland on account of his ability to hit the ball and beat out bunts. He is a southpaw, and this fact combined with his natural speed, enables him to get away from the plate with a quickness that usually makes his bunt a hit.

Ward, Blake, and Mather are the most likely candidates for the rubber, and any of them should keep the elusive horsehide from being swatted too freely by the wily stickers of the Eastern schools.

Taken altogether, the boys should be able to roll up a few points upon anybody's diamond.

See Sanderson this week about cadet tan shoes while stock is large.

### STUDENT ASSOCIATIONS.

Meeting of All College Y. M. C. A. at York, April 10-12.

Yesterday Mr. Joe Der Kinderen, student secretary of the Y. M. C. A., and Mr. Ben Cherrington, the president of the Association, left for York, Nebr., to be in attendance at a presidents', secretaries', committee men's, and faculty conference. This conference includes all of the college Y. M. C. A. in the state.

While there Der Kinderen and Cherrington will both appear on the program several times.

Professor Ward and Professor Barber of the University will also make several addresses.

An interesting feature of the conference is two basket-ball games, to be played between a team composed of the presidents of college associations, the other composed of the secretaries of the college associations.

### New Styles in Hats.

The Board of Regents at their last meeting, among other important matters, took up the question of widening the gates to the campus and the walk between the Library and University Hall. This action was thought to be necessary because of the great width of some of the millinery creations now appearing on the campus. It is reported that a few young ladies have had to enter by the driveway and that two of the new hats cannot pass on the present narrow walks. Hence the proposed change will no doubt be a welcome one.

### Junior Class Meeting.

There will be a meeting of the Junior class at 11:30 a. m., Tuesday, in Memorial Hall. The chief business to be transacted is the establishment of a permanent treasury for the Cornhusker, and it is desired that a large attendance be on hand.

Clements' photos are the best. Rates to students. 129 So. Eleventh.

### LAW SCHOOL CASES.

There Will Be a Busy Day in the Moot Courts Today.

A number of interesting cases will come up in the courts of the Law School today. In the District Court a property case, Stevens vs. Blenkeron, will be tried before Judge Begthol at 9 a. m. George Tunnison will act as attorney for the plaintiff and Clyde McWhinney for the defendant.

In the County Court the case of Decoy Burnett vs. Union Water Co. will be tried before Judge Bachus. This is a new suit commenced in this case. The previous case was dismissed by the Supreme Court on a technicality as to payment of costs. Lowe & Grunden are the attorneys for the plaintiff and Randall & Perry for the defendant.

Both cases are jury cases and forty-six jurors have been summoned to give the attorneys free hand to challenge.

In the Supreme Court the case of McLaughlin vs. Noll will be tried at 2 p. m. sharp before Judges Frerichs, Venrick and Hough, C. J. Calkins & Dort are the attorneys for the appellant, Grimm & Rice for the appellee.

### Engineering Smoker.

Another smoker is to be given tonight at 1216 H street by the Engineering Society for the benefit of the engineering students. The last one given, which was early in the fall, proved a great success and as the same committee has charge of this one, they intend to make it a greater success than the last. They have arranged to entertain everyone and are going to spread a fine feed. It is sincerely hoped that all engineers will turn out and become acquainted with each other.

Baked beans, baked on the premises and served hot with delicious brown bread, 10c, at The Boston Lunch.

## D. U. 22, A. T. X. 6

Standing of Teams in the Inter-Frat Series to Date.

The D. U.'s and the Alpha Theta Chi's held a swat-fest upon the campus yesterday at 1 o'clock which resulted in a victory for the former to the tune of 22-6.

The game was anybody's until the fourth inning, when the D. U.'s connected with the sphere in "Pop" Anson style and with the kindly assistance of a few errors on the part of the Alpha Theta's, ran in ten of the ones that count.

Sears and Coddington officiated for the winners, while for the Alpha Theta Chi's, Fleming served them up to Buol.

Ritchie was the star for the latter team, his two clean throws from center field to the plate were beauties and deserved better results than they received.

Sears of the D. U.'s also made some pretty plays.

### Standing of Teams.

	Pld.	W.	L.	P. C.
Phi Delta Theta...	2	2	0	1000
Alpha Tau Omega..	1	1	0	1000
Delta Upsilon .....	1	1	0	1000
Sigma Alpha Epsilon	1	1	0	1000
Alpha Theta Chi...	1	0	1	.000
Delta Tau Delta....	1	0	1	.000
Beta Theta Pi.....	1	0	1	.000
Phi Gamma Delta..	1	0	1	.000
Sigma Chi .....	1	0	1	.000

### New Books in the Library.

Bogart, E. L. Economic History of the United States.

Bradley, J. W. Illuminated Mss.

Chandler, F. W. Literature of Roguery.

Fessenden, Francis. Life and Public Services of William Pitt Fessenden.

Garrod, H. W. The Religion of All Good Men.

Hall, G. S. Youth; Its Education, Regimen, and Hygiene.

Lang, A. Modern Mythology

Le Conte, Joseph. Autobiography.

Paul, W. Physical Chemistry in the Science of Medicine.

Plumptre, E. H. Tragedies of Sophocles.

Rogers, A. K. Religious Conceptions of the World.

Rosengarten, J. S. French Colonists and Exiles in the United States.

Tyler, J. M. Growth and Education.

### Dr. Dales Entertains.

On Thursday evening Dr. Benton Dales entertained the Chemical faculty and the University Chemical Club at his home.

Dr. Dales gave a very interesting and instructive talk on "The Co-ordination Theory of Valerias," after which Mrs. Dales served a dainty and delicious luncheon.

At a late hour the meeting broke up, all declaring it to have been most enjoyable.

Yale's hammer throw record was recently broken by Carroll Cooney, of the football squad. He tossed the weight 161 feet, bettering Tom Shevlin's figures by eleven inches. The feat puts Cooney right in line for the intercollegiate championship. Cooney comes from New York.
