Historical Society News.

Mr. Blackman of the Nebraska State Historical Society will leave for Chicago, Monday. He will visit the Field Columbian Museum at Chicago, the Chicago Historical Society and the Historical Department of Iowa at Des Moines. He will spend about a week studying these institutions.

The Historical Society has been unusually busy this spring binding back files of the Nebraska newspapers. About twelve hundred volumes have been bound within the last month. These, with the three thousand volumes previously bound, will be catalogued and used for reference by the Nebraska Historical Society and the Mississippi Valley Historical Association which comprises the states of the Mississippi valley. The work of binding will go on until all the back files are bound.

Decoy Burnett has returned from a flying trip. Since he left, before vacation, he has been traveling in three states from Colorado to Iowa. But he is back.

BETAS DEFEATED.

Good Game.

In a game which aside from the first inning was close and hard fought the Delta Taus defeated the Betas yesterday by a score of 16 to 6.

The Delta Taus batted first and what with two errors, two bases on balls and three hits, they scored ten runs. Dwight Bell went into the box at this point and ended the inning by striking out two men. The remainder of the game was well played and close.

The Delta Taus out batted their opponents, getting twelve hits, five of which were for extra bases.

In fielding the Betas held their own, but their errors were usually more costly.

Ball's work in left field was good. He accepted five of six chances, some of which were difficult ones. The official joker says he is in truth a Ball player.

Murphy played a consistent game for the Betas. One of his hits was a timely two-bagger over the right field fence, scoring Beghtol.

The detailed score is as follows:

Owing to the fact that there will be no street car service to the Fair Grounds on Saturday, the athletic meet will be open to the public free of charge. At the inter-scholastic meet on May 15, however, and also at the Minnesota meet on May 29, there will be good car service.

The contests on Saturday begin at 2:30 o'clock.

Law.

Professor Hastings surprised the class in domestic relations Tuesday morning by admitting that he was not quite positive whether Blackstone was a married man or a bachelor.

After the show or party just drop into the Boston Lunch for a sandwich and a cup of coffee or an oyster stew.

CHANGE IN DATE

THE Y. M. C. A. MINSTREL TO BE GIVEN MAY 15.

Long Delayed Entertainment Soon To Take Place—Several Well-Known Characters Will Take Part.

When is a show a minstrel show? When the Y. M. C. A. presents one on May 15. This will be demonstrated according to the old tradition of minstrelsy. Not that old songs or old gags are to be used—far be it from such. Each and every song is new and each and every joke is funny and original; each and every comedian is at the service of the audience. It is the object of the management to entertain the most fastidious with a delightful production of melody, harmony and wit.

In other words, this is to be no ordinary hum-drum minstrel; it is to be absolutely unique, in a class all by itself. Possibly you have gone to other minstrel shows, perhaps you were disappointed, but that means simply that the "Uni Minstrel" to be given May 15, will prove satisfactory to just so much the greater degree. It will be wholesome, it will be entertaining and above all it will be ridiculously funny.

Nor are these empty and vain assertions lacking substantial support. The names of the two directors are quite sufficient in this regard—Plumb and Montgomery. The former has taken a leading part in Glee Club productions ever since the founding of that organization; the later is a star in the Dramatic Club and directed one of the most original class entertainments ever put on in the Omaha high school. With these two heads close together, having a common end in view, something startling should result—and will result.

Finally, it is planned to make this an annual University affair. It should be big and should receive the support of the entire school because it will add a feature to the calendar of the year's events. The first date set, it has been found necessary to change but it is now unalterably fixed for the middle of the month and will be pulled off according to schedule providing the Temple Theater still exists at that time. Tickets will be 75, 50 and 35 cents.

"Remember the place, remember the date, and do not anathematize if you're too late."

University Tennis.

Arrangements are being made for a tennis tournament for the purpose of selecting a team to represent Nebraska against Kansas and Missouri. The drawings for the tournament will be held on Tuesday, May 5, and everyone who wishes to enter should leave his name with H. D. Young, or at the Nebraskan office, before that date.

Everyone who is a member of the tennis club is eligible to enter without an entrance fee and any one else may enter upon paying Mr. Young one dollar, which secures the privilege of using the courts for the rest of this year.
