Entered at the postoffice at Lincoln, Nebraska, as second-class mail matter under the Act of Congress of March 3, 1879.

There is some talk about school that the fraternities intend to not only withdraw from this year's Athletic Board election, but to vote for the poorest men that they can find in order to discredit the change of method and the removal of some of the old clique. They will do nothing of the kind. No one would be so absurd as to think that the fraternities as a whole are such a crowd of children as to do a thing of this kind. This talk (for there is nothing to it, but talk) is being originated among a few campus gate politicians who are nagged on by the element that is suffering from being deprived of the plums. The hotter air is the more it expands, and so there is apt to be an impression that fraternity men are in such small business. The truth is that if any of the eligible fraternity candidates have the backbone to stay

there is no doubt that in the end every one will be better satisfied with himself.

Candidates for Athletic Board.

The following men have signified their intention of being in school next year and have announced themselves as candidates for student members of the Athletic Board:

- Ben M. Cherrington.
- Sidney Collins.
- Clyde E. Elliott.
- Edward F. Guidinger.
- James B. Harvey.
- M. M. Jennings.
- H. O. Perry.
- Walter W. Walsh.

I intend to be in school next year and wish to announce my candidacy as a student member of the Athletic Board. **SIDNEY T. FRUM.**

Mathematical Seminar.

The next meeting of the Mathematical Seminar will be held Saturday, May 2, at 7:30 p. m., in M. A. 301. The following is the program:

- Scales of Notations—C. J. Moury, K. W. Powell.
- Hyperbolic Functions—Miss Aileen Gant.
- Determinants—Miss Mabel Wolcott.

Unions and Palladians Attention.

Don't forget the joint party tonight at the State Farm in the assembly room of the Agricultural Hall. A fine line of entertainment is being planned and a good time is assured to all. The big contest of the evening will be to decide whether the Unions or the Palladians can have the best time. Everybody turn out and help your society. There will be no regular car chartered, but the State Farm car leaves Tenth and O streets at 8:00 p. m. and every twenty minutes thereafter. So arrange accordingly.

The baseball game scheduled for May 4, between Alpha Tau Omega and Sigma Alpha Epsilon will be played this morning at 10 o'clock at Antelope Park.

RESULTS TELL!

We claim to be the best CLEANERS and DYERS in Lincoln and are here to prove it. Our methods are the VERY LATEST and our workmen the best that money can secure.

We clean the finest dresses and robes without danger of fading or shrinking in any way. We also clean gentlemen's clothing of all kinds. Goods called for and delivered. All goods thoroughly sterilized. We do altering and repairing.

in the race the very men who are now cussing the loudest will turn around and vote for the men whom they think the best candidates. The fraternity men are not going to play sore-heads.

There is nothing God-sent about the new method of electing, but there can be no doubt of the source of the old system of political leverage. By electing all barbs this year the fraternities would accomplish nothing. They can never get a corner on things again with the sentiment among the faculty as it is in the matter and trying to discredit the movement as a barb affair would discredit no one but themselves. So far voters cannot miss it much on any of the candidates. The best thing for every one to do is to give the right a good fair trial, and

Freshmen Attention.

All Freshmen who desire caps will please see one of the following at once:

- Alden Bumstead.
- Lester Bratton.
- Chester Hatfield.

Prof. Charles L. Norton of the Massachusetts School of Technology has invented a fireproof wood. It is made from short fibre asbestos.

Phi Alpha Tau.

There will be a Phi Alpha Tau meeting Monday night in the Temple at nine o'clock. Important business will come up. Everybody is urged to attend.

See Ludwig about your clothes.

The Harvard Medical School

With the completion of the new buildings, which were dedicated September 25th, 1906, this school now has facilities and equipment for teaching and research in the various branches of medicine probably unequaled in this country. Of the five buildings, four are devoted entirely to laboratory teaching and research. Numerous hospitals afford abundant opportunities for clinical instruction in medicine and surgery.

COURSE FOR THE DEGREE OF M. D.

A four years' course, open to bachelors of arts, literature, philosophy or science, and to persons of equivalent standing, leads to the degree of M. D. The studies of the fourth year are wholly elective; they include laboratory subjects, general medicine, general surgery and the special clinical branches.

The next school year extends from October 1, 1908, to June 24, 1909. The diploma of University of Nebraska is accepted for admission. For detailed announcement and catalogue, address

HARVARD MEDICAL SCHOOL, Boston, Mass.

DRESHER, The TAILOR

143 South Twelfth Street

LINCOLN, NEBRASKA

The University of Chicago will probably adopt a course to prepare men for work in the United States consular service. This is the third college in America to offer such a course, the others being Yale and Columbia.

Six students, representing Pennsylvania, Columbia, Cornell, Princeton, Yale, and Harvard, are to meet representatives of Cambridge and Oxford in a chess tournament which will be conducted by cable.

Thomas Kalends, 18 years old, a bootblack in a barber shop at Alton, Ill., whose perfect speech attracted the attention of Dr. D. G. Ray, classical professor in Shurtleff College, has been appointed critic of the Greek class in that college. The boy is a graduate of the Athens, Greece high school, and is a student of ancient and modern Greek. The boy gives half a day each week instructing the Greek students in accent and pronunciation. In exchange he has agreed to accept instruction in the English, which he came to America to study.

Through the courtesy of the college authorities a room in the physics laboratory has been renovated and fitted with suitable furniture for the use of the Y. M. C. A. at the North Dakota Agricultural College.
