**MORE ABOUT BOOZING.**

Several men have appeared at University parties this winter intensely tanked. These functions are very well managed, the conduct of the students ordinarily being most praiseworthy, but a few such appearances as the above at least deserve mention.

The Junior program yesterday morning was excellent. Montgomery seems "favorably impressed" by the Phi Beta Kappa bunch.

Remember the date, May 15th, the "Cornhusker" comes out. "Save up your money."

The friends of Mr. F. W. Upson will be pleased to learn that he has received a fellowship in the Department of Chemistry at the University of

**The Y. M. C. A. Minstrel.**

On May 15th the students of the University will have an opportunity to attend the first minstrel show ever given by the Y. M. C. A. It may seem rather an incongruity to connect the Y. M. C. A. with any such an institution as a minstrel, but nevertheless those who attend the performance on the 15th will see that the boys of the Y. M. C. A. are not always of the "long face" type. With two of the best comedians in the city for "end men" and with a chorus of well-trained male voices, the requirements for a good show will be complete. The chorus has been training for some weeks and the jokes are of the kind that "take." The minstrel will probably be made an annual affair and should be well supported by the student body. Those having it in charge realize that it is nearing the end of the year and that there is constant demand for the students' money and for that reason have fixed the prices within reach of all. Be a Y. M. C. A. "booster."

Entries are coming in for the University tennis tournament. Play will begin in the tournament as soon as

Chicago. For the past year Mr. Upson has been a fellow in the Chemistry department here at Nebraska. He will take up his new work in the fall and all his friends wish him well. This is not only another compliment to our Nebraska students, but to our very efficient instructors.

Bates recently won the annual debate with Clark. The question discussed was the desirability of a larger navy.

"Resolved, That the Federal Government should have control of corporations doing an interstate business" was the question in the recent Syracuse-Bowdoin debate. Syracuse won.

Harvard won from Yale in their eighteenth annual debate. This was the fourteenth victory for Harvard.

the weather permits, this week if possible.

All those who wish to enter either in the singles or doubles and who have not already handed in their names should do so at once. The names can be given to Manager H. D. Young or left at the Nebraskan office.

The Tennis Club dues are one dollar per year and no entrance fee will be charged for the tournament to those who have paid their club dues. Everyone is eligible to compete and the entry list should be a large one. The winners of the tournament will probably represent Nebraska in the matches with Kansas and Missouri.
