BIG N. I. A. A. MEET

MOST SUCCESSFUL INTER-SCHOLASTIC MEET EVER HELD.

Seven New Records Made—Fairbury Wins Championship—Large Attendance.

The Nebraska Inter-scholastic Athletic Association meet which was held yesterday at the State Fair grounds was by far the most successful one of its kind ever held here. The attendance was greater, the list of entries was larger, and the number of records broken was greater than ever before.

Fairbury walked off with the championship, followed at a respectful distance by Lincoln and Hastings. This was more or less anticipated by many, since the Fairbury team recently won easily the championship of southeastern Nebraska. Collier, of Fairbury, was the "bright particular star" of the day, winning four first places (20 points) for his team and incidentally breaking three inter-scholastic records.

If the future meets are as successful as this one it will not be a great while until the University will have sufficient track material to develop a team of world-beaters. All that will be needed then will be a well-equipped athletic field upon which to train them. May the Regents hasten this day.

The following is a summary of the events:

100-yard Dash.

First Heat—Beems, L., first; Perden, P. C., second; Nearing, Y., third. Time, 10 3-5.

CORNHUSKER OUT.

Unusually Large Sale for First Day—Demand Exceeds Supply.

Yesterday morning at nine o'clock the second annual Cornhusker was placed on sale on the campus in front of the Administration Building. Tables were arranged beforehand with letters to designate where each person should apply for his copy. Long before the dray arrived with the first consignment, a large crowd had assembled and were impatiently waiting in line. After securing a book, nearly everyone found a bench or a grassy spot on the campus where they lingered till they had looked the book through. Nothing but words of praise came from the purchasers. The frequent sounds of laughter that came from the various circles of students certainly indicated that the Cornhusker was "all the stuff." It is expected that a picture of the campus at the hour of distribution of books will appear in the Cornhusker next year.

Before ten o'clock over four hundred copies were sold and Jorgensen had to telephone to the printing company to bring up two hundred more. These were also rapidly disposed of and many who had ordered were turned away. It was noticed that a large number had to pay \$2.25 because they had not ordered before the day of publication. Today two or three hundred more will be on sale at the same place and from the constantly increasing demand of yesterday, it is highly probable that the entire number will soon be sold.

The coming out of the Cornhusker is one of the great events of the college year and a day looked forward to with great expectation by the University students and friends.

Another Victory.

Washington University defeated the Cornhuskers in a slow game by the score of 8-6. Nebraska should have won, but poor base running, brought defeat. Batteries—Nebraska, Ward and Denslow, Washington, Herdaway and Rodenberg. Errors—Nebraska, 4; Washington, 2. Struck out by Ward, 4; by Rodenberg, 5. Three base hit, Beltzer, two base hits, Clark and Rodenberg.

The observatory will be open to visitors Saturday, May 16, from 8 to 10 p. m., for a view of Jupiter.

EXCELLENT DEBATE

WAHOO WINS FIRST IN HIGH SCHOOL CONTST.

Seven Schools Are Represented—Lincoln Not Allowed to Participate—Wymore Wins First place.

The exercises at Memorial Hall yesterday morning began at ten o'clock. Chancellor Andrews gave the address of welcome to the high school students and was followed by State Superintendent McBrien and Inspector A. A. Reed.

At eleven o'clock the First State Championship Debate was held between the winner of debates in each district.

The following was the program:

AFFIRMATIVE.

1. Kearney (Western District)—Miss Oldham.
2. Wahoo (East Central)—Arthur Anderson.
3. Wymore (Southeastern)—Mark Hargreaves.

NEGATIVE.

1. Albion (Northern)—Willard Mayer.
2. Sidney (Northwestern)—Guy C. Chambers.
3. Ord (West Central)—Clayton Burke.
4. Fairfield (South Central)—Leslie Lewis.

Lincoln had expected to have a representative, but he was not allowed to compete. Miss Oldham was the substitute for Mr. John Freeman in the western district.

The question was: "Resolved, That the Federal Government Should Own and Operate the Railroad Systems of the Country."

Miss Oldham argued that the railroads should be taken over by the government because (1) it was practicable, (2) would not result in increased taxes, and (3) would mean increased efficiency.

Mr. Mayer of Albion, for the negative offered government control as a remedy for the present evils. Public ownership, he said, was a step toward socialism.

Mr. Anderson showed that transportation is essentially a public function. He said that private ownership meant private gain, and government ownership, increased efficiency at less cost.

Mr. Chambers said that government ownership meant graft in the securing of positions and he pointed to the post office department as inefficient.

He believed government ownership to be financially impossible. Mr. Hargreaves on the affirmative, produced a chart showing that rates were lower in foreign countries under government ownership. He gave examples of foreign countries in which government ownership was successful.

Burke, of Ord, furnished some fun for the audience by his remarks on (Continued on page 3.)
