BLACK RACE DOOMED.

MINNEAPOLIS, Minn. May 27.—A future of utter hopelessness was pictured for the negro race by Professor Albert R. Jenks, of the chair of sociology, to his classes in Minnesota state university today.

"The negro has no future," he said. "The negro is saturated with disease and his present strength is due to the little white blood in his veins. He has no place in the economic world. He is even crowded from the cotton fields by Italians. The negro yields to every race. The American negro is doomed."

The women of Washington University are doing cross country running, and will enter track athletics this spring.

The receipts of the Harvard Athletic Association for the year 1906-7, amounted to more than \$110,000.

The freshmen at the University of Pennsylvania refused to follow the example set by the upper-classmen last week, by voting down a proposition to do away with political campaigning in class elections. They argued that the 'honor system' can wait until they know better what their classmates' game is observed as a holiday.

Wellesly enrolled four Chinese girls this year, the first sent to this country by the Chinese government.
