

The Essential Fall Coat

There is no question about the practicability of a cravenette as a fall coat. It has every good feature of a light weight top coat with the protective feature added. It is away in the lead as a popular garment and grows more so each season. Not only very fine black fabrics are being shown, but nobby colors in handsome new models are very much in demand. We have never shown so many styles nor better values than right now at

or even from Grinnell? he continued apparent indifference of the men begins to blight our hopes for a successful season. The fact that a line made up of letter men is not impregnable, has been repeatedly demonstrated this week, and it is to be hoped that some of the veterans will take a brace by Saturday and will put up the game which they are alleged to be capable of putting up. At present the scrubs are away ahead of the 'varsity in the manner in which they get into the game; they exhibit some life, vim and spirit and the quicker the regulars absorb some of it the sooner they will be able effectively to maintain Nebraska's football prestige.

Fortune favored the second year men of Coe in their tug-of-war September 18.

BRYAN'S NAME CHEERED.

(Continued from Page 1)

porch campaign, but this wasn't satisfactory and so Taft was sent to the front. Even this was not satisfactory and so Roosevelt jumped in. Lastly, Governor Hughes was sent out. Governor Hughes criticized several of Bryan's ideas, but he offered no remedies for known abuses. The reason is that Mr. Hughes is a destructive statesman and Bryan is a constructive statesman.

UNIVERSITY BULLETIN. OCTOBER.

Friday 9.—Informal dance at Fraternity hall.
Saturday 10.—Football, Nebraska vs. Grinnell, at Antelope Park.
Tuesday 13.—Convocation, Professor Guernsey Jones, "The Olympic Games."
October 20.—Convocation, Dean Chas. E. Fordyce, "The Teachers' College."

BRYAN AT UNIVERSITY

GREAT COMMONER TO ADDRESS
STUDENTS DURING CAMPAIGN.

WILL SPEAK IN MEMORIAL HALL

Bryan and Kern Club Open Permanent
Headquarters in the Temple—
Music Hall Will Be Decorated for Club.

The Bryan and Kern club of the University of Nebraska have at last definitely announced that William J. Bryan, democratic candidate for the presidency, will speak to university students next Monday afternoon. At first there was considerable doubt as to whether or not Mr. Bryan could find time during the rush of his campaign to speak to the students of the university, but the announcement settles this point.

Mr. Bryan was interviewed by a committee of the Bryan and Kern club after his return from Havelock last Monday evening, just as he was preparing to leave for Des Moines. He expressed his interest in the university and declared that he would be glad to give the committee an hour of his time. He even permitted them to choose the time and place of the meeting.

In Memorial Hall.

According to present arrangements the meeting will be held at five o'clock next Monday afternoon in Memorial Hall. It was originally planned to hold the meeting in the Temple Theatre, but this would not hold near so many people and would not be as satisfactory in any way. Many extra seats can be put into Memorial Hall so that it will hold at least a thousand people.

The proposition of holding a big open air demonstration was for a time considered, but many considerations caused the committee to reject the idea. In the first place no part of the campus is well adapted for such a meeting. Then, too, it would be much harder for Mr. Bryan, and would force all those who wished to hear him to stand in a crowd.

The final arrangements for the meeting are rapidly being made. It has already been decided that all four o'clock classes will be dismissed. Professor Howard will preside at the meeting and introduce the speaker.

New Rooms Secured.

The democrats of the university have secured Music Hall of the Temple as a permanent headquarters. It will be decorated and will be open for the use of the club at all times.

The Bryan and Kern club formally opened their headquarters last evening when Frederick Shepherd, president of the Lincoln Bryan club, and Judge A. S. Tibbets made addresses.

The cross country team of Syracuse university reported yesterday afternoon and was taken on a long run. Nearly fifty men started and from time to time others followed the course laid out by the advance team.

FIRST COLLEGE HOUR

RECEPTION FOR MEN AND WOMEN
IN MEMORIAL HALL TODAY.

WILL BE WEEKLY SOCIAL EVENT

Promoters Are Trying to Establish a
Club Where Students and Members of Faculty May Come
Together Regularly.

The first College Hour will be held this afternoon from 4:30 to 6 o'clock in the reception room of Memorial Hall. Both men and women—students and members of the faculty—are invited to attend this opening social of the year. Light refreshments will be served.

The College Hour is an innovation at Nebraska, and is being introduced by Dean Mrs. Barkley and several of the Y. W. C. A. ladies. It takes the place of the Friday teas that were given in other years, but is different from them in the one marked respect that the members of both sexes are to attend. Not only are the men invited this year, but other changes will be made. The College Hour is to be much wider in its scope than the traditional teas of days gone by. It is to be more than a place where a few men and women can go to sip up tea. The women are going to make it a place where the men will want to go—and that frequently.

Plans for Future.

As the university women are now planning, the future will see some club rooms fitted up in fine style in the Temple, where the students may collect at various times to rest and discuss topics. Here the light refreshments will be served on frequent occasions. And here also will probably be a place where those who are so inclined may enjoy a quiet smoke. If the present plans carry, many little conveniences will be placed at the disposal of the students before many months. When these things come to pass the College Hour will probably give way to the College Club.

Those who originated the plan of the College Hour have had in mind the College Club, and will make a great effort to have the movement of this latter organization taken definite shape. It has been pointed out that a College Club would have about it a traditional college atmosphere, and would be a place to which the old "grads"—both boys and girls—could wander into when they returned for a visit to the university. It would be a place that would seem like home to the returning students.

One Each Week.

For the present time the College Hour will be conducted each week at Memorial hall and all students and members of the faculty will be welcomed. With a little encouragement the College Hour is expected to grow into the College Club.

HARVARD MEN CHEAT DEATH.

Five Students and Crew Rescued in
Furious Gale.

Baltimore, Md., Oct. 7.—Five soldiers of fortune and seven sailors they took out with them to hunt for sunken gold were brought safely to port today in the Norwegian steamship Hippolyte Dumois, after being shipwrecked and buffeted by waves almost mountain high in the Atlantic ocean, about 200 miles east of Watling's island.

The fortune hunters are five Harvard men and in the old yacht Mayflower they embarked, expecting to find treasure in a sunken Spanish galleon in the Caribbean sea, but the vessel, which became a total wreck, is now tossing a derelict in the Atlantic. The modern argonauts are: G. H. Scull, Boston; R. A. Derby, New York; S. H. Noyes, Newport, R. I.; Hayden Richardson, New York, and S. S. Boylston, Baltimore.

The party of five adventurers who had long planned to make the trip sailed from New York on the old Mayflower which had been converted into an auxiliary power launch. Until last Thursday night they encountered

fair weather. Then they ran into a terrific West Indian hurricane.

All Thursday night the staunch little vessel scudding along in the wind under bare poles was tossed about like a cork by huge waves. When day broke Friday the wind was howling and the storm had greatly increased in intensity. Twice the vessel was almost completely overturned.

It was a terrifying experience for all on board. Later in the day as the vessel was pounding along in heavy seas its mainmast went by the board and the foremast broke off about twenty feet from the deck, littering it with a mass of cordage, broken spars, and adding new terrors to the situation.

In this condition the Mayflower was sighted Saturday morning by the steamer Advance of the Panama railroad line which halted and endeavored to give aid. Until Sunday morning this vessel lay to, but owing to high seas was unable to approach near enough to put out a boat or give any assistance. The Advance steamed on its way to New York.

Just as it seemed their vessel would founder, the steamship Ran, bound from Dalquiri to Baltimore, hove into sight, but like the Advance, was unable to launch a boat. She did, however, try to get a line aboard the disabled vessel. In each case the line fell short. Then the captain of the Ran signaled he would stand by.

Sunday afternoon the Hippolyte Dumois, laden with bananas from Port Antonio, Jamaica, to Baltimore, steamed up and joined the Ran. By skillful manipulation Captain Danielson brought the Hippolyte and Dumois to the windward of the Mayflower, and by a well directed shot a line was sent flying across the forward deck of the little vessel.

A lifebuoy was launched, and man after man was dragged across to safety to the steamer's deck.
