NEBRASKA WILL CLASH WITH FAST GRINNELL ELEVEN.

ADMIRATION FOR CORNHUSKERS

Think This University Has One of the Best Teams in the West Outside of Big Eight Schools.

Previous Score.	Nebraska.	Grinnell.
1900.....	33	0
1902.....	17	0
1904.....	46	0
1907.....	30	4

The spheroid will be kicked off at 3:30 o'clock this afternoon in opening what is "doped" to be a fast struggle between Nebraska and Grinnell at Antelope park. The time of halves will probably be thirty minutes.

The Grinnell warriors arrived in the city last evening and are quartered at the Lindell hotel, where they were willing to discuss the game freely. They said they were not figuring on winning from Nebraska, but hoped to make a good showing. Their success against the Cornhuskers last season, they explained, had taught them that they might be able to score on the Cornhuskers at any time and that they also might be able to prevent Nebraska's scoring in the opening. They did not believe they would win. They said they had too much respect for the ability of "King" Cole and his pupils to expect that.

They have been following closely the work of the Cornhuskers this season and think Nebraska has one of the best teams in the west. "Your team," one of them commented, "has a great deal on many of the elevens in the west. Look at that line of yours. Nearly every man in it is a veteran, and is a heavyweight. They ought to play terrific ball. In your back field you have Kroger at full and, at quarter, that speedy Cooke. Nebraska surely will tear things up this season. I look for them to defeat Minnesota."

The Nebraska cadet band will furnish music at the game.

Admission to any part of the grounds will be fifty cents. There will be no reserved seats.

A stiff signal practice was the word last night at Antelope park and for over an hour the team was kept hard at it. They are in the best of physical condition and notwithstanding their poor showing at practice this week, look to be easy winners today.

Grinnell has been sending out pessimistic reports about the injuries to their team, their lack of weight and experience, and various other tales which might delude the public and incidentally the Nebraska players into believing that the Cornhuskers will have a soft snap today in trimming the Iowa collegians. However, these dire tales have all been taken with a liberal amount of salt and no too much credence has been given them. It is an old trick of crafty coaches to circulate gloomy reports, on the eve of a game with the intention of inspiring the opposing team with overconfidence and then springing a happy surprise on them when the time for the game rolls around.

Different Now.

But for once this will have no effect on either Nebraska players or rooters. There is no reason on earth why the Cornhusker rooters should be confident of an easy victory today, although the Nebraska team on paper looks like a world beater. This is the way they stack up:

Player.	Position.	Wt.	Squad	Years on
Harvey (Capt.)	R. E.	180	3	3
Chaloupka	R. T.	185	3	2
Harte	R. G.	180	2	2
Collins	C.	180	2	2
Ewing	L. G.	190	2	2
Frum	L. T.	185	2	2
Johnson	L. E.	170	2	2
Cooke	Q.	138	3	2
Beltzer	L. H.	163	2	2
Birkner	R. H.	170	2	2
Kroger	F.	175	2	2

From these statistics it is readily seen that the Cornhusker aggregation lacks nothing in experience. There is not a man on the squad who has not played at least two years of football at Nebraska. In weight the team is as heavy as it has been any time in recent years and the weight is well distributed among the players. With the exception of Cooke, the midget quarterback, there are no very light men, and on the other hand, there is no one who weighs over two

NEW UNIVERSITY SONG

MOVEMENT BEING STARTED TO GET ORIGINAL MUSIC.

COMMITTEE HAS BEEN APPOINTED

"Scarlet and Cream" Said to Be Merely a Parody on Princeton's Famous Song the Orange and Black.

Among several students most interested in the welfare of the university, a movement is now on foot to get a new school song. It is contended by these students that the present song is not even original, but is merely a worked-over song taking for its model one of the favorites in eastern colleges.

It has been a custom in the past

that the movement may have some practical result.

In discussing the matter yesterday a student prominently connected with the movement expressed himself very decidedly as follows:

"The attempt to get a school song does not mean a parody on some tune which has been the favorite tune of Yale, Harvard or Princeton, but an absolutely new and original song. The song called the 'Scarlet and Cream' which has been sung by the students of this institution for the last few years is an exact theft in regard to tune and a parody as to wording upon the old favorite of Princeton, the 'Orange and Black.'

"Even in such imitations we cannot have the field to ourselves, for should we encounter a student of the Peru normal, of Doane college or of several other small schools in the state, we are apt to be treated to a rendition of our 'school song' slightly revised. Nebraska has too far outgrown her swaddling clothes to

TO CLOSE THE DOOR

SORORITY GIRLS BAR OUT MEN TOMORROW AFTERNOON.

IN COMPLIMENT TO MISS TAYLOR

University Sororities Want To Help Make Y. W. C. A. Bible Conferences Most Successful Ever Held in Lincoln.

With one exception the sorority houses of the university will be closed to gentlemen callers tomorrow afternoon and one week from tomorrow. This action is taken in compliment to Miss Angy Manning Taylor of Chicago, who is the guest of the local Y. W. C. A. the coming week. Miss Taylor will speak to the university girls both Sunday afternoons and for this reason the sororities will not keep open house as usual. The eleven fraternities were notified to this effect last evening.

Thus the interest taken by the sororities in the Y. W. C. A. work will be responsible for closing the doors on the fraternity men Sunday afternoon for the first time in years. It has been the custom from time immemorial for the girls to throw open the doors on Sunday afternoons to any of their gentlemen friends who desired to call. Last spring a local newspaper came out with a sensational article to the effect that the sororities would probably put a stop to the custom for various reasons. The proposed boycott was never carried further than the columns of this paper and the threatened snip at the university men did not occur. But now the girls are going to put up the bars and forego their fun in order that the work of the Y. W. C. A. may receive additional impetus from the visit of Miss Taylor. The sororities which announce they have no welcome for university men tomorrow are Kappa Alpha Theta, Chi Omega, Pi Beta Phi, Alpha Phi, Delta Delta, Delta, Alpha Chi Omega, Alpha Omicron Pi, and Delta Gamma. It is reported, however, that some frat. men have already secured individual "dates" at these houses.

Miss Angy Manning Taylor, for whom the sororities have issued the anti-man-on-Sunday proclamation will arrive in Lincoln today and will be a guest of the Pi Beta Phi sorority while in the city. Miss Manning will next week conduct a series of Bible conferences which are expected to be of immense value to the girls who attend them. She is an instructor of note and has had sufficient experience to know how to get the results.

Miss Taylor Fluent.

Miss Taylor has visited many of the universities of this country and has had an excellent success in all of them. She is a woman of pleasing personality and she is a fluent speaker. Her presentation of Biblical subjects is clear and logical.

Tonight Miss Taylor will be the guest of honor at a reception given by the university Y. W. C. A. at the home of W. J. Bryan at Fairview. It is expected that a large number of university girls will be present to formally greet the association's guest and to enjoy the entertainment which has been provided by a committee under the direction of Miss Vibbard.

Miss Taylor's first address will be on Sunday afternoon at 4 o'clock at the Temple theatre. Each day next week Miss Taylor will lead the Y. W. C. A. noonday service from 11:50 to 12:10. Beginning with Tuesday afternoon from 5 to 6 Miss Taylor will conduct a Bible study lecture conference in the Science hall at the Temple. All of these meetings are free to all women of the city; but

hundred. Every man on the team is active and shifty on his feet. With experience, weight, and training in their favor, it is hardly conceivable that the team should continue in the dumps as they have been this last week and it is to be hoped that they will take a big stride in the opposite direction this afternoon.

Has Good Points.

But the Grinnell aggregation is not without its advantages too. Their average weight is only a few pounds less than that of the Cornhuskers and

to get catchy music for athletic events by taking some popular comic-opera tune and fitting appropriate words to it. It is contended that while this may be appropriate enough for such events, it is hardly proper to have the formal school song centered in such fashion.

To get the matter before the school a committee composed of Messrs. Hills, Montgomery and Dobbs has been appointed.

Committee at Work.

This committee is now attempting to get students who have musical ability interested in the matter so

allow such a state of things to continue. We have now the eighth largest state institution and the thirteenth largest institution, public or private, in this country.

Need It Badly.

"Proud of our traditions for cleanliness and grit in sports, for keen, clear-cut thinking in debate, and for scholastic excellence, Nebraska cannot afford to be without a song of her own. The work, however, is one in which all must help, and any suggestions or material should be turned over to the committee."
