## ARRANGE FOR GAMES

STUDENTS OF UPPER CLASSES PREPARING FOR OLYMPICS.

## ALL ROUGH PLAY RULED OUT

Adoption of Rules Eliminating Slugging and Kicking From Line Rush Considered Necessary for Success of Event.

All preliminary arrangements for the "Olympics," the annual clash between the freshmen and the sophomores, have been completed and the committees in charge will soon call for the boxing and wrestling try outs. Chairman Mallory and Chairman Atkin of the sophomore and freshman committees have been busy the last week, canvassing the members of the class, in the hope that every member of the classes will take part in some event or other. Only a few have been cut training for the wrestling and boxing matches, but several others have promised to take up the work next week and both chairmen look for strong representations of their class. Considerable interest centers in the Marathon race to the home of Mr. Bryan, and each class will probably enter three representatives in the race.

### No Rough Play.

With committees from the upper classes in charge of the details, it has been announced that eligibility rules governing the games will be adopted. The committees desire it to be expressly understood that rough play shall be ruled out. If both sides abstain from rough play the final success of the games are assured. Any attempt to slug or kick in the line rush would undoubtedly result in serious injuries to some of the participants, and would undoubtedly result in a free for all fight. Such would not only spell the doom of the games but would also result in the expulsion of the leaders. Hence it is cautioned by the committees in charge that the participants play fair.

The boxing will be divided into three classes—heavy, middle and light weights. Regular boxing gloves will be used and the Marquis and Queensbury rules will govern the contests. Each match will probably consist of six rounds of two minutes each. The wrestling will be two in three, each round lasting for five minutes.

### The Line Rush.

The closing feature of the games is the line rush. The plan of the rush is as follows: Both classes line up their men on two goals, about 110 yards apart. The point of the game is for each side to get as many across the opponents' goal as possible. Thus each side will be divided into two sections, designated as the offensive and defensive. As the name signifies the offense will try and gain the opponents' goal, while the opposing defense will attempt to prevent them. Thus the two sections will meet in the center of the field and engage in a general wrestling match. The time is limited to ten minutes and at the end then the class having the most men across their opponents' goal will be awarded the rush.

Each event will count so many points, and the class winning the most points carries off the laurels. The events comprise wrestling and boxing matches, Marathon race, tug of war, and line rush. From present indications the games will be held on November 14 at Antelope park.

### Committee Meet.

Committees from both of the classes held a meeting last night in Dr. Condra's office and the question

of the eligibility of the freshman laws came up. The matter was not definitely decided. The law students are generally classified with the sophomores and this year voted at the sophomore election. The freshmen, however, claim that they should not be allowed to compete with the upper classmen. A second meeting of the committees will take place in a few days.

## FIRST ANNUAL BULLETIN OUT.

Debate Material for State Compiled by Professor Fogg.

The first annual bulletin of the Nebraska high school debating league was issued yesterday by Professor Fogg. The league was organized last January by the professor, at the suggestion of the school men of Nebraska. The state was then divided into central, east central, northern, northwestern, south central, southeastern, western and west central districts. Each of these districts, in a series of debates, selects a champion, who contests for the state championship. The purpose of the league is to promote oral discussion in Nebraska secondary schools.

The pamphlet is a very neat twenty-page book, of which Professor M. M. Fogg of the rhetoric department, is the compiler. It contains the list of schools which are members of the league, together with the names of their superintendents and principals. It contains an account of every district league debate, giving the details of each debate in the series and also a complete account of the debate for the state championship which was held in Memorial hall last May. A page cut gives the district champions of 1908.

Four pages are devoted to announcements, where the question for the league debates for the coming year is announced. The question which was selected by a vote of the members of the league is as follows: "Resolved, That disputes between capital and labor in the railroad business should be submitted by boards of arbitration with compulsory powers." A complete Bibliography of the books and periodical literature on this subject comprises the greater part of this chapter.

The legislative reference department of the state historical society will answer questions on this subject, and whenever possible, will loan material on it. The second number of the "Bulletin" of the league, containing accounts of the contests this year and announcements for 1909-1910, will be published in May after the debate for the state championship which takes place on high school fete day.

### "At Home" to Teachers.

The Palladian literary society will be "at home" to the members of the State Teachers' association, Friday afternoon from 1:00 to 5:00 o'clock, in their hall on the third floor of the Temple. Refreshments will be served and a cordial invitation is extended to all "Old Pals" and to the teachers generally to drop in during the afternoon and inspect the new quarters.

In the evening at 8:30 o'clock the Palladians will meet in regular session. A general literary program of more than ordinary interest will be presented.

These program meetings are open to the general public. The program follows:

Vocal Solo ..... Mr. Hutton  
Paper—"The Philippines".....Eva Arnold  
Reading ..... Mamie Ferris  
Piano Solo ..... Bertha Williams  
Paper—"Grafts" ..... Mr. Ballinger  
Vocal Solo ..... Miss Kunkel

The special train to Omaha for the Nebraska-Ames game will leave the Burlington depot at 8:45 o'clock Saturday. Tickets for the game are still on sale at Harry Porter's store on Eleventh street.

## THE LAST SCRIMMAGE

CORNHUSKER TEAM IS READY FOR THE AGGIES.

## EVERY PLAYER IS CONFIDENT

"King" Cole's Pupils Will Leave for Omaha Badly Crippled Up, But Fired With a Determination to Whip the Husky Indians.

The final scrimmage before the Ames game tomorrow was held yesterday afternoon at the State Farm. The practice was spirited and the weakened varsity put up a good game against the freshmen.

The freshmen played about the fastest ball that they have played this year, and they kept the varsity going every minute, frequently making substantial gains through their line and often breaking through and spilling the regular's formations.

At the beginning of the scrimmage the varsity was weakened considerably by the absence of players. Frum was not out for practice, Ewing playing at left tackle and Bowers at guard. Bentley was not out at all and it is questionable if he will be able to take any part in Saturday's game. With both Cooke and Bentley out of the game the quarterback position will fall to the care of Minor and Hascall. Minor has played considerably at quarter though not very recently and it is hoped that he will hold the position down satisfactorily if called upon to do so. "Stub" Hascall has been doing first-class work at this position all fall on the scrubs but he lacks the experience necessary to run the varsity team in so important a contest as the one with Ames.

### Harte is Hurt.

Although the varsity line-up was not intact, yet they put up a good front against the freshmen for a few minutes, after which "King" Cole pulled out several of the regulars and replaced them by substitutes who may be called upon to go into the game Saturday.

The freshmen carried the ball to begin with and on the first down Waters went through left guard for five yards. Frank added two more through right tackle and Waters made the first down on a line buck. The freshmen fumbled on the next down, but Waters recovered and made five yards through center. Lofgren failed to gain on a wide run around left end and Chauner was downed for a loss by Johnson. On an attempted fake forward pass Powers was thrown for a loss by Harte, who sprained his ankle on the play and was forced to leave the game.

The freshmen were allowed to retain the ball and on the first play attempted another forward pass, which was intercepted by Harvey. On first down for the varsity Beltzer made four yards around right end. Minor fumbled on the next play, but Beltzer made twenty yards on the third down by a fake punt. Minor made three yards on a quarterback run and on the next play Captain Harvey repeated the stunt which he pulled off at Iowa, making a touchdown from a forward pass.

The freshmen were given the ball and on a criss-cross Franck made three yards. The freshmen fumbled on the second down, but Powers recovered the ball. They fumbled again on the following play and Johnson secured the oval and ran for a touchdown.

### Line-up Changed.

At this point Sturtznegger, Temple, Slaughter, Hascall, Shonka, Rathbone and Carroll replaced Beltzer, Kroger, Birkner, Minor, Sturtzner, Johnson and Harvey, respectively, Sturmer having taken Harte's place at right guard. The varsity was given the ball and on first down allowed a forward pass

to be blocked by Waters. Slaughter made two yards through right tackle, but Stutz was downed for a loss by Chauner. The freshmen took the ball but failed to gain on a line buck. The freshmen fumbled and Rathbone fell on the ball for the varsity. On a forward pass Rathbone gained fifteen yards and Hascall added eight on a quarterback run around right end. A forward pass by the varsity hit the ground, but they were allowed to retain the ball.

Slaughter made three yards through the line and a forward pass to Hascall netted twelve yards. Hascall was tackled for a loss by Gibson and Sturtznegger met the same fate on an attempted forward pass. Chalouka failed to gain through left tackle and a forward pass was captured by Franck of the freshmen.

### Scrubs Play Well.

Gibson failed to gain through left guard, but followed with two yards through center. Gibson made a neat forward pass to Franck for a twenty-yard gain. The freshmen tried a criss-cross forward pass, but it was unsuccessful. On a fake kick Gibson was thrown for a loss by Rathbone and this ended the scrimmage.

The freshmen put up an exceptionally good exhibition and Waters, Lofgren, Gibson, Chauner and Franck were especially conspicuous in the good work.

The prospects of defeating Ames are not overly bright, notwithstanding the fact that every man on the team is filled with a grim determination to win if such a thing is possible. With Cooke, Bentley and probably Harte out of the game, and several of the others in poor condition, the outlook is dubious.

However, the team will be accompanied by hundreds of loyal supporters who will do their share toward winning the battle and on Saturday the Nebraska fighting spirit will receive a severer test than ever. Let everyone get out to the big open rally tonight and get in trim for tomorrow's great struggle.

## COLLEGE ASSOCIATION MEETS.

Dr. Bessey Represents the University in Deliberation.

At noon yesterday the annual meeting of the Nebraska Association of Colleges and Academies was held at the Lincoln hotel with Dean Bessey as the representative of the University of Nebraska. Representatives of nearly all the colleges of the state were present and questions of general interest were discussed.

A committee of five was appointed to consider the granting of an A. B. degree for a prescribed three-years' course, and also to consider how it may be arranged so that the smaller colleges for the state can do the work which is now done in so large a degree by the first few years of university work. The first few years of work is now being done in university classes which are largely over-crowded, whereas it might, with profit, be done in smaller colleges where the student can come in contact with mature men instead of instructors.

The committee plans to make a preliminary report by the end of this semester. The colleges are to report the matter back to the committee by the end of next semester and the committee will then prepare a final report to be presented to the next annual meeting.

### Officers' Hop Committee.

The committee for the officers' hop which will be given at the Lincoln hotel on December 4 has been announced. F. A. Crites is chairman of the dance and Yale Holland is master of ceremonies. The other members of the committee are F. A. Jones, J. A. Coupe, A. H. Peters, H. J. Carey, and Harry Ingles.

Pies like mother tried to make. Baked fresh every day by an expert woman pie baker at The Boston Lunch.

## VISIT STATE SCHOOLS

TEACHERS OF NEBRASKA INSPECT WORK OF UNIVERSITY.

## HUGE ENROLLMENT RECORDED

Accommodations Provided by Local Committee on Arrangements Are Taxed to the Limit to Provide for All Who Come.

Approximately 4,000 teachers overwhelmed the local arrangements committee of the Nebraska State Teachers' association yesterday and practically swamped the members of that body with requests for accommodations in the city during the forty-third annual session of the educators of the state. The enrollment was unprecedented and surpassed the expectations of all but the most sanguine of the association leaders who had ventured prophecies as to the numbers who would gather in Lincoln to gather new ideas of educational methods and cultivate a fraternal spirit in their profession.

Probably over fifty per cent of the teachers who were in the city yesterday visited the campus of the university during the day. In the morning there were several hundred who inspected the work of the state institution during one or more recitation periods. The big crush, however, came in the afternoon when the campus and the various buildings were fairly thronged with visitors. Every building received its quota of teachers who wished to inspect the work of those classes in which they were especially interested and numbers visited the administration buildings, the library, and other points of general interest. Many of the visitors are old students of the university who took the opportunity offered to visit old class rooms and to pay their respects to former instructors.

### All Were Interested.

One of the reasons which determined the teachers in holding the meeting of the association at this time instead of during the Christmas vacation as has been the custom in former years was that those in attendance might, under the new arrangement, see the state school in practical operation and might meet the instructors and professors who are in fact the educational leaders of the state in spirit and in influence. That the teachers appreciated this motive was readily evidenced by the manner in which they took every spare moment that offered itself to inspect the work of the school and talk with the various professors.

The Temple was the scene of several sectional meetings and this building was crowded with teachers throughout the afternoon. All the rooms in the building save those of the Y. M. C. A. were turned over for use by the association and even then the space was over-crowded. Today the same condition will probably obtain since other meetings are scheduled for morning and afternoon. The rural teachers and the county superintendents will hold a joint session in the theater this afternoon. The college section will meet from 2 to 5 p. m. in Science hall in the Temple building, and the teachers of literature will hold a session at the same time in the banquet hall of the building. The high school section will meet at 2 o'clock in the Temple music room.

### General Sessions.

The general sessions of the association are held in St. Paul's church at Thirteenth and M. Overflow meet-
