

# The Daily Nebraskan

Vol. VIII. No. 42.

UNIVERSITY OF NEBRASKA, LINCOLN, WEDNESDAY, NOVEMBER 18, 1908.

Price 5 Cent.

## BANQUET DATE SET

ANNUAL DINNER TO CORNHUSKER ELEVEN ON DECEMBER 2.

## SPLENDID ARRANGEMENTS MADE

Committee in Charge Plans to Have This Year's Feast the Best Yet Tendered a Nebraska Football Team.

The annual Cornhusker banquet to the Nebraska football team will be given at the Lindell hotel Wednesday evening, December 2. This is the date of the football game with the famous Carlisle Indians and was selected as the best and most appropriate time for feasting Nebraska's great football warriors. The price of tickets to the banquet will be the same as last year—one dollar. These tickets are now being sold by the committee in charge of the feed, and can be secured from various students on the campus, or at the editorial rooms of the Daily Nebraskan.

### The Best Banquet.

It has been planned by those having in charge the arrangements for the banquet to make this season's feast the best that has ever been tendered a Cornhusker football team. The menu has been made out and surpasses anything given at the previous feasts. Manager Hoover of the Lindell hotel, in accepting the contract for getting up the annual banquet, said he did not want to make any profit himself this fall and would put the entire sum paid him into food and service. This, he said, will assure the best banquet any Nebraska team has been given at his or any of the other hotels.

### Large Toast List.

A large and select toast list is being prepared. One of the prominent men on the list will be Governor George Sheldon. Besides having the best wit in the university represented on the toast list, the committee has arranged to have several "outsiders," who live in Lincoln and who have taken a keen interest in Nebraska football, deliver short talks.

The Cornhusker banquet has been an annual event for many years and is always looked forward to by the football players and their friends as one of the most pleasant occasions of the gridiron season. At these feasts many of the players come together at a function for the last time. It is the closing event of the football season, and marks the separation of the coach and players for at least several months.

### Cole To Be There.

This year the feast will have an added interest to the players, for both Coach "King" Cole and Assistant Coach Charles Borg will be present.

The committee on arrangements have limited the number of tickets for the banquet this fall and want to get them sold as soon as possible so that final plans can be made for the feast. They are urging students who intend to go to the banquets to get tickets at once that none of them will be disappointed. They wanted it plainly understood that they are not saying the tickets are limited in order to sell them. They say they have issued only a certain number and that after those are sold no more can be obtained.

"Tellurides and Tellurium in the Assay of Ores for Gold and Silver," is the subject of an address to be given by Professor Borrowman at the next meeting of the chemistry club. The meeting will be held in the lecture room of Chemistry hall tonight.

You: car fare would pay for a nice lunch at The Boston Lunch. Why go home?

## PENNANT FOR KOMENSKY CLUB.

Will Be Scarlet and Cream With University Letters.

At the meeting of the Komenksy Club Saturday evening, November 14, the program was based on the life of Rubes, a Bohemian humorist. The program, which was given in the Bohemian language throughout, is as follows:

President's installation address.  
Mr. Rubes' Biographical Sketch—Jos. Votava.

Declamation of Rubes' poem, "A Maiden's Choice"—Anna Kostohryz.  
"A Youth's Choice"—A. A. Tenoper.  
"A Hundred Years From Today"—William Provaznik.

Music, National Hymn of Bohemia—Chorus.

Poem, "A Cech"—Sylvester Sonka.  
The next meeting of the club will take place on Saturday evening at 8 o'clock in the Music hall of the Temple. The subjects for discussion will be "Mieha," the Bohemian poet; "Mucha," a Bohemian artist, and "Fibich," a Bohemian musician.

The Komenksy club has ordered pennants, which will be of the same color as the Nebraska pennants owing to the fact that the Bohemian national colors are scarlet and cream. The pennant will have a triangle in the corner together with the letters "U. N." The pennants will be made to order.

## MEETING OF ATHLETIC BOARD.

Move Started to Organize a Baseball League.

At a meeting of the university athletic board held in Dr. Clapp's office yesterday afternoon the matter of organizing a Missouri valley baseball league was favorably considered. It was the opinion of the members that some such organization should be perfected and it is probable that the plan will be taken up by the other schools in the conference.

It was decided that the Minnesota, Iowa, Ames, Kansas and Carlisle games should be the "N" games this season. Football men who, at the close of the season, have played one-half of any of these five games will be granted a football "N."

The board decided to send Manager Earl O. Eager to the western conference at Chicago next week. Clyde E. Elliott was elected to succeed Ben Cherrington, resigned, as student member of the board.

## FINE PROGRAM WILL BE GIVEN.

String Quartet With Organ Will Give New World Symphony.

Thursday morning at convocation a program will be given by the string quartet together with the organ. The program will consist of the "New World Symphony," by Dvorak. This symphony is in four movements, namely:

Adagio—Allegro molto.  
Largo.  
Scherzo.  
Finale.

This program is expected to be one of the best that will be given this year and a large attendance is expected.

As the program has been arranged it will take more than the regular time allotted to convocation, but an opportunity will be given those who have 11:30 classes to leave at the close of the third movement. All are urged to be prompt in arriving.

The game scheduled for Friday between the seniors and the sophomores for the class championship has been postponed and the contest will now probably take place on Tuesday of next week. This game will determine the class championship, since the sophs won from the juniors Monday. Should the seniors win they will have to compete with the juniors. Should the sophs win this will give them the class championship.

## TEAM ENJOYS A REST

CORNHUSKERS ARE RECOVERING FROM THEIR EXERTIONS.

## COLE WILL GO TO MINNESOTA

The Football Team Has Rested Since Last Saturday and Will Not Play Again Until Wabash Game Thanksgiving.

Now that the Kansas game is over and the result is so unfavorable to Nebraska the loyal supporters are beginning to conjecture upon what the remainder of the season holds in store for us.

According to the original schedule for this season as made out by Manager Eager the Cornhuskers were to line up against the Hastings college team next Saturday, November 21. This game, however, has been called off last week by the Hastings collegians, who preferred not to risk injuring some of their star players by putting them up against "King" Cole's machine. They figured that any advantage they might obtain from a game with the Cornhuskers in the way of added experience or knowledge of the fine points of the game would be more than offset by the danger of injuring some of their players so as to incapacitate them for their Thanksgiving day contest.

### Alumni Game Off.

When it was first learned that Hastings had asked for the cancellation of next Saturday's game considerable agitation was started for a game between the Cornhuskers and a team of Nebraska alumni stars to take its place. It would have been possible to get together a very formidable team composed of alumni, every member of which would be an ex-star.

The personnel suggested for this team was as follows: For ends, "Bill" Johnson and "Hap" Little; for tackles, ex-Captain Westover and Mason; for guards, Dean Ringer and Fred Hunter; for center, Charles Borg. The backfield suggested was Barwick for quarter, "Dog" Eager and Asst. Coach Elliott for halves, and Glenn Mason for fullback.

These men would doubtless have been willing to get out and allow the varsity to rough them up for the good of the cause if it had been demanded of them, since they have not yet lost the good old Nebraska spirit. But with such a formidable array as the all-star cast would present the advisability of sending the varsity up against them was questioned, so the deal has fallen through entirely.

### Rest for the Team.

In a way the cancellation of the Hastings game has turned out to be a fortunate affair since the Cornhuskers will now be able to enjoy a twelve day rest between the Kansas game and Thanksgiving day, when they are billed to meet the Little Giants from Wabash, Indiana.

Last Saturday's game proved beyond a doubt that what the Cornhuskers needed more than anything else was a good rest, and now they will be able to realize this before lining up against the husky Wabash collegians on Turkey day.

On Friday "King" Cole will leave for Minneapolis where he will witness the game between Minnesota and the Carlisle Indians next Saturday. The coach intends to adopt the tactics which have been employed against him so frequently this season and on Saturday he will endeavor to get a good line on the Indians' play so that he may come back and set to work at perfecting a defense for it.

There has not yet been any regular practice since the Kansas contest, but today the squad will again don their suits and begin another stretch of hard work in preparing for Wabash and Carlisle.

## SPECIAL FOOTBALL NEBRASKAN.

Will Be On Sale Thanksgiving Morning at University and Wabash Game.

Practically all the special articles for the football number of the Daily Nebraskan, which is to be issued Thanksgiving Day, have been written and the 1908 special promises to be the best gridiron number ever published at Nebraska. This year's paper will contain special articles by Walter H. Eckersall, Chancellor Andrews, Prof. Condra, Dr. Clapp, Captain Workizer, Coach "King" Cole, Asst. Coach Charles Borg, Manager Earl O. Eager, Prof. Barbour, Fred Cornell and many other writers.

In addition to the many excellent articles dealing with football there will be a large number of half tones of the players and cuts of football scenes taken during the games this season. This issue of the Daily Nebraskan will be the best illustrated edition of the paper that has ever been put out at this school.

Among the many special features of the paper will be the Daily Nebraskan's selection of an all-Missouri valley football eleven with cuts of the men composing the team. Important facts about the season and the players will also be printed.

There will be no extra copies of the issue of the Nebraskan printed, so it will be necessary to order special copies at the Nebraskan office before the paper goes to press. The price of the football edition will be fifteen cents.

## STUDENTS OF FARM ORGANIZE.

Horticultural Society, With Seventeen Members, Formed.

The students at the state farm have organized a Horticultural society. Monday evening seventeen members of the school held a meeting and organized the society, the purpose of which is to promote the study of scientific horticulture.

During the evening talks were given by the various members regarding the organization and purpose of the club. At the close of the meeting light refreshments were served.

Another meeting of the club will be held Monday evening, November 23, for the purpose of electing officers. The membership of the club will probably be enlarged at this meeting.

### Evening in French.

Monsieur C. Berard of France has consented to give an evening in French for students, to which all citizens interested in the French language are invited. Wednesday, November 18, 1908, at 8 p. m. University Temple Music Hall.

The Yale alumni of Nebraska met recently in the Omaha Club building and organized a Yale Alumni association of Nebraska. This organization will be entitled to one representative on the Yale alumni board. The smoker in the afternoon was followed by a banquet with plates for about fifty guests in the dining room of the club. Dr. Anson Phelps Stokes, secretary of the Yale university, was the guest of honor. The speakers of the evening were Dr. G. L. MacLean, president of the University of Iowa and former chancellor of Nebraska; Professor E. H. Barbour, of the University of Nebraska; President Perry, of Doane college; Mr. Guernsey, the stroke car of the class of 1881, and Dr. Stokes. The Nebraska organization elected Prof. E. H. Barbour president.

The Universities of Wisconsin and Iowa have chosen three judges for the inter-collegiate debate to be held on December 11th, from the faculty of this university. They are Professors George E. Howard, W. G. L. Taylor and Albert Watkins. Last year Iowa and Illinois chose from the Nebraska faculty Professors Howard and Ayers, and Judge Frost to act as judges at the inter-collegiate debate held at Iowa City.

## WILL BE A BIG AFFAIR

THIS YEAR'S COUNTY FAIR WILL ESTABLISH NEW RECORD.

## SORORITIES PLAN FINE STUNTS

All Sorts of Schemes to Interest the Public to Have a Place at the Y. W. C. A. Entertainment Saturday Evening.

The county fair—the place where everybody meets everybody else and all have a good time—is coming soon. The date is Saturday and the place is the university armory.

The annual stunt of the university Y. W. C. A. will this year be finer than ever according to the prophesies of those in charge of the enterprise. The girls in the association are working with a will to make the affair a success in every way and the sororities, according to custom, are lending a helping hand.

All sorts of stunts will have a place at the fair. Maud, the mule, will be there in all her glory and is guaranteed to offer some thrills entirely new to county fairs wherever held. Maud will appear on the pike, in company with many other distinguished celebrities. She will be but a part of the big bill of exciting fun.

There will be a band, a good band, so its members say. This venture is something of a plunge for the managers of the fair, but they believe that the returns will justify the expense incurred in importing the musicians for the occasion.

### The Penny Arcade.

There will be a wonderland of design, somewhat similar to the familiar penny arcade. The Old Town Well will also be a feature. It is the expectation that the sight of the old well will call up many fond memories in the hearts of the students "who come from small towns" and that it will be one of the centers of attraction.

The fortune hunters will not be left unsatisfied, for arrangements have been completed for the presence of one of the most experienced of the wise ones who look into the future. This oracle will tell the asker many things that he should know and the fair directors feel gratified at securing such an attraction.

There will be a bulletin board and a post-card booth. One very pretty place will be the ice cream booth. This counter is said to be one of the most tasty of the exhibit, and here cooling refreshments will be dispensed to all who apply.

One booth will be devoted to the students in domestic science at the state farm. These young ladies will serve hot cakes prepared by themselves as evidence of the results of the university course. They declare that they are perfectly capable cooks and that no one need fear to eat their concoctions.

### Many Sorority Stunts.

The sororities will, as usual, spare no pains to have original and striking ideas carried out in their booths. Practically all have planned something "a little better than the others," and none of them will be poor.

The Alpha Chi Omegas will present a stunt in which Ching-Loo is the central figure. Ching-Loo possesses a surprising personality. He will be aided by Sis Hopkins and the two boys, Ann-heuser and Busch.

Alpha Omicron Pi has not yet decided just what it will present. The members of the sorority say, however, that they have a few plans in mind, any one of which will help to keep things moving at the fair.

Alpha Phi will this year have charge of the candy and popcorn booth. The girls state that all their stock will be home made and there-
