ATTENDANCE FIGURES.

The value placed on the University of Nebraska as an educational institution is again attested by the number of students which this school attracts from the neighboring states. Iowa, Kansas, South Dakota, Missouri, Wyoming and Colorado had, as shown in the regents' report to the governor, 168 students at this institution. Of this number Iowa had 72 students, which is a greater number than any three other states sent here. Kansas was next to Iowa with a total of 26 students. The fact that 98 students came to Nebraska from Iowa and Kansas is the strongest testimonial to the efficiency of this state institution that any of its officers could desire.

Some of this number were brought to Nebraska as the result of exigencies, but a great majority of them were attracted here by the qualifications of Nebraska to better prepare men and women in the various lines of study than either Kansas or Iowa. The leading universities of those two states are able to do a high quality of work but as yet they are not up to the standard set by Nebraska, and will continue to let students come to the Cornhusker school as long as the latter institution keeps ahead in its educational work.

Sunday, January 10, a vesper service will be held at the First Congregational church, it being a union meeting of the city and university Young Women's Christian Associations. Harriet Taylor, executive for the foreign department of the Y. W. C. A., will address the meeting. It has been several years since the associations have had the privilege of a visit from Miss Taylor, who is one of the strongest of association workers. This service will be at 4 p. m. Mrs. Carrie B. Raymond and choir of the First

The first semester's accredited course in missions under Mrs. T. F. A. Williams has been very strong, about twenty-five being registered in this course. An increase of twice that number is expected for the second semester. This class is open to young men and young women, as is also Miss Wild's Bible class.

At Christmas time the association received a very interesting and beautiful Chinese banner from Grace Coppock, '04. Many greetings from old students, some containing membership dues, have been received in the past month both from the foreign land and home.

A very much appreciated gift of several magazines has been received from Helen Berger. They are The Missionary Review of the World, Scribners, Harpers, Ladies' Home Journal, Record of Christian Work.

work in which both Kansas and Iowa excel, but Nebraska does better work in a great number of lines than either of those schools and enjoys a reputation which all Hawkeyes and Jayhawkers envy, and which they will try hard to take away. Indeed, they are fast making plans to get ahead of Nebraska, and with the aid of their generous legislators they will soon be able to carry this out so that within a few years they will rank far above this school unless the men who rule this state become reconciled to the interests of the Cornhuskers and give them all the appropriations that are needed to keep their school in its present rank.

NOTES OF UNIVERSITY Y. W. C. A.

What Girls' Association is Accomplishing in Affairs of the School.

Noon meetings of the Y. W. C. A. will be especially interesting from now on. The schedule is:

Thursday, January 5—"The law of contagion."—I Cor. 15:33, Rom. 10:13-17. Blanche Given.

Wednesday, January 6—"Praise Ser-

Congregational church will furnish the music.

A most interesting meeting of the advisory committee of the university Y. W. C. A. was held January 1st, at 9:30 a. m. at Mrs. T. A. Williams'. The following members of the committee were present: Miss Rosa Bonton, chairman; Mrs. Avery, Mrs. Hinman, Mrs. F. F. A. Williams, Mrs. Willard, Miss Agee and Miss Vibbard. Plans for Miss Taylor's visit were discussed and a committee with Mrs. Avery as chairman was appointed to arrange for a parlor meeting to be held Tuesday at 7:45 at the home of a member of the advisory board. Plans for Bible and mission study work were discussed. The association esteems it a wonderful opportunity for the girls to be able to take up the study of Bible history under Laura H. Wild. Her class this last semester has been very strong in interest and a large increase in members is fully expected for the second semester. A study of the Bible, which makes a student an independent thinker, is thought to be much desired, and Miss Wild is able to do this in her class work. It is possible to take her work through second semester, even though the student may not have taken it the first semester.
