Throughout school days, college days, business or professional career the Conklin Pen will serve you faithfully and make writing a pleasure. You don't have to coax it or fuss with it to get it to write. Because of its wonderful feed principle, ink responds instantly at the first stroke and maintains an even, steady flow to the last dot. Another great advantage of owning a

CONKLIN'S SELF-FILLING PEN
 —you're never without ink. No matter where you may be—in your room, lecture hall, at the post office, telegraph office or hotel, or on the train—all you have to do when your Conklin Pen begins to run dry is to dip it in any ink-well, press the Crescent-Filler and your pen instantly fills itself and is ready to write. The same simple movement also cleans it. No mussy dropper—no spilling of ink—no interruption to your train of thought. Handsome catalog direct from the manufacturers, The Conklin Pen Co., 318 Manhattan Bldg., Toledo, Ohio, on request.
