 being conducted under the manage-  
 ment of the university.  
 The junior and freshman laws have  
 been combined into one class in Prop-  
 erty I and meet in the Art Gallery of  
 the Library building. This has been  
 done on account of the juniors not  
 taking this course in the second se-  
 mester of last year.  
 The department of political science  
 and sociology has recently issued a  
 pamphlet of thirty-four pages descrip-  
 tive of the courses in social anthrop-  
 ology by Professor Hutton Webster.  
 It contains lists of lectures and thesis  
 subjects, together with an extensive  
 bibliography.  
 The forest department is going to  
 take up a special line of experiments  
 on the germination of forest tree seed.

**THREE REQUIREMENTS FOR ALL STUDENTS**

You need reliable, original and complete material for written or spoken work. You also need books and magazines. And later a summer or permanent position, which you should plan for now, before all the best openings are filled. Here is the way to get all three at a minimum of effort and expense.

**We Are Dealers in Facts**

We furnish the best information obtainable on any subject in school, college or club, in business and public affairs. Our work is accurate, complete and to the point, carefully typewritten, promptly supplied, and arranged in suitable form, with outlines, bibliographies and full references.

We not only have in our own force highly-trained investigators and special-ists in various lines, but we have made a business of "knowing the men who know" and by means of this system of knowing "Who's Who for Efficiency" we can go straight to headquarters for authoritative information and expert advice.

Added to our large stock of information on hand and our means of obtaining authentic information, we have a highly efficient system of sifting, arranging and presenting our facts in form that exactly meets individual requirements—that would exactly meet your needs.

We are especially strong in political science, economics, sociology, anthropol-ogy, fine arts, literature, applied science, commercial geography, travel and exploration, international law and diplomacy, history, foreign affairs, interstate and foreign commerce, financial and industrial conditions, and public problems and live questions of the day.

The cost is less than might be expected. Our charges for new and original material are at the rate of two dollars for each thousand words furnished. Quality of work guaranteed, or money refunded. Methods, references and quotations on important investigations furnished upon request. (We have thou-sands of articles on hand which we offer, subject to prior sale, at \$1.50 per thousand words. Send for price list.)

**A Desirable Position for You**

If you are wise, you are already planning about a summer or permanent position or about an opening in the professions or independent business. To introduce our service to you, we will give you advice, information and real assistance along these lines without charge (from now up to the time you se-cure a desirable position) if you send us a five dollar order for information.—i. e., 2,500 words or over at \$2 per thousand.

In our official capacity, we come in touch with boards of trade, chambers of commerce and other local and general organizations of employers, as well as large corporations and other concerns, educational and other institutions, and municipal, state and other governmental departments. We are thus in a position to know of positions of all kinds everywhere as well as opportunities for starting out in independent business or professional lines.

No red tape, no commissions, no strings are attached to this offer. It is free and unconditional. This information we gain about positions is simply a valuable by-product of our regular information business, and we use it to attract, help and thus hold customers. We do for you all that any regular employment agency can do, with this important difference—we ask you to sign no involved contracts, pay no fees or commissions, and incur no other obliga-tions.

**Books and Magazines Free**

As a further inducement, with every five dollar order for information we will give free, in addition to the employment privilege, any book or a year of any magazine you specify; the publisher's price of which is not over one dollar. With a ten dollar order for information, we will give \$2 worth of books or magazines; with a \$15 order, \$3 worth; with a \$20 order, \$4 worth; with a \$25 order, \$5 worth; and so on. Two or more men may club together with several subjects to make such an order and divide the privileges among them.

**How to Order**

Just think up one or more subjects on which you need material. Estimate the number of words required. Enclose two dollars for each thousand words desired, give us exact directions as to what you want and when you want it, and if the order is for five dollars or over, name the books or magazines you wish and tell us about the position you would like and your qualifications for it. We will do the rest. Address at once:

**National Clearing House of Information**

and will make selection tests regard-  
 ing the different varieties. The work  
 will be published in Technical Fore-  
 stry Journals or in a special publica-  
 tion.  
 The department of geography is  
 planning to run several short and long  
 excursions this year for field work in  
 geography. The registration for  
 these courses has been very large as  
 the work affords a pleasant outing at  
 the same time that much valuable  
 work is done. Professor and Mrs.  
 Condra will accompany all trips.

The male portion of the chorus is  
 so largely re-inforced that more young  
 ladies are needed to give balance of  
 parts. Any who have good voices  
 and a sufficient knowledge of music,  
 with the desire to do the work, please  
 report to Mrs. Raymond at Temple  
 music hall on Tuesday, Wednesday or  
 Thursday from 4.30 to 6 p. m.—or  
 by telephone, Auto 2414.  
 Byron E. Yoder, '08, was yesterday  
 elected principal of the Fairmont high  
 school. Mr. Yoder is considered very  
 fortunate, as the Fairmont high school  
 is generally regarded as one of the  
 best in the state. When in school Mr.  
 Yoder was prominent in student ac-  
 tivities, being a member of the inter-  
 collegiate debating team, and held the  
 rank of captain in the battalion. Mr.  
 Yoder has been a reporter for the  
 State Journal during the past year.

The students of the University of  
 Wisconsin have been petitioning the  
 athletic council for the establishment  
 of a permanent ice skating rink.
