**KILLS PENSION BILL**  
 (Continued from Page 1)

heat was shown by various speakers on both sides of the measure.  
 "This is not a political measure," declared Clark of Richardson. "Democratic Texas, democratic Virginia, and other democratic states have seen fit to accept the pension. Are we better than they?"  
 "I say it is a political question," interrupted Kelley of Furnas, an opponent of the bill.  
 "And I say it is not," shouted Clark in reply. "I say that John Johnson, as good a democrat as there is in the United States, has signed it."  
 "I say that he is not as good a democrat as there is in the United States," Kelley protested, lustily.  
 At this point Speaker Pool, himself an opponent of the bill, called Kelley to order on the ground that Clark had the floor.  
 "But he is talking to me," declared Kelley.  
 "Let him talk. He can't convert anybody," replied the speaker.  
 Continuing in defense of the bill, Clark praised the university professor. "He declared that they lived on a plane 'where heroes have fought and saints have meditated. Shall we assist them in raising our boys and girls to the same standard?'"  
 Boets of Merrick lauded Bryan for his stand in behalf of democracy and declared that the passage of the bill would be a step in undoing his work in the people's behalf. He added that the university lobby was the worst lobby he had seen about the capitol.

Sigma Alpha Epsilon fraternity gave their annual dance at the Lincoln hotel, Friday evening. Many of the old members were in the city to be present at this event.

The regular meeting of the students' debating club which was to have been held this evening, has been postponed on account of the freshman-sophomore inter-class debate.

The members of the Kappa Kappa Gamma sorority went to Fairbury, Neb., last night to attend a week-end house party, which Miss Theo. Hansen, 1911, gave at her home in that city.

Dean Costigan's new book on American mining laws is to cost the students but an insignificant sum. The law students are watching anxiously for its appearance at the book store.

The Union Literary society met last evening in the Union hall in the Temple. An election of officers was held, which was followed by an Irish program. A very enjoyable time was reported.

The date for handing in of the orations for the college of law oratorical contest has been changed from April 1st to April 15th. This will give the contestants the advantage of the spring recess.

This lobby, he declared, got its living off the earnings of Nebraska taxpayers. Wilson challenged him to name some of these lobbyists.

"I don't want to name them" Boets answered after a moment's hesitation.

On the taking of the vote several members submitted explanations of their vote. Skeen of Nemaha sent up a unique contribution in which he said:  
 "Nearly every man picks out his vocation in life. The university professor, when he comes to the down hill trail and finds no provision made for his old age, must have the same prospect as any other man—that is, over the hill to the poorhouse."  
**Humphrey Explains.**

One of the most sensible explanations made was that of Fred B. Humphrey of Lancaster, an old university man. Mr. Humphrey in voting for the bill, said:  
 "I have no apology to offer for Andrew Carnegie or his business methods. They were the same when we accepted, with the aid of Mr. Bryan, the Lincoln city library, as they are today. The biggest blot on his career, the Homestead strike, had occurred before that time. He has made his money under the color of the law. I am in favor of taking and using the fund for the benefit of society. Therefore, I vote aye."

**THREE REQUIREMENTS FOR ALL STUDENTS**

You need reliable, original and complete material for written or spoken work. You also need books and magazines. And later a summer or permanent position, which you should plan for now, before all the best openings are filled. Here is the way to get all three at a minimum of effort and expense.

**We Are Dealers in Facts**

We furnish the best information obtainable on any subject in school, college or club, in business and public affairs. Our work is accurate, complete and to the point, carefully typewritten, promptly supplied, and arranged in suitable form, with outlines, bibliographies and full references.  
 We not only have in our own force highly-trained investigators and specialists in various lines, but we have made a business of "knowing the men who know" and by means of this system of knowing "Who's Who for Efficiency" we can go straight to headquarters for authoritative information and expert advice.  
 Added to our large stock of information on hand and our means of obtaining authentic information, we have a highly efficient system of sifting, arranging and presenting our facts in form that exactly meets individual requirements—that would exactly meet your needs.  
 We are especially strong in political science, economics, sociology, anthropology, fine arts, literature, applied science, commercial geography, travel and exploration, international law and diplomacy, history, foreign affairs, interstate and foreign commerce, financial and industrial conditions, and public problems and live questions of the day.  
 The cost is less than might be expected. Our charges for new and original material are at the rate of two dollars for each thousand words furnished. Quality of work guaranteed, or money refunded. Methods, references and quotations on important investigations furnished upon request. (We have thousands of articles on hand which we offer, subject to prior sale, at \$1.50 per thousand words. Send for price list.)

**A Desirable Position for You**

If you are wise, you are already planning about a summer or permanent position or about an opening in the professions or independent business. To introduce our service to you, we will give you advice, information and real assistance along these lines without charge (from now up to the time you secure a desirable position) if you send us a five dollar order for information, — i. e., 2,500 words or over at \$2 per thousand.  
 In our official capacity, we come in touch with boards of trade, chambers of commerce and other local and general organizations of employers, as well as municipal, state and other governmental departments. We are thus in a position to know of positions of all kinds everywhere as well as opportunities for starting out in independent business or professional lines.  
 No red tape, no commissions, no strings are attached to this offer. It is free and unconditional. This information we gain about positions is simply a valuable by-product of our regular information business, and we use it to attract, help and thus hold customers. We do for you all that any regular employment agency can do, with this important difference—We ask you to sign no involved contracts, pay no fees or commissions, and incur no other obligations.

**Books and Magazines Free**

As a further inducement, with every five dollar order for information we will give free, in addition to the employment privilege, any book or a year of any magazine you specify, the publishers' price of which is not over one dollar. With a ten dollar order for information, we will give \$2 worth of books or magazines; with a \$15 order, \$3 worth; with a \$20 order, \$4 worth; with a \$25 order, \$5 worth; and so on. Two or more men may club together with several subjects to make such an order and divide the privileges among them.

**How to Order**

Just think up one or more subjects on which you need material. Estimate the number of words required. Enclose two dollars for each thousand words desired, give us exact directions as to what you want and when you want it, and if the order is for five dollars or over, name the books or magazines you wish and tell us about the position you would like and your qualifications for it. We will do the rest. Address at once:
