**NEW KIND FOOTBALL**  
MISSOURI ATHLETIC DIRECTOR INVENTS A GAME.  
**WOULD ELIMINATE ROUGH PLAY**  
THROWING AND KICKING THE ONLY METHOD OF ADVANCE.  
Dr. Hetherington Hopes That His Combination of Football and Basketball May Be Given a Fair Trial by Colleges.

A new game of football has been invented by Dr. Clark W. Hetherington, director of athletics at the University of Missouri. It may be tried in the spring practice of the Missouri varsity football squad.

The new game is a cross between the present football and basketball games as they are played here. According to the rules there will be eleven players on a side, and the game will be played on the regular football field. But there will be no running with the ball. The only way in which the ball may be advanced are by throwing and kicking.

**No Rough Play.**

In the new game the rough play will be eliminated. No player will be allowed to carry the ball, and there will be no line bucking or line formations. A score may be made by continuous forward passing. As it would be almost impossible to dribble a football, as is done with a basketball, the play will be limited to throwing and kicking.

The game is called "combination ball," because it is a combination of the two games. "I have worked on the game at intervals in the last four or five years," said Dr. Hetherington. "When I began to think of it my aim was to devise a game that would drill the players for the regular football game; hence I called it 'drill ball' at first.

"As I worked out the details of the game I saw that it had possibilities greater than simply a practice game. The game has never been tried, but I

**UNIVERSITY OF CHICAGO LAW SCHOOL**  
Three-year course, leading to degree of Doctor of Law (J.D.), which by the Quarter system may be completed in two and one-fourth calendar years. College education required for regular admission, one year of law being counted toward college degree. Law library of 31,000 volumes.  
The Summer Quarter offers special opportunities to students, teachers, and practitioners.

a certain bunch of Greeks. And, being accorded so much honor, the bell became a thing for strife, and sometimes wandered away from its first-chosen home. Just now it is away, and in consequence the Delta Tau Deltas are looking askance at members of Phi Delta Theta.

The bell which caused so much trouble came to Lincoln several years ago. It rested peacefully for a while in the sacred interior of the Delta Tau house. But one night it wandered out under force of Phi Delta influence and then for many months it visited in that chapter house. Since that first journey, the bell has wand-

have talked with friends who are familiar with athletics, and they were favorably impressed with the plan. I am anxious to see it tried, for it is only in that way that its value can be determined."

**May Try It Out.**

Carl L. Ristine, captain of the 1909 tigers, who is in charge of the spring practice, said that the game would be tried if the men so desire.

"Of course I can't tell how the game would work out," said Captain Ristine, "but I have doubts about its being practicable. The elimination of running with the ball means that when one side has the ball the men on the opposing side will each have to guard a man. It keeps a player busy to guard another player on a basketball court, and on a football field it would be almost impossible for one man to guard another."

ered back and forth more than once. Two years ago it decided to yield to the implorings of the Tau Deltas and it has since remained with that organization.

Last Saturday night the Deltas had their annual banquet, and no one was left to guard the coveted bell. Five Phi Deltas, a rope and a ladder did the business, and the bell is now over on S street. Therefore the Delta Taus are vowing vengeance.

Frank Hawks, 1908, left the latter part of last week for Salt Lake City, Utah, where he has accepted a position.

**OH, WHERE IS THAT BELL?**  
Delta Tau Delta Loses Treasure to Rival Frat Men.  
Oh where, oh where is my little bell gone?  
Oh, where, or where can it be?  
With its clapper gone,  
And its rim all cracked,  
Oh, where, or where can it be?  
Once it was in a church belfry in a calm and peaceful Nebraska town. Then it was in the white canvas tent of a certain bunch of university cadets, whose active minds conceived of it as a frat house adornment. Then it held a place of honor among

**AT THE PLAYHOUSES.**  
**The Majestic.**  
For real fun no better place in the city can be found this week than the vaudeville program offered at the Majestic. Every number is a good laugh producer. As headliners the four Masons and Corrinnee Frances are a big success in "A Country School." The act is one which reminds the students of the Napanees in the school sketch that made such a hit at the same theatre early in January. Corrinnee Frances is pretty, and a comedienne of first rank.  
"The Dude Detective," in which Byron and Langdon get off several exceeding humorous doings, made a big hit with the first nighters.  
Ethel Gilkey, "That Chicago Girl," has some clever offerings that promise to make her one of the leading attractions before the close of the week.

"Play Ball," a big scream by Welch, Mealy and Montrose, is a real delight for all sport loving fans. If you want to be reminded that the opening of the gay old diamond days is only a few weeks off, see this act. Gardner and Revere, and the HaveLOCKS, in "Fun at a Five O'clock Tea," are two other good numbers which pleased last night.

Delta Upsilon and Phi Gamma Delta fraternities met in a practice game Saturday morning at which Delta Upsilon was victorious by a score of 4 to 3.
