BASEBALL "IT?" YES

ALL SORTS OF CLUBS SHOWING UP ON THE DIAMOND.

GIRLS TAKE A HAND IN IT, TOO

SORORITY TEAMS IN PROCESS OF LEARNING HOW.

Chemistry Club vs. Bot. Sem.—Phi Beta Kappa vs. T. N. E., and Alpha Omicron Pi vs. Alpha Chi Omega.

Spring has come. The grass is getting green. The birds are singing. And withal everybody's hands are itching to get hold of a baseball just to see how soon and in what an artistic manner those same hands can let go of the hard sphere.

It's a great game, is baseball, and pretty nearly everybody in the university seems to be finding it out. Until a comparatively recent date the fever was confined to Captain Beltzer and his bunch of ball-mad enthusiasts. But now there are no limits to the spread of the insidious disease. It's infecting students and sluffers, lit societies and laws, frat men and sorority girls.

Lits in the Game. The two literary societies started the ball of competition rolling with a basketball game. That started the spirit of rivalry and the fire has been fanned along until now the lits are eagerly challenging each other to contest for honors on the diamond. The game is not yet scheduled, but it is said to be on the list for the near future.

The forestry club, which early leaped into fame this year by giving a dance, has now organized a capable nine and has asked the chemistry club for a game. The chemistry men expect to use their faculty members in the line-up and at present the game is being delayed by the inability of Dr. Dales to get out for practice. The forestry men expect to stick to their student members, but they expect to have Professor Phillips and Dr. Bessey on the side-lines.

Bot Sem is considering the matter of putting a team in the field and in case the vote is favorable the organization will undoubtedly challenge the winners of the chemistry-forestry contest.

Phi Beta Kappa and Theta Nu Epsilon are scheduled for a game April 32. Both organizations will appear in full masks and without pins, the P. B. K.'s having consented to this out of courtesy for the bashfulness of the T. N. E. men. It is rumored that some men will have to play on both teams because of dual affiliations. But a committee is to be appointed to consider these cases and seek some way around the difficulty.

Sororities Like It. The girls are not at all backward in the game—not by any means. Phi Beta Phi has had a good bunch out for practice at Thirteenth and R ever since the weather allowed. Delta Delta Delta has been hard at work at the Vine street park and have some promising material. Alpha Chi Omega has organized with a full nine and has challenged Alpha Omicron Pi to a contest to be played off shortly. Both teams in this pair are practicing night and day and a training table has been established.

INSPECTING MEDICAL SCHOOLS.

New York City Professor Pays a Visit to Nebraska. Professor A. Flexner of New York, was a campus' visitor yesterday. He was occupied in inspecting the medical college, acting on behalf of the American Medical association. This inspection is a regular occurrence and is made in all the colleges of the country. Professor Flexner will leave today for other points on his schedule.

J. E. Shelton, Stanford, '10, won the recent intercollegiate debate and won the seventh Carnot medal to go to his school. There were six in the debate, three from Stanford and three from California.

RECEIVES RELICS OF LINCOLN.

Fraternity at Illinois Gets Valuable Gifts. Alpha Epsilon chapter of Zeta Psi fraternity, which has just been installed at Illinois, was yesterday the recipient of a large and very valuable collection of Lincolniana. The articles are the gift of Mr. Henry T. Thomas, of New York, a former resident of Illinois and a graduate of the old University of Chicago.

The most valuable of the articles is the replica of the lifemask of Lincoln made by the famous sculptor L. W. Volk in Chicago in 1860. With it also is a cast of President Lincoln's right and left hands, by Volk. The value of the mask is shown by the fact that there are only three originals of it in existence. One of them is in the Smithsonian Institute; another belongs to General Robert T. Lincoln; and the third now becomes the property of the Illinois chapter. At present it is to be held in trust by Xi chapter of Zeta Psi, but is ultimately to go to the home of the new Alpha Epsilon chapter, where it is thought properly to belong, being the most authentic reminder in existence of the greatest son of Illinois.

The other articles are a life-size photograph of Lincoln from an original negative made in Chicago in 1860, an unabridged edition of Nickolay and Hay's "Life of Lincoln," Miss Tarbell's "Life of Lincoln," Frederick Trevor Hill's "Lincoln the Lawyer," "Lincoln, Master of Men," by Alonzo Rothchild, "Abraham Lincoln," by Carl Shurz and Truman H. Bartlett.

These objects will be placed in one of the rooms of the chapter house to be dedicated and known always as the Lincoln room, where there will be special observance on each recurring anniversary of the great Emancipator's birth.

The University of North Carolina has selected Brides, of Yale, as their coach next year.

Season baseball tickets are on sale at Missouri for \$2.50. The games separately would cost \$3.85.

Michigan's baseball team has begun active work and is doing well for the beginning of the season.

A locker room attendant has been appointed and a check room installed in the gymnasium at Minnesota in the hope of stopping thieving in the building.

The University of Missouri is reported to have an athlete who is six feet eleven inches in height, but who could not make a place on the football team.

The Freshman Oratorical contest at Iowa is to be held March 10 this year. The men are being urged to get their orations to the committee as soon as possible.

A pet collie belonging to one of the professors at Indiana recently died of the rabies and two of the faculty who fear that they may have been infected, are to take the Pasteur treatment.

Coach Ray has been re-engaged by the athletic committee to coach the Harvard crew for the next five years. He has held the position since 1904, turning out two winning crews out of four.
