

The Daily Nebraskan

Vol. VIII. No. 135.

UNIVERSITY OF NEBRASKA, LINCOLN, FRIDAY, APRIL 30, 1909.

Price 5 Cent.

ACTION ON T. N. E.

UNIVERSITY SENATE WOULD STOP GLARING EVILS.

INCLUDES OTHER FRATERNITIES

SECRET AND POLITICAL ORGANIZATIONS AFFECTED.

Pan-Hellenic Dance To Be Under Control of Inter-Fraternity Council
Booze Banquets Prohibited.

The university senate yesterday afternoon unanimously passed resolutions calculated to remove the pernicious influence of all organizations whose membership is secret, or which exists primarily for the purpose of controlling student activities, or which hold banquets or other gatherings at which alcoholic liquors are served. The legislation is the result of an inquiry conducted for the past several weeks into the influence and customs of Theta Nu Epsilon. This fraternity and other class organizations are affected by the new rules. None of the legislation is retroactive.

The resolutions of the senate were recommended for adoption in a lengthy report by the special committee appointed to investigate Theta Nu Epsilon and other organizations of students which were alleged to have evil influence. This committee, consisting of Professor Howard, chairman; Chancellor Avery, Dean Richards, Professor Barbour and Professor Emerson, reviewed the conditions existing within the student body with reference to Theta Nu Epsilon, and concluded its report with the following recommendation:

Resolutions Adopted.

"Therefore, in view of the whole situation, the committee propose that the senate recommend to the board of regents the enactment of the following legislation:

"Section 1. No student of the university shall retain membership in any society, fraternity, or organization in the university whose membership is secret, concealed, or not made public in the usual way.

"Section 2. Hereafter the general supervision and control of the Pan-Hellenic dance and of all similar inter-fraternity social functions or events is vested in the inter-fraternity council.

"Section 3. No student shall be a member of any secret order or fraternity or other secret organizations which exists primarily for the purpose of controlling student affairs, or which holds, or maintains, banquets or other gatherings at which alcoholic liquors are served.

"Section 4. Any student convicted of violating the provisions of Sections 1 and 3, or either of them, shall be suspended or expelled from the university. Any conduct on the part of the members of the teaching or official bodies of the university clearly tending to support or encourage students in the violation of these sections shall be deemed an impropriety."

Includes Some Others.

As the resolutions read they include other organizations than Theta Nu Epsilon. Iron Sphinx, a sophomore organization, will fall under the provisions of Section 1 and possibly of Section 3.

The Vikings and Spikes will also be affected in part by these sections. Theta Nu Epsilon is not abolished by the action of the faculty, nor is any retroactive legislation taken. The acts alleged to have been committed

by members of the organization during the past several months are referred to at length in the report of the committee, but they are used only as a basis for the resolutions which are to govern all such societies in the future. It is believed, however, that the provisions of the resolutions will practically destroy the chance of the derelict fraternity to do harm either by activity in student affairs or by injuring the reputation of the school. Members of the committee and others interested declare that the university administration is thoroughly capable through the means at its command of enforcing the provisions of the resolutions. They state that the fraternities concerned must obey the legislation or suffer serious consequences.

Of Reformatory Nature.

Chairman Howard, in speaking of the resolutions, last evening said: "Section 1 of the legislation introduced is intended to be reformatory rather than commanding the dissolution of Theta Nu Epsilon and others of similar kind. But it is the purpose of the resolution to forbid all membership in such organizations unless they conform entirely to the resolutions."

"Section 2 has the approval of prominent representative members of the alumni organization of Theta Nu Epsilon, who promise to do their best to aid in its execution."

"As to section 3, the same members promise, so far as the admission of undergraduates to their meetings is concerned, to aid in the enforcement of this provision."

CANDIDATES FOR ATHLETIC BOARD.

I, Louis H. Harte, intending to be in the university next year, do hereby announce myself as a candidate for student membership in the Nebraska athletic board, subject to election on May 10.

LOUIS H. HARTE.

I, William Chaloupka, intending to be at school next year, do hereby announce myself as a candidate for student membership in the Nebraska athletic board.

WILLIAM CHALOUPKA.

I, Ohren A. Beltzer, intending to be in the university next year, do hereby announce my candidacy for membership in the Nebraska athletic board.

OHREN A. BELTZER.

I, Robert M. Carroll, intending to be in the university next year, do hereby announce myself as a candidate for membership in the Nebraska athletic board, subject to election on May 10.

ROBERT M. CARROLL.

I, H. O. Perry, intending to be in school next year, do hereby announce myself as a candidate for student member of the Nebraska athletic board, subject to the election on May 10th, 1909.

H. O. PERRY.

I, Frank W. Johnson, intending to be in the university next year, do hereby announce my candidacy for membership in the Nebraska athletic board.

FRANK W. JOHNSON.

I, Grover C. Long, intending to be in the university next year, do hereby announce my candidacy for membership in the Nebraska athletic board.

GROVER C. LONG.

I, Hugo Birkner, intending to be in the university next year, do hereby announce my candidacy for membership in the Nebraska athletic board.

HUGO BIRKNER.

Dr. Condra is to lecture at Clay Center Saturday at a meeting of the Clay county teachers. His subject is "The Conservation of State and National Resources."

TRYOUTS TOMORROW

PRELIMINARY MEET OF TRACK MEN AT FAIR GROUNDS

GOOD LIST OF MEN FOR EVENTS

Injury to Perry May Keep Him Out of Broad Jump and Sprints.

More Student Candidates Come Forth.

The annual preliminary track meet of the Nebraska cinder path athletes will be held at the state fair grounds at 2:15 tomorrow afternoon. An admission fee of twenty-five cents will be charged. Student tickets will admit holders. Cars on the "White Line" go direct to the viaduct, a few feet east of the main entrance.

A likely bunch of men will take part in these games tomorrow and the chances are that one or two cornhusker records will be broken. Curt Collins and Sidney, his brother, will be the chief competitors in the shot put and hammer throw. The contest between these brothers, who are both strong weight men, is likely to increase the distance in either the shot or hammer.

In the 100-yard dash Wildman will be closely followed by Swanson, the freshman who won the 25-yard dash on Charter day. The incentive of strong competition may cause Wildman to lower the local century mark. Other men entered in this event will be Powers, a freshman; Campbell and Wates. This bunch, with the addition, possibly, of McDonald, Burke and Reed will compose the starters in the 220-yard sprint.

Entries for Quarter Mile.

In the quarter mile run Reed and Burke are likely to be the leaders with George and Amberson also entered. George, Reed and Amberson will also go the half mile run. For the mile run there will be George, Amberson, Melick and possibly one or two other athletes. In this event the cornhuskers are not considered very strong and the time is not expected to be fast.

Captain McDonald will lead the runners in stepping over the hurdles. He is in a class by himself among the local athletes in both the high and low sticks and should take them in rapid time. Russell has been doing good work in these events and will be entered Saturday. Other men in both the high and low hurdles will be Landers and McDavitt. The latter runner was out for the sticks last season and made a good showing.

Hamel, Hummel, Graham and Petrashek will take care of the high jump. Hammel won the event on charter day but will be closely pushed by Graham tomorrow.

Three in Pole Vault.

Russell, Graham and Hammond will be the trio for the pole vault. Graham should win with ease. Russell should be second, if he is in good form.

The broad jumpers will be Perry, if his injuries do not prevent his competing, Reed and Graham.

Minnesota and Iowa.

Saturday afternoon the first dual meet of the year at Iowa City will be held here between the Iowa and Minnesota track teams. Last year the annual event was held at Minneapolis, Iowa winning by 13 to 1. It is not expected that the Hawkeyes will repeat the phenomenal feat next Saturday, but all "doopsters" are confident of a victory for Iowa. These two schools have held annual dual meets for a number of years and honors have been about equally divided.

Minnesota held her home meet last

Saturday and made some exceptionally good records. However, in the average, Iowa's records were superior, advancing Old Gold stock in the coming event. Minnesota's weight man heaved the shot for a distance of 41 feet. Hull, the Minnesota half miler, covered the distance in 2:05 3-5, but either Smith or Lathan of Iowa are capable of nearly as good time.

Iowa for the Jumps.

Iowa will probably win the jumps with Engstrom, Griffin, Hoerlein and Kohl caring for these events. According to dope all the other events are practically a toss up.

The race among the students for membership in the athletic board received an impetus through the publication in this paper yesterday of the announcements of four candidates who declared their intention of making the fight for seats, and several other men decided to get into the field. The indications are that the lists will be large. The men who came out for election yesterday were H. O. Perry, Frank W. Johnson and Grover C. Long.

Entries for Tomorrow.

100-Yard Dash—Burke, Wildman, Perry, Munson, Campbell, McDonald, Swanson, Alexander, Yates.

Pole Vault—Graham, Russel, Hummel, Hammond.

Shot Put—Chaloupka, Pearse, Chain, Freitag, Temple, S. M. Collins, C. C. Collins.

80-Yard Run—Bratway, McGowan, Amberson, George, Reed.

Running High Jump—Hummel, Russel, Hiltner, Graham, Hamel.

120-Yard Hurdles—Flack, McDavitt, Russel, Hiltner, Landers, McDonald.

16-Pound Hammer Throw—Freitag, Pearse, Chaloupka, S. M. Collins, Chain.

220-Yard Dash—Yates, Wildman, Campbell, McDonald, Swanson, Alexander, Burke, Munson.

Running Broad Jump—Reed, Graham, Hummel, Munson, Perry, Russel, Hiltner.

One Mile Run—Anderson, George, McGowan, Asbury, White, Milek, Dinsmore, Amberson, Bratway, Tallon, Lewis, Stancliff.

Discus Throw—S. M. Collins, Pearse, Chaloupka, C. C. Collins, Temple, Chain.

440-Yard Run—Hiltner, Burke, George, Reed, McGowan.

220-Yard Hurdles—McDavitt, Flack, Landers, Russel, Hiltner.

Two Mile Run—Gable, Stancliff, Tallon, Trump, Lewis, Bauman, Dinsmore, Milek, Anderson, Asbury.

COMMITTEES ARE ANNOUNCED

Collection of Ivy Day Assessment to Begin at Once.

The committees are now appointed for the collection of the Ivy Day assessment. This assessment of 25 cents is levied to furnish funds for the day's entertainment and on paying it each student will receive a ticket entitling him to lunch at 6 o'clock at the State Farm. If any student is unable to see the committee men, tickets may be procured from the managing editors of the Cornhusker.

The chairmen of the various committees are: Ivan Baker, senior class; William Byerts, junior class; Sadilek, sophomore class, and J. Taylor, freshman class.

The members of the freshman committee are: L. Cotteman, Doris Wood, Olive Hammond, D. Lacy, Ford, E. Clark, MacGowan, R. Curtis, C. Clark, J. Sellisk, Mildred Bevis, Leonard, N. Stihnhart, Barnes, C. Krug, and R. Reddish.

On the sophomore committee are: Misses Branch, Devalon, Roberts, Munger, Barnes, and Messrs. Barker, Bratton, Cottrell, Kokjer, Frederick, Osterhout, Paul Morgan, Cain, Russel, Drake, Blanchard, Sturmer, Amberson and Oberfelder.

TO GIVE A FOUNTAIN

GIFT TO BE PRESENTED BY THE SENIOR CLASS.

AN ORNAMENT TO THE CAMPUS

WORKMEN STARTED YESTERDAY ON PREPARATIONS.

Will Be First Gift Ever Donated by a Class to the University—To Be Made of Rough Stone.

As a permanent remembrance of the class of 1909 the seniors will present as their gift to the university a stone drinking fountain to be placed on the campus in front of the Library building. The plans of the class became known yesterday afternoon when a force of men commenced the preliminary operations of building the fountain.

In spite of the custom which has been followed in past years of keeping its gift a secret until it was formally presented to the university it has been decided that it will be impossible to follow the custom this year on account of the nature of the gift. The plans of the class have therefore been announced in advance for the first time and the details of the gift have been made public.

To Be Handsome Affair.

The fountain has been designed so as to be an important addition to the appearance of the campus. It will be built up of rough stone to a height of three and a half feet with a dish at the top to catch the water as it falls. There will be four drinking cups and the new idea will be followed of having the water bubble up so that no separate cups are necessary.

The fountain will be located directly north of the sundial which was presented to the university by the class of 1907. It will be placed at the same distance north of the walk that the sun dial is south of it. A cement platform four feet wide will be built around the fountain when it is completed. On one of the stones near the top of the fountain will be carved the words, "Class of 1909."

Connection is now being made with the city water pipes and it is hoped that the fountain can be in working order by the time that it is formally presented. Water will be kept running all the time except during the winter months when the weather is too cold to make this possible. The fountain is of a kind that is absolutely sanitary, as the lips in drinking do not touch any metal, and the continual running of the water keeps it pure and fresh.

Most Expensive Gift.

When completed this will be the most expensive gift by far of any that has ever been presented to the school by a senior class. The exact cost of the fountain has not been made public by the committee in charge, but it is understood that it will total over \$150 when completed. This cost is being met in part by an assessment on the class and in part by the money that the class will receive from the senior play.

The gift to the university by the graduating class of last year was a statue of Demosthenes, which was placed in the lower hall of the Temple. Its unveiling was one of the features of Ivy Day and quite an extended speech of acceptance was made by Dean Bessey. The gift of the class of 1907 was the stone sun dial, which now stands on the campus.

The purpose of the class of 1909 in selecting a drinking fountain was to get something that would make a decided improvement in the appearance of the campus while at the same time it would serve some use. In the design of the fountain its final appearance has been kept constantly in mind and it is declared that when completed it will be a handsome affair.

Baked beans, baked on the premises and served hot with delicious brown bread, 10c, at The Boston Lunch.
