UNIVERSITY OF NEBRASKA, LINCOLN, TUESDAY, SEPTEMBER 28, 1909.

Price 5 Cents.

## CITY Y. M. C. A. ASKS FOR STUDENTS' AID

CAMPAIGN FOR \$100,000 ENDS ON WEDNESDAY NIGHT.

### NEW BUILDING HELP TO UNIVERSITY

Members of Faculty and Prominent Students Interested Actively in Movement for Association Home.

The Lincoln city Y. M. C. A. is on the home stretch of a "short term" campaign to raise \$100,000 in ten days to erect a modern building for the 1,240 young men and boys whom it now counts in its membership.

The canvass, which started September 17 with a dinner at the Commercial Club, tendered by W. A. Selleck, one of the prominent business men of this city, to those who had volunteered to raise the money, has been successful thus far, but it is going to be a big task to secure the balance by Wednesday night, when the undertaking ceases. There will be no extension of time. After the meeting held on Monday of this week the grand total was \$75,006, leaving \$24,994 to be obtained in the remaining two days.

#### Students Interested.

The length of time that the students of the University of Nebraska who reside in Lincoln ought to be sufficient reason why they should support a movement of this character, apart from the commendable work that it is doing for both students and young men in business or the professions. Many of the students take full advantage of the opportunities offered by the Lincoln Y. M. C. A. and some of them have subscribed already. The student body of the university ought to have a share in the enterprise.

During a similar campaign at Nashville, Tenn., last spring there was a Vanderbilt committee that did splendid work among the students at the college bearing that name, raising considerable more than \$2,000. A number of the professors contributed liberally and at least one of them was an active worker throughout the canvass. The same can be said of Yale when a campaign for \$180,000 was conducted at New Haven last April. The university authorities took such interest in the work of the Y. M. C. A. at New Haven that Anson Phelps Stokes, Jr., secretary of the Yale association, was the chairman of the campaign executive committee, which had charge of the entire undertaking. International Secretary C. S. Ward, who has been directing these "short term" campaigns all over the North American continent, states that "the work of the college associations and that of the city associations are so mutually interdependent that the prosperity of one affects greatly the prosperity of the other." Therefore, co-operation between the two is always to be expected.

#### Campaign Headquarters.

Subscriptions are being received at the headquarters, 139 South 11th street. Information regarding the movement can be had there or at the Y. M. C. A. building, 13th and P streets. The committees engaged in this big undertaking need all of the support they can get to make the last meeting Wednesday night a successful closing of the canvass and assistance from the students of the university will be welcomed.

There are five members of the faculty who are actively engaged in canvassing for subscriptions, as members of the campaign committees: E. M. Rutledge, E. H. Clark, and Professors C. M. Heck, W. G. Hiltner and J. E. (Continued on page 4.)

WHAT SHALL IT PROFIT A COMMUNITY IF IT GAIN THE WHOLE WORLD AND LOSE ITS OWN BOYS

You Can Help--Do It Now

## LEARN DAKOTA YELLS ASK ROOTING LEADERS

ACT OF COURTESY TO BE SHOWN VISITING TEAMS.

### HAVE NEW NEBRASKA YELLS SOON

Rooting Leaders J. S. Elliott and H. O. Perry Will Shortly Announce New Cornhusker Stunts.

New stunts are being planned by the Cornhusker rooting leaders which will put life and ginger into the bleachers during the coming season. New yells for Nebraska, unique specialty stunts, and the very latest in rooting novelties on the boards.

J. S. Elliott and H. O. Perry, the two members of the Innocents society elected last spring to lead the Cornhusker rooting this year, have been busy for several weeks getting together material for the new stunts. These seniors have written to other schools over the west for accounts of their yells and specialties and they expect to show Nebraska students a thing or two.

#### For Dakota Game.

For the Dakota game nothing big is planned. There will be no rally before the game and it is not likely that the new stunts will be used next Saturday. They will be saved for the more important games later in the season. The one thing that the rooting leaders do want the Nebraska students to do is to learn the official South Dakota yell in order that it may be given as an act of courtesy to the visiting team. It is planned to give the yell of the visiting team at each game as the team comes upon the field. No matter how bitter rivals the visitors may be, the rooting leaders believe that they should be treated right.

The official yell of South Dakota follows. Memorize it for the game next Saturday:

Da--ko--ta! Da--ko--ta!  
U--nl--vee of Da--ko--ta!  
(Tiger.)

Your car fare would pay for a nice lunch at The Boston Lunch. Why go home?

Miss Esther Hunter, ex-1910, Delta Delta Delta, re-enters school this fall after a semester's absence. Miss Hunter spent the early spring in Mississippi with the family of former Governor Sheldon.

## MERRY FIGHT AMONG CLASS POLITICIANS

ASPIRANTS FOR HONORS BEGIN TO LINE UP SUPPORTERS.

### CAMPBELL AND HOFFMAN BOTH OUT

Three-Cornered Race Possible in the Junior Class—Only One Man Is Announced for Freshman Presidency.

Politicians were busy as the proverbial bee about the campus yesterday. In fact, school had not begun until candidates were out for the presidencies of three classes, the senior, junior, and freshmen.

Two aspirants for the leadership of the upper-classes are Fred W. Hoffman and R. E. Campbell, while A. M. Oberfelder in the junior class and Coe Buchanan in the freshman class have had the field to themselves.

Fred W. Hoffman, who first announced his candidacy for the senior class, is a member of the Acacia fraternity. He has taken an active interest in the political affairs of his class during his three years at college. His first appearance in active politics was made in his freshman year, when he nominated George Wallace for president. In his second year he was treasurer of his class and last year he nominated Paul Yates for the presidency of the junior class.

#### Make Platforms.

Hoffman claims to stand for a square deal. He is most interested, he says, in affiliating the colleges; in removing whatever remains of the antagonistic feeling which at times has existed between the various colleges. He claims to be anxious to see that one college is not more favored than another. Hoffman will graduate from the college of technical agriculture and has a number of enthusiastic friends behind him.

R. E. Campbell of Omaha, the other candidate, is backed by an equally enthusiastic number of men who are out hustling support. Campbell is a member of the Alpha Tau Omega fraternity, the Innocents, and the Iron Sphinx. He is a senior in the engineering college, and while he has held no office in his class, yet he has always taken a keen interest in its political affairs.

Both candidates are putting forth strenuous efforts to line up the voters (Continued on page 2.)

## YESTERDAY'S FIGURES SMALL, TOTAL DROPS

ONLY 41 STUDENTS ENROLL MONDAY; 135 A YEAR AGO.

### TOTAL ENROLLMENT OF WEEK, 1945

First Day of Registration for Post-graduates Brings Figures for Semester Up to Nearly 2,000.

Registration Figures.	
Tuesday	1909 1908
Wednesday	392 165
Thursday	500 326
Friday	397 372
Saturday	348 436
Monday	267 350
	41 135
Total	1945 1784

With a registration of only 41 yesterday as against 135 for the corresponding day last year, the excess of this year's registration figures over that of last year became less marked. To date there have been 161 more students enrolled for this semester than for the first semester of 1908-1909.

Four more than 1,900 students enrolled before the close of the regular registration week last Saturday night. This was a total of 255 more than the number registering a year ago and was fully 50 greater increase than had been expected by the registrar's office. Employees of Registrar Harrison had expected that the first week's registration would total about 200 more than the figures showed for last year. Their anticipations were run over by 55.

#### Light Yesterday.

Yesterday was exceptionally light, however, and the totals last night differed by only 160. The reason for the comparative lightness of Monday's enrollment probably lay in the early registration of the undergraduates. This week is specially reserved for the graduate students and for teachers of the Lincoln city schools. Undergraduates are supposed to have registered last week or to be liable to a \$3 fine. Last year there were a goodly number who delayed registration and paid the fine, or at least fell liable to it. The efforts of the registrar's office this year caused an unusually early registration and consequently the first week's total rose at the expense of the second week figures.

The enrollment of graduates yesterday was not so heavy as in former years, and this aided in bringing the totals down.

Registration of the post-grads and for the teachers continues all this week. Probably a hundred more will enroll by Saturday night.

## GENERAL PERSHING IN CITY.

Organizer of Pershing Rifles Visits His Sisters While on Leave of Absence.

General John J. Pershing, former commandant of the university cadet battalion and organizer of the crack drill company known as the Pershing Rifles, is visiting in the city as the guest of his sisters, Mrs. D. B. Butler and Miss May Pershing.

General Pershing is on a six months' leave of absence from his duties in the Philippines. His health in the Far East has not recently been of the best, and his leave was granted that the visit home might bring about an improvement.

General Pershing is now military governor of Mindanao, P. I. He is remembered by many as one of the capturers of Aguinaldo. He will sail for Manila October 1, accompanied by his wife.

## FIRST SCRIMMAGE OF SEASON AT STATE FARM

COLE PUTS MEN THROUGH FIVE MINUTES OF LIGHT PLAY.

### MEN BEGINNING TO LINE UP WELL

Warm Contests on for Several of Line and Backfield Positions—South Dakota Game Will Show Weak Points.

After a day's rest over Sunday, the football squad, under Coaches Cole and Harvey, resumed their practice at the State Farm grounds last evening, in preparation for the South Dakota game next Saturday.

Over fifty candidates were out and five squads were organized and put thru the stiffest practice of the season. The early part of the practice was spent in punting, running down on punts, kicking off, and light signal practice. At the end of signal practice, Coach Cole put the men thru about five minutes of hard scrimmage work. This was the first scrimmage of the year and most of the men seemed to enjoy it. Tomorrow the time will be increased and the scrimmage harder.

#### Good Work Done.

The work of the different squads last evening was very gratifying to the coaches. The older men are rapidly rounding into form, and several others who were a little late in getting out are expected to be in good shape for the first game next Saturday. The players show a willingness and determination that insures a strong fighting team, which looks well for the success of the 1909 Cornhusker eleven.

Every day sees some new addition to the squad, and from present indications Coach Cole is going to have one of the huskiest lines that ever wore the scarlet and cream. For the center position, in the event that "Sid" Collins does not get back into the harness, he has his pick of Elliott, who played center on the freshman eleven two years ago, and Anderson, another two hundred pounder; Walcott, who played sub last year, and Sturmer, another of last year's subs.

For guards he has Shonka, Sturman, Walcott and "Stiffy" Wenstrand. Wenstrand, who won his "N" in the Illinois game in 1906, put in his appearance Saturday and may be put at either guard or tackle. "Jack" Temple is faster than ever this year and is a sure fixture at a tackle position.

Johnson, last year's left end, is the latest "N" man to put in an appearance. He is in good shape, having worked at the fire department all summer. He is heavier than last year, and may be used at either end or tackle. Perrin, another old Nebraska man, is a strong candidate for a line position.

#### Contests for Places.

The end and back field positions are being hotly contested. The competition here is strong, and while the material is a little light the men are fast and are fighting with every inch there is in them for a place on the team. Prominent among the end men are Lofgren and Shauner, both star men on last year's "Reserves." Mager and Ward are also showing up well and both look like Varsity calibre. These men, with Johnson, make up a strong quintet, and the fight for the end job is going to be a hard one.

In the back field there are Owen Frank and "Toit" Bentley for quarter. "Toit" has been ill but is rapidly getting into shape. Franck has been running the team most of the time. He is a fast, heady player, and runs the team well. For half backs there are Captain "Buck" Beltzer, Harvey Rathbone, Sturzenegger, and Schauner, all (Continued on page 2.)
