CORNHUSKER SEASON TO OPEN WITH GAME TODAY

SOUTH DAKOTA WILL TRY TO SCORE HEAVILY.

COLE GIVES MEN STIFF PRACTICE

Usual Custom Violated and Nebraska Squad Is Treated to Hard Scrimmage Friday.

Promptly at three-thirty this afternoon the Cornhuskers will line up against the team from the University of South Dakota for the opening football game of the season. Both teams are in good condition and from the first kick-off to the final toot of the referee's whistle there ought to be something doing.

Coach Whittemore and his warriors arrived on the Burlington last evening at five-forty and took up headquarters at the Royal. Including the coach there are eighteen men in the squad, all of them husky looking fellows. The South Dakota team were not accompanied by any band or rooters, the distance being so great as to make the trip too expensive for the northerners.

Whittemore Optimistic.

Coach Whittemore when interviewed at the Royal last evening was very optimistic in regard to the outcome of the game. While he said he did not wish to be quoted as saying the South Dakota had a sure thing or that there was any certainty of their winning the game, he expressed his opinion that the result would not be one-sided, and that it would not do for any three or four to one money to be offered. He is very desirous of making as good a showing as possible against Nebraska this year, and thinks that the score will not run up very high. He has put his men thru some very strenuous practice the last week, but aside from a few minor bruises they are all in good condition.

The Cornhuskers, contrary to the usual custom, were given some pretty stiff practice yesterday afternoon, about fifteen minutes of the time being devoted to scrimmage work. The shortness of the time has made the coaches develop the team a little more rapidly than usual, and they have had to take advantage of almost every minute. Most of the South Dakota men have the advantage of a week's longer work, but they can hardly be said to be in any better condition.

Shows Improvement.

The work of the squad yesterday showed considerable improvement. The men are working faster and are developing something that looks like team work. There ought to be no doubt as to the result of this afternoon's game. The only question is, how large will the score be?

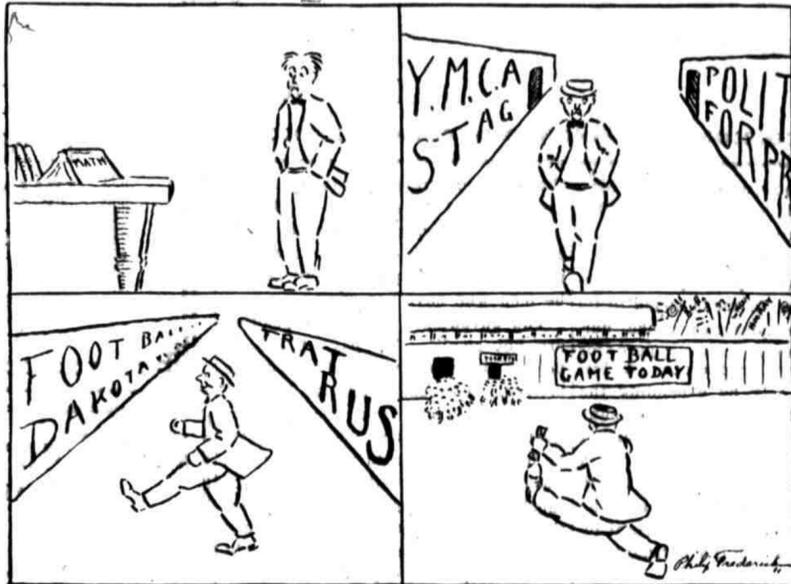

As was announced in an earlier issue, the game is to be held at Antelope Park, where they were played last year. The new field is not yet in condition and will not be before the Iowa game. There is plenty of room in the grandstand and bleachers to accommodate everyone, so that no one need stay away on this account. It is hoped and urged that a large crowd will be out to welcome the victors and to root for the Cornhuskers.

The officials of this afternoon's game will be: Cornell, referee; Clark, field judge, and Dr. Erwin, head linesman.

The following is the line-up of the two teams, with their comparative weights:

South Dakota.

Richardson (155), Christ (124)
Johnson (150).....L. E.
Keeling (Capt.) (169).....L. T.
Sanders (164).....L. G.
Jinks (170), Pipol (165).....C.

"THE STUDENT'S CHOICE"

C. Brown (195).....R. G.
H. Brown (188).....R. T.
Evans (160).....R. E.
Thackaberry (154).....Q. B.
P. Coffey (152).....L. H.
Osborne (163), Felber (145).....R. H.
C. Coffey (162).....F. B.

Nebraska.

Lofgren (148), Magor (161).....R. E.
Temple (185), Elliot (180).....R. T.
Wenstrand (200).....R. G.
Perrin (180), Sturmer (172).....C.
Shonka (215).....L. G.
Hart (185), Johnson (174).....L. T.
Channer (154), Ward (150).....L. E.
Bentley (142), Franck (155).....Q. B.
Sturtznegger (155), Franck (155)

.....L. H.
Beltzer (Capt.) (150).....R. H.
Rathbone (162), Hart (185).....F. B.

In addition to these there are MacDonald (170), Swanson (185), Gutbulet (180), Ford (157), Pearse (175), and Hascall (140), all of whom will probably see service in today's game.

No Official Line-Up.

The above line-up is about as near the official as can be had. Both may be changed somewhat before the game is started. For Nebraska, Bentley will probably begin at quarter. In that case Franck will be used at left half. Bentley has not been well this fall, and is not in good condition. In case he does not start at quarter or is taken out Franck will be switched to quarter and Sturtznegger put at left half. Another doubtful position is full back. Rathbone or Hart will have the place. In case Rathbone is started at full back, Hart will be used at left tackle. The rest of the team will start the game as follows: Sturmes center, Shonka and Westrand guards, Temple, light tackle, Channer and Lofgren ends and Beltzer right half.

MANY PARTIES GIVEN BY FRATS.

Start of Rushing Season Marked by Numerous Entertainments.

The fraternity rushing season opened at 6 o'clock last evening and as a consequence every one of the twelve Greek letter societies in the university entertained in honor of the new students whom they hope to pledge at the close of the ten day rushing period. Delta Tau Delta held a dinner-dance at the Lincoln. Alpha Theta Chi and Phi Kappa Psi each gave house parties. Other organizations gave smokers or similar entertainments.

This evening the frats will all entertain again, with the different societies each varying their stunts. Sigma Nu and Delta Upsilon will give house parties.

Baked beans, baked on the premises and served hot with delicious brown bread, 10c, at The Boston Lunch.

SOUTH DAKOTA TEAM LEAVES FOR LINCOLN

COACH WHITTEMORE IS BRINGING TWENTY MEN.

SQUAD IS IN SPLENDID CONDITION

South Dakota Scrubs Succeed in Holding Varsity Men Several Times in Fierce Scrimmages of the Week.

By S. ANRUD.

Vermillion, S. D., Oct. 1.—(Special.)—Coach Whittemore started this morning for Lincoln, Neb., with a squad of twenty men. The Coyote squad is in good condition physically considering that several of the men have been out only a few days. There are no sprains or bruises as a consequence of the strenuous scrimmage that the squad has been put through during the last three days, and the team will line up about the way it was given out earlier in the week. The South Dakotans realize that the mere holding down of the score means a great deal against such a formidable opponent as Nebraska, and every man will go in with a vengeance.

Wednesday afternoon the regulars were sent against the scrubs for an hour, and both the open game and straight line bucking was used. The scrubs fought desperately and succeeded in holding the first team several times. Yesterday there was no regular scrimmage and most of the work was devoted to fast signal practice and kicking.

ENGLISH CLUB MEETS TONIGHT.

First Meeting of the Winter Series Held With Professor Alexander.

The first meeting of the English club for the current year will be held this evening with Professor and Mrs. H. B. Alexander, 1736 Garfield street.

Besides the usual musical and literary program the club will this evening elect officers for the ensuing year. These will take the places now held by Professor Gass, president; Miss Viola Barnes, secretary, and Miss Louise Pound, critic.

The English club, an organization of the more advanced English students of the university, plans more extended activities during the coming winter than it has had in the past. Public programs may be a feature of the season.

Classes in Field Geology 21 and Field Geography 9 will meet next Saturday, October 2, in University Hall, room 7, at 8:30 a. m. Students should be prepared to do field studies.

Y. W. C. A. RECEPTION TONIGHT.

Annual Greeting to New Students at the Governor's Mansion.

The annual reception of the University Young Women's Christian Association will take place at the home of Governor Shallenberger tonight. The reception will be held from 8 to 10 o'clock, and all the young women of the university, together with the faculty members, are extended a cordial welcome. As its title indicates, this reception is given yearly by the women's Christian association of the university and is one of the big events of the year.

The program, which will be given on the third floor of the governor's mansion, will be rendered by Miss Lillian Helm, soprano; August Molzer, violinist, and Miss Louise Zumwinkel at the piano. It is as follows:

RomanceDrda
MinuettMozart
Drummer's SongBrahms
SongsParker
Maiden's SongMeyer-Helmund
Nymphs and FaunsBemberg
EveningFibich
Bohemian DanceRandegger

NO ONE EXCUSED FROM DRILL.

Chorus Men and Athletes Must Drill Two Days in the Week.

The order was issued last evening from the department of military science that men who are excused from drill for chorus work would not be given permanent excuses. Every man who is allowed to take chorus work in place of drill, is allowed to sing in the chorus on Wednesday and Thursday evenings of each week, but must drill every Monday and Tuesday evening.

The same rule holds as to the excusing of those taking athletics. The athletes must drill two nights each week and are excused the other two nights.

The new ruling goes into effect immediately and applies to all those who have not completed the required two years of military drill.

EXTRA LECTURES GIVEN IN M. E.

Shop Work Replaced by Lectures Until New Building is Completed.

The members of the mechanical engineering classes who were rejoicing over the fact that there would be no shop work for at least two weeks, have been doomed to disappointment. It was announced yesterday morning that in the absence of shop work until the new engineering building was completed, there would be extra lectures each week.

These extra lectures are to be given to the students in mechanical engineering until the new engineering laboratories are completed, when shop work will commence, and these extra lectures will be dispensed with.

NUMEROUS CHANGES IN UNIVERSITY FACULTY

SEVERAL IMPORTANT SHIFTS IN TEACHING FORCE.

CAPT. YATES TO SUCCEED WORKIZER

Professor Robbins and Judge Tuttle

Enter Faculty of the Law College—Changes in College of Medicine.

A number of changes have been made in the personnel of the faculty during the past summer. Many of the instructors have resigned and gone to other schools while new men have been selected to fill their places. Yet in reality it is but what is going on in every other school of any size in this country.

In fact Nebraska has lost a remarkably small percentage of her old teaching force during the past year in comparison with other schools. Iowa, for example has renewed over twice as many professors and instructors on her teaching force during the past few months as has Nebraska. This changing of professors is remarkably noticeable in the east where the large institutions of learning have made many changes in the year.

Some Important.

Some of the changes made at Nebraska have been important. To succeed Professor Vernier, who resigned from the college of law, Professor C. A. Robbins was appointed professor of law. Judge S. J. Tuttle was made professor of law to serve approximately one-fourth of the time. Judge Tuttle was at one time a regent of the university and served here later in the capacity of lecturer. In the department of military science Captain Halsey E. Yates succeeds Captain Workizer as commandant. Captain Yates is a native of Nebraska, having been born in Plattsmouth. He is a graduate of the Lincoln High school in 1894 and attended the university the year following. While at the university he drilled under Commandant Pershing. From here he went east to school. He is a graduate of West Point and served both in Cuba and the Philippines. He served later as an instructor at West Point. His parents are at present residents of Lincoln.

Other Changes.

Other changes which have been made are Instructor Lulu L. Rudge in mathematics; Professor G. O. Virtue, appointed professor of political economy, in which department G. A. Stephens and Miss M. T. England were also appointed as instructors. W. L. French was appointed professor of dairy husbandry to succeed Adjunct Professor Little. Miss Harriett Folger, who was for five years head of the department of home economics at the Georgia Normal and Industrial school, was appointed adjunct professor of home economics. C. K. Shedd was appointed instructor in farm mechanics.

In the medical college the following new appointments were made: Dr. J. F. Stevens, lecturer in charge of materia medica; Dr. David C. Hilton, quiz master in anatomy; Dr. J. Stanley Welsh, quiz master in pathology; and Dr. E. W. Rowe, quiz master in materia medica. The following promotions were also made in this department: Dr. H. W. Orr, advanced to assistant professor; and Dr. C. W. M. Poynter, to assistant professor. The title of Clarence J. Frankforter of the department of chemistry was changed from that of "store-keeper" to that of "instructor in chemistry and custodian of supplies."

In the engineering department J. N. Bridgeman succeeded Professor Sears as associate professor of civil engineering. Professor Bridgeman is a native of Kansas, where he graduated from the agricultural college. Later he graduated from Stanford University. Since graduation he has been employed in location and construction work, principally for the Rock Island and Santa Fe railroads.
