GREENHOUSE NEAR COMPLETION.

**Appropriation of Legislature Being
 Spent to a Good Purpose.**

When the members of the legisla-
 ture met last winter and made the ap-
 propriations for the university, they
 specifically stated that some of the
 money was to be used in the erection
 of new greenhouses for the university
 campus. The old worn out houses
 were torn down and work was com-
 menced upon the new ones this fall.
 These new buildings are all of steel
 framework and with brick foundations.
 The plants that have been kept in the
 greenhouses are now being stored in
 the old shops and will be placed in
 the new buildings as soon as they are
 completed.

Notwithstanding the policy of rais-
 ing the standard of scholarship at the
 University of Chicago, which caused the
 authorities to anticipate a perceptible
 falling off in attendance in the
 undergraduate colleges, the attend-
 ance has actually increased over the
 figures for the corresponding period
 of 1908. On Monday, October 11, the
 total registration at the university
 showed 2,218, as against 2,145 last
 year, representing a gain of 73. Of
 these 1,289 are men and 929 are wo-
 men. These figures represent the net
 result after deducting all duplications
 and double registrations in two or
 more of the schools by the same in-
 dividual. Registration is scarcely
 closed as yet and the total will cer-
 tainly be larger when the final figures
 are available.

**CORNHUSKERS ONCE AGAIN
 IN FRONT RANK IN THE WEST**

Line Is Good.
 The line has proved its worth. If
 "King" Cole can keep it from going
 stale and make it go into the Kansas
 game as it did into the battle last Sat-
 urday, and at the same time develop
 that back-field into an offensive power,
 he will have an eleven that even the
 strong Jayhawkers cannot defeat.

It was last fall, however, that Ne-
 braska had a good team and that Kan-
 sas walked over it.—There was over-
 confidence in the Cornhusker camp.
 The team went into the game expect-
 ing to win; it was out of condition;
 the line failed to charge with vigor,
 the back-field was lost; and Kansas
 won easily.

This fall "King" Cole is pointing his
 men to the Jayhawker struggle, and
 there ought to be no "going stale."
 The linemen ought to drive against the
 Jayhawkers with the force that they
 attacked Minnesota. The backs ought
 to play much better and be able to
 score. New trick plays will be used
 and success ought to be attained by
 winning from Kansas by a fair sized
 margin.

After the meeting with the Law-
 rence team Denver and Haskell will
 be played. Denver is a professional
 bunch, and it is yet hard to tell what
 the Cornhuskers will do against them.
 It is doubtful if they can win. Has-
 kell is strong and may prove a Tartar
 on Thanksgiving.

MORE DRILL APPOINTMENTS.

**New Men Appointed to Offices in the
 Cadet Battalion.**

Subject to the approval of the chan-
 cellor, the following promotions, ap-
 pointments and assignments are an-
 nounced in the cadet battalion: To be
 first lieutenant, F. A. Rohde, company
 D to company K; to be second lieuten-
 ant, A. M. Hare, company B to
 company K; to be first sergeant, H.
 M. Cain, company A to company I; to
 be sergeant major, R. A. Patterson,
 company I; to be quartermaster ser-
 geant, H. M. Noble.

The remainder of the appointments
 of non-commissioned officers in the
 cadet battalion, which are the ser-
 geants and corporals of the different
 companies, will be made about the
 first of the coming month.

NEBRASKA DAIRY TEAM WINNER.

**Cornhuskers Make Remarkable Record
 at Milwaukee Contest.**

The University of Nebraska student
 judging team sent last week to the
 national dairy show at Milwaukee, has
 been announced the winner of the con-
 test. Teams from seven colleges par-
 ticipated in the judging of dairy cat-
 tle. Each team consisted of three
 members and they judged five dairy
 breeds. The Nebraska team was Will
 Forbes, H. L. Mathews and Paul
 Hunter.

Nebraska won the sweepstakes tro-
 phies offered by the National Dairy
 Association and by Hoard's Dairy-
 man. They also won the trophy of-
 fered by the Holstein-Friesian Associ-
 ation. Will Forbes ranked highest in
 the individual contest. He had a score
 of 613.75 out of a possible 700. The
 team's score was 1,662.7 out of a pos-
 sible 2,100 points.

The five classes judged were Ayr-
 shires, Guernseys, Holstein-Friesians,
 Jerseys and Dutch Delted. Mr.
 Forbes had the highest score Ayr-
 shires with 99.7 points out of a pos-
 sible 100; on the Holsteins with 185
 points out of a possible 200, and on
 Jerseys with a score of 196 points out
 of 200 points. This is a remarkable
 record.

The team was coached by E. W.
 Frost, herdsman for the dairy depart-
 ment, who accompanied them to Mil-
 waukee.

REPAIR CHEMICAL LAB.

**Worn Down Parts of the Building Re-
 ceive a Redressing.**

This week the chemical laboratory
 building is receiving various repairs.
 The first one which has been attempt-
 ed has been the redressing of the
 steps of the building. These steps are
 of a form of limestone which has be-
 come worn away by the action of the
 elements. In appearance these steps
 were very unsightly and were far from
 safe to walk on during the winter
 time. The past two days a number of
 men have been smoothing the steps
 down and at the same time chipping
 off the loose and rough stone.

Elsie Warnock, '08, has been elected
 to a position in the high school of
 Wheatland, Wyo.
