UNIVERSITY OF NEBRASKA, LINCOLN, THURSDAY, OCTOBER 21, 1909.

Price 5 Cents.

## ONLY TWO MORE DAYS FOR VARSITY WORK-OUT

### COACH COLE NOT GIVING MEN HARD PRACTICE THIS WEEK.

## NEW FIELD CAUSES A FEW INJURIES

### Pike of the Scrubs Suffers Broken Nose as Result of Fall on Hard Surface of Nebraska Gridiron.

Only two more days left for practice before the Iowa game, and still the varsity team has been given no heavy work. Evidently Coach Cole is biding his time, and is not going to over train his men so that they will go stale before the end of the season.

The work of the varsity this week bears no resemblance to the heavy grueling scrimmage the team was put through in preparation for the Minnesota game. Last week six coaches were constantly with the team watching every play and urging the men on to greater exertions. This week there has been a relapse in the hard work owing to the battered condition of some of the players resulting from Saturday's game. There were four coaches on the field yesterday, however, and while the varsity was given but a short scrimmage lasting perhaps ten minutes, the team was put through some very hard signal work and otherwise limbered up. Coach Cole had for his helpers yesterday Assistant Coach Harvey, Glen Mason and Captain Heitzman.

Tomorrow, however, the team will journey out to the State farm where the turf is much softer and makes lighting easier. Cole promises some good hard scrimmage and the varsity will probably see some of the hardest work of the week.

### Pike Gets Broken Nose.

The new field is very hard and is covered with cinders, stones, gravel, and small pieces of glass, which makes scrimmage work rather dangerous to say nothing about the unpleasantness of the situation. Almost every time a man makes a tackle or a hard line plunge or otherwise comes in contact with the hard surface, he comes up with a bruised and bleeding face. In yesterday's scrimmage between the second varsity and the scrubs, Pike, one of the tackles on the scrub eleven, suffered a very severe injury. In one of the mix-ups his nose came in contact with the hard earth and as a result he is suffering with a fracture of the nose. It is a compound fracture, one of the worst ever seen, the bone breaking through the skin and making a very painful injury.

### Scrubs Play Strong.

As on the day before, Cole sent the second varsity against the scrubs for about thirty minutes of scrimmage. The scrubs had all the better of the argument. Warner of the scrubs especially distinguished himself by running nearly a hundred yards for a touchdown. He secured the ball on the kick-off and aided by good interference and some wonderful dodging, ran the full length of the field for a touchdown. Franck and Gibson for the scrubs also did some spectacular work.

Bentley was still absent from yesterday's practice, his place being taken by Hascall, who ran the first team during signal practice. It is feared that Bentley's injuries will prevent his being in Saturday's game. In this event, Hascall will be played at quarter. This is Hascall's third year on the squad, and although he has never been in a big game he has had considerable experience in some of the smaller contests the last two seasons.

Sturtznegger played quarter on the second varsity yesterday. Fogren, who was being trained for this position since Bentley was hurt, was not out. It is reported that he is sick

## FOR THE RALLY TODAY Additional Verses of Prof. Stevens' Football Song

1 Come a runnin', boys,  
Don't you hear that noise?  
Like the thunder in the sky,  
How it rolls along  
In a good old song,  
From the sons of Nebraski.  
Now it's coming near  
With a rising cheer  
That will sweep all foes away.  
So with all our vim  
We have got to win,  
And we're going to win today.

### Chorus—

For Nebraska and the Scarlet,  
For Nebraska and the Cream,  
Though they've been through many a battle,  
Our colors may be seen.  
Then come on, boys, up and at them,  
For we know you are the team,  
And 'twill always stir a Cornhusker  
The old scarlet and the cream.

2 Now, it's one, two three  
For the Varsity,  
For King Cole and all the men.  
Then it's down the field  
Where we never yield  
'Till the foe is "raus mit dem."  
When the back-field ducks,  
And Cap Beltzer bucks,  
They will hit that line for fair,  
Till the enemy  
Simply cannot see,  
Or perhaps they do not care.  
Chorus—

(For Thanksgiving game with Haskell)

3 In the days of old  
Johnny Bender bold  
Would just take that ball in hand,  
And with Benedict  
Right in front of him  
They would set sail for the land.  
Then Dog Eager too,  
With chosen few,  
Would be all 'round everywhere,  
And before they'd git  
They would gently sit  
Down behind that goat post there.  
Chorus—

with the pleurisy and will not be out all week.

Franck, too, is not in the best of condition. He is suffering from a sprained ankle received in the Minnesota game. He was out for a short time yesterday, but did not take part in the scrimmage. On the whole, it looks like the back-field is going to be weaker than it was in last Saturday's game. The line is intact and ought to put up the same sterling game it played last Saturday. Now, if Cole can strengthen his back-field in the next two days by getting all the old men back into the game there ought to be no question as to the result of Saturday's game with Iowa.

## LIKES UNIVERSITY MASQUERADE

### J. M. Alexander Thinks Proposed Stunt Under Direction of Seniors Is a Good Thing.

The Editor of The Nebraskan:

Many functions representing various university interests are held annually. It is noticeable, however, that there is no event which brings the university faculty and the student body together. Ivy Day is the nearest approach to such an event, and as this has proven itself to be a valuable and worthy institution, it follows that any institution which will promote the welfare of the university is commendable. A masquerade has been proposed as a means whereby the faculty and students as a whole might come together for a general good time and incidentally promote a greater affection for their alma mater—a feeling which in after years would result in service, and, if need be, sacrifice for the university. The older schools and colleges of the east and of foreign countries are said to have institutions similar to the one proposed. Perhaps something better than a masquerade can be thought out. The central idea is to bring faculty and student body together and to make stronger bonds between them and the university—to foster the Nebraska spirit.

JOHN M. ALEXANDER, 1910.

## JUNIOR MEETING POSTPONED.

### Announcement of Committee Will Not Be Made Until Friday.

On account of the football rally at 11:20 this morning, the junior class meeting will not be held at the after-convocation period. The meeting will instead be called at 5 o'clock tomorrow in Memorial Hall. At that time additional officers will be elected and the committee announcements made.

## CHICKEN PIE SUPPER SATURDAY AT 6 P. M.

### ANNUAL STUNT OF UNIVERSITY Y. M. C. A. THIS WEEK.

## "DOC" PAINE IN CHARGE OF THE FEED

### Well-Known Member of the Advisory Board Once Again Officiates Over the Pot-Pie Preparations.

The Y. M. C. A.'s annual chicken pot-pie supper will be held Saturday evening, October 23, in the basement of St. Paul's Methodist church. As usual also Dr. Paine will be the cook. Dr. Paine is a member of the advisory board of the Y. M. C. A. his chicken pie suppers have been famous among the students for several years. The feed is like you get at home.

The supper will begin at 6 o'clock and will be over at 8 o'clock, allowing plenty of time to fill another evening engagement if necessary. After everyone has had his fill, a short toast list is on the program. Prominent men of the faculty, student body and alumni will give short talks. Paul Clark, one of the most prominent city alumni, will be one of the speakers. Chancellor Avery has given his hearty approval of the project and will be present at supper. A male quartette will furnish music during the toasts.

### No Subscription.

This year no subscription will be taken, as has always before been the case. The price of the tickets will remain the same, 20 cents. This will necessitate a larger crowd than ever before to make the feed a success. It is certain that you never got more for your money than at one of these gatherings.

Tickets can be secured at the office in the Temple or from a large number of the men who will have them on sale on the campus. The affair is in charge of the social committee of the students' Y. M. C. A., which is as follows: Glen Fordyce, chairman; J. S. Elliott, George Flack, S. P. Dobbs, H. O. Baumann, H. H. Drake, M. E. Barker, J. M. Alexander, W. B. Alken and W. B. Metcalfe. "Stew" Elliott will have charge of the waiters and guarantees that you will have no coffee spilled down the back of your neck or no pie dumped in your lap.

The supper is open to all university men, students, alumni or faculty. Dr. Paine formerly had only a small feed

and invited a few friends, but for several years he has made it a general affair. There have been one or two of these suppers every year for four or five years. It is one of the few university functions where all the students and the faculty can gather for a general social time. It is hoped that the attendance will be greater next Saturday evening than it has ever been before.

## BOTANY LAB. CROWDED.

### Efforts Made to Get More Laboratory Hours for Students Crowded Out.

The number of students attending the classes in Botany I is so large that an additional laboratory division will have to be organized. It was planned to have this laboratory period on Wednesday mornings, but enough students were not able to take their work at this time to make it practical. An attempt will be made to have the extra period on Friday mornings and all the students who can possibly arrange to do their laboratory work in this department are urged to take it at this hour. This makes nine laboratory periods for this class. Any student who can change all or part of his work to this division may do so by consulting with Miss Walker, who is in charge of the big laboratory.

## SONG RECITAL AT CONVOCATION.

### Professor Miller of Lincoln Schools Will Appear in Brief Program.

At convocation this morning Chas. H. Miller, superintendent of music in the Lincoln city schools, will give a song recital. The program will be cut to twenty minutes in order that the football rally may be held promptly at 11:20.

### Following is the program:

The Muleteer of Tarragona...Henriion  
For What Thou Art...Roswig  
Deo Possento (from Faust)...Gounod  
All Thru the Night... (Old Welsh)  
Border Ballad...Cowan

### Notice to Botany Students.

Professor Bessey asks that every student who has chosen botany as a major to see him as soon as possible, and this should be by the end of the month at the latest. His regular consultation hours are 9 to 10 a. m. and 1:30 to 2 p. m. every week day. If any student finds it impossible to see him at these hours a special appointment may be made.

Baked beans, baked on the premises and served hot with delicious brown bread, 10c, at The Boston Lunch.

## 1909 DEBATING SQUAD PICKED BY TRY-OUTS

### MEN FROM WHOM TEAMS ARE TO BE SELECTED ARE NAMED.

## PRELIMINARIES ARE UNUSUALLY GOOD

### Twenty-seven Men Speak for Places on the Squad, Nearly All of Whom Are Experienced Debaters.

Twenty-seven men took part in the try-outs for places on the university debating squad yesterday afternoon and evening. Of this number fifteen were picked for enrollment on the squad, otherwise rhetoric 22. From this list six men will later be chosen to represent the university in the intercollegiate debates against Minnesota and Iowa.

J. T. Votava, who would have been the twenty-eighth speaker in the try-outs, was necessarily absent from the city. In view of the fact that he made the team last year and in all probability would have qualified for the squad yesterday, the judges named him as the sixteenth member of the squad.

The work done in the preliminaries was of an unusually high character. Although much of the speaking was "set," there were several excellent extemporaneous addresses. Judge Hastings, who has judged the preliminaries in past contests and who has one of yesterday's judges, pronounced the work the best he had heard in similar contests.

The judges were Dean Hastings of the law college, Professor Howard of the department of sociology, and Professor Taylor of the department of political economy.

### Successful Speakers.

Following is a list of the men who made the squad:

B. M. Cherrington, C. L. Clark, S. P. Dobbs, C. A. Emery, H. E. English, C. N. Foster, P. J. Halderson, J. E. Lawrence, C. R. Mann, B. C. Marcellus, H. W. Potter, C. L. Rein, J. L. Rice, D. M. Rogers, A. E. Warren, J. T. Votava.

### Others Speaking.

Those who tried out were: H. F. Wunder, Lincoln; J. L. Rice, McCook; F. J. Halderson, Lincoln; B. M. Cherrington, Omaha; C. L. Clark, Lincoln; B. C. Marcellus, Lincoln; E. H. Hahne, Beatrice; H. C. Hathaway, Lincoln; A. M. Oberfelder, Sidney; G. R. Mann, Ord; K. P. Frederick, Sutton; R. M. Garrett, Madison; S. P. Dobbs, Beatrice; H. E. English, Lincoln; E. P. Snyder, Council Bluffs; E. W. Marcellus, Lincoln; R. M. Moseley, Lincoln; E. H. Reid, Wycote, Wyo.; A. E. Warren, Superior; C. L. Rein, Loup City; G. N. Foster, Sterling; J. E. Lawrence, Beatrice; H. W. Potter, Omaha; W. T. Wolvington, Chadron; D. M. Rogers, Randolph; C. A. Emery, Lincoln.

## PROF. JONES WRITES ARTICLE.

### American History Teacher Contributes Research Story to Columbia Quarterly.

Dr. Guernsey Jones, of the history department has spent several summers of research work in the English archives at London. The result of his labors appeared in the Columbia University Quarterly for September.

The title of the paper is "An Article on a Copley Portrait of President Cooper of Columbia University Accompanied by Six Letters of Copley and President Cooper."

The paper has been very favorably commented on by eastern critics and is a credit to Dr. Jones and the University of Nebraska.
