**THE QUESTION OF SATISFACTION**

When you buy a watch or a piece of jewelry, the question of satisfaction depends mainly upon two things—the selection of your merchandise is yours, and upon that you need to bestow careful attention. The other depends upon the skill, intelligence, efficiency and intentions of your dealer.

**CROSS COUNTRY SQUAD GROWS.**

Daily Increase in This Line of Athletics Gives Hope to Coach Clapp.  
 Never before in the history of the Cornhusker institution has so much interest been taken in cross country running has been manifest this year. There are at present about thirty men out every evening, running to the state fair grounds, around the track three times, and back to the gymnasium again. This makes a five mile run, which is the distance that must be traversed by the men who make the team when they go to Chicago in the intercollegiate meet.

The success of the Nebraska teams for the past five years has been an incentive for the hard work of the men, and the prospects for a winning team have never been brighter. Three of the men on last year's team have been training and the competition for the remaining two places has been keen. From the present prospects the men who were on the team last year will have to fight to the utmost to retain their positions, as the number of men eligible for the team is proof that there is an abundance of good material.
