

# The Daily Nebraskan

Vol. IX. No. 22.

UNIVERSITY OF NEBRASKA, LINCOLN, WEDNESDAY, OCTOBER 27, 1909.

Price 5 Cents.

## BEGIN WORK FOR THE JAYHAWKER CONTEST

### COLE GIVES VARSITY LIGHT PRACTICE AS STARTER.

### FRESHMEN PLAYED THE HIGH SCHOOL

#### Lincoln Men Get First Touchdown on First Year Students, but Freshmen Brace Up and Play Good Game.

With the Iowa game safely out of the way, the Cornhuskers have resumed practice for the game with Kansas a week from next Saturday.

Of course the Doane game comes off next Saturday, but this will be more of the nature of a practice game. Cole will perhaps send in his regulars for part of the game, but the major part of the contest will probably fall on the scrubs. No attempt will be made to run up a big score and especially will no chances be taken that will lay up any of the regulars for the Kansas game.

The game with Kansas ought to be one of the greatest in the history of university athletics. The Cornhuskers and Jayhawkers have always been the keenest of rivals and so far honors are about even. Last year the Jayhawkers got a little the best of us by taking advantage of the poor condition of the Cornhusker team. Nebraska had gone through a gruelling series of four games with Minnesota, Haskell, Iowa, and Ames, and had gone stale. On the contrary Coach Kennedy had trained his men especially for the Nebraska contest and the Jayhawkers came to Nebraska in the pink of condition. The result of that heart-breaking contest is still fresh in the memory of every loyal Nebraskan. But the thorn is felt far more by the sturdy defenders of the Scarlet and Cream who went down to defeat on that memorable November day, and there promises to be something doing when Coach Kennedy leads his warriors to Lincoln two weeks hence.

#### Kansas Rooters Coming.

But the Jayhawkers will not come alone. In a letter to the Daily Nebraskan the editor of the Daily Kansan declares that a special carrying over three hundred rooters will bring the team to Lincoln. A special arrangement will be made, also, by which the game will be reported to Lawrence play by play over leased wire service.

Preparations are already being made to accommodate the monster crowd that is expected to attend the game. Manager Eager is advertising the game very extensively and expects the attendance to be a record-breaker. Tickets are now on sale at Harley's drug store, and it is advised that those wishing good seats get them early.

There was no scrimmage Monday. The team were a little sore from the effects of Saturday's contest and Coach Cole was content to let them off on a stiff signal practice.

#### Freshmen Play High School.

The freshmen, however, were pitted against Lincoln High. Lincoln High have a fast team, and they showed excellent team work. In Mann they have one of the best punters seen for some time. The Lincoln bunch took the Freshies by surprise in the start and played them off their feet, securing a touchdown after about five minutes of play. The freshmen then took a brace and had scored two touchdowns before the scrimmage ended. Hornberger, a former Lincoln High man, played tackle on the freshman team and did some fierce line work. Yesterday Cole sent the varsity against both the scrubs and the freshmen, but they were sadly off their feed. The scrubs literally walked

over them, securing two touchdowns in about five minutes of play.

The freshmen were also able to score on the varsity, securing two touchdowns in about twenty minutes of play. One was made on a forward pass by Potter to Carmichael, and the other on line plunging.

Bentley was out yesterday and ran the varsity in signal work for a while. Hascall and Franck played quarter during scrimmage, while Magor was shifted to Franck's place at right half and Chauner went to right end.

The team are all in good condition after the Iowa game, and with this week and next for rest and hard practice ought to be in the pink of condition for the Kansas game.

#### FIELD GEOLOGY EXCURSIONS.

The classes in field geology, courses 21 and 22, will make the Platte River excursion on Friday and Saturday of this week. Leave via Burlington Friday 7:15 a. m. Students registered in these courses should report to either Dr. Condra or Prof. Bengtson before Thursday noon. Also read instructions posted on bulletin board at entrance to U7.

#### CADETS FILE APPLICATIONS.

#### Those Wishing Appointments Must Make Note of It Before Tonight.

The members of the cadet battalion who wish promotions have been notified to file applications for these before this evening. There have been no offices filled in the various companies this year below the first sergeant's, and this leaves thirty sergeants and about thirty-six corporals to be appointed to non-commissioned offices.

#### SENIOR GIRLS TO ENTERTAIN.

#### Upper Classmen Will Give Musical for Freshman Girls.

At a meeting of the senior girls held in U106 at 11:30 yesterday morning it was decided to entertain the girls of the freshman class at some date to be later set. The entertainment will probably take the form of a musical at some sorority or private Lincoln home. November 13 is the probable date, although this is not certain.

#### JUNIOR INFORMAL SOON.

#### Informal Dance of Third Year Students to Be Nov. 12.

The committee in charge of the junior informal, of which J. E. Lawrence is chairman, has selected November 12 as the date on which the dance will be held. The affair will take place at the Lincoln hotel, and will be a much larger hop than the former junior informals have been. Walt's orchestra has been engaged for the occasion and it has been decided that the price of the tickets will be \$1.25.

#### DELINQUENT STUDENTS TAKE NOTICE.

Notices to appear before the Secretary of the Committee on Delinquent Students, as before any other administrative officer, must forthwith be complied with either in person or, in case of sickness or unavoidable absence from the city, by otherwise giving information for non-appearance.

Students not reporting within reasonable time (say three days) after receiving notice will be suspended from the University.

Rule 23 of the "Rules and Regulations Governing Students," copies of which may be obtained from the Registrar, reads, "Whenever a student is dropped from the University on account of vicious or wanton delinquency his name is published."

GEO. R. CHATBURN,  
Chairman Com. on Del. Students.  
Approved:  
E. AVERY, Chancellor.

## SOPH ELECTION FAIR POWERS THE WINNER

### EXCITEMENT LACKING IN SECOND YEAR SELECTION.

### PLANS MADE FOR NEW VOTING SYSTEM

#### Changes Adopted Yesterday Likely to Be Followed by Further Move to Secure an Untainted Ballot.

Walter Powers of Ponca was yesterday morning elected president of the sophomore class. Joe Pomerene of Lincoln was the second candidate, he receiving 76 votes as against 160 cast for Powers.

The election yesterday was conducted under careful regulation to prevent the wholesale ballot-stuffing which made the election a week ago a farce. Ballots were prepared by Registrar Harrison and these were given to the voters as they entered the hall. Arrangements were also made to prevent the attendance of students not qualified to vote.

The ballot system worked well. There was no attempt made to vote irregularly and the meeting passed off quietly. A few illegal votes were cast by students who passed by the door-keeper as sophomores but who were in reality members of other classes. These irregularities were few, however, and did not affect the general result.

#### Status of the Laws.

The ruling of the university authorities prohibiting the admittance of senior academics who were taking first year law work from the election caused considerable comment both before and after the vote was taken. The laws generally accepted the situation as a justifiable regulation, but there were a few who were disposed to find fault with the ruling. The fact that no change was made last spring when a similar circumstance arose gave these malcontents grounds to object.

It is admitted that the registrar's ruling cost Pomerene probably a dozen votes. He did not, however, pull a solid freshman law vote, as was expected, although his majority in this class was large. Powers had a clear majority in every other faction of the class. In the fraternity vote the split was about even.

The large majority for Powers was a surprise even to his supporters. It had been expected generally that he would win, but the size of his vote had been greatly underestimated.

#### Further Changes.

Although the system adopted yesterday evidently prevented nearly all of the fraud which has distinguished other class elections, it is likely that still further safeguards will be tried. The presidents of the three classes not parties to yesterday's contest met Monday and as a result a plan for holding future elections may be formulated shortly. It is likely that this scheme will provide for the use of a modified form of the Australian ballot and for some other radical changes in the election methods.

Second meetings of the sophomore and freshmen classes for the election of minor officers will probably be called within the next two weeks. Each class will elect a vice-president, secretary, and treasurer, and other officers may be provided for.

#### THIS JAP WANTS THE CLEANLY.

#### Little Brown Man Objects to Dirty Conditions Prevailing in University Gymnasium.

A Japanese student in the University of Illinois objects to conditions prevailing in the university gymnasium, and writes to the Illini; the university daily, as follows:

"The University of Illinois has been donated by the national government in order to promote the high education. She stands for learning, culture and power; in particular, it stands for the recognition of an aim higher than that for money. So she should have a self-approbation as a good university. Also she knows that a good education must be built up with a healthy body. So, for this purpose, she built a beautiful men's gymnasium, and this is used for the students to train himself in a physical training course which is required of them. We students are fortunate to learn in a such good school. However now, it is an unavoidable matter for me to have a such severe pen about men's gymnasium. I am attending to the men's gymnasium to take physical training course twice in a week, and each time makes me feel badly to see dirty, rather unhealthy conditions. I feel much regret for the sake of her honor. Anyone go over there and should discover what I am going to talk about.

"We often hear the necessity of hygiene and we can find healthy departments in almost everywhere in the civilized countries, and in street cars and any other public places we see the notice to be execute if spit on the floor. What is the notice for? It is a purpose to preserve healthy. Then I wonder why the school is neglecting for cleaning of gymnasium. What is doing the authorities? Sleeping? Wake up. It is not object to teach intercollegiate sports only. We can't live without breathing; then will it be healthy to train in the dirty and unhealthy air room where is the place of bacteria propagation? We can't find out any spit-boxes, and on the other hand we often saw that the students are spitting anywhere so carelessly on the floor. Can I respect them as a student who are receiving a higher education? I never saw a such self-contradiction. Who must have an obligation for this? Students? Nay, the authorities can't escape from their obligation.

"One will say that it can't keep clean, for there are many students going out and coming in or there is not cleaner enough for clean. Will this stand as a reason to escape from his obligation? We feel more necessary to clean on account of gathering place of many people. I ever remember that the Illini wrote so proudly about beauty of the school campus. I think it is. Then what he will write about men's gymnasium? I love school so I must say this. This is a shame of the school who stand with a great obligation for educating the youths. I urge to consider on this matter for the authorities. This is not only shame of the University of Illinois but United States.

"If unless pay a care on it, the beautiful gymnasium building will be an ornament of school only. Her fine scheme about healthy will be vain. We know that strong spirit will born in healthy body."

At the University of Chicago the members of the combined faculties of the various colleges and schools number 415, being distributed as follows: faculty of arts, literature and science, 288; divinity faculty and conference, 40; law faculty, 15; medical faculty, 72; school of education faculty, 80; university extension faculty, 157; university libraries, 37. A great many individuals serve on more than one faculty, so that if these were counted in each case, the number would be very largely increased. In addition to the regular faculties there are each year a number of special appointments for short periods of time. Finally, to these figures should be added the fellows, of whom, in the year 1908-9 there were 96.

Baked beans, baked on the premises and served hot with delicious brown bread, 10c, at The Boston Lunch.

## '10 CORNHUSKER STAFF HAS BEEN APPOINTED

### THIRTY-SIX MEMBERS CHOSEN FROM TWO UPPER CLASSES.

### THE WORK WILL BEGIN IMMEDIATELY

#### Annual Will Be Fifty Pages Larger than Last Year and Will Contain a Great Number of New and Attractive Features.

With the announcement of the Cornhusker staff last evening the work on the annual for 1910 was officially commenced. The entire staff, with the exception of the art or cartoon section, was appointed yesterday.

The appointments were made by the editor in chief, R. S. Moseley, in conjunction with the managing editors, Lester Safford, 1910; Ralph Waldo, Law 1910, and Guy Reed, 1911. As given out the list of appointments follows:

#### SENIOR CLASS.

Misses—  
Carriker.  
Ridell.  
Kimmel.  
Meger.  
Bailey.  
Mitchell.  
Powell.  
Shallenberger.  
Mrs. Gerkle.

Messrs.—  
White.  
F. O. Wheelock.  
H. F. Wunder.  
C. P. Soderberg.  
Harry Hibbard.  
A. L. Palmer.  
Paul Halligan.  
J. A. Scottney.  
Herbert Baird.  
Hugo Nicholson.

#### JUNIOR CLASS.

Misses—  
Hunter.  
Ryan.  
Rohrbaugh.  
Moffett.  
Barnes.  
Hyder.  
Guthrie.  
Baumann.

Messrs.—  
H. C. Hathaway.  
Lynn Lloyd.  
A. R. Raymond.  
J. W. Lawrence.  
C. A. Rice.  
W. C. Weiss.  
Nye Moorehouse.  
C. A. Bennett.  
R. M. Patterson.

With this staff the editors of the Cornhusker expect to get out the best annual ever produced at Nebraska. The editors will meet today to complete all the arrangements and a staff meeting is called for Thursday evening at 7:30 in U106, at which time each individual will be assigned special work to be done.

#### To Be Larger.

While the book this year will be larger and in many respects better than that of last year, it will necessitate the staff's getting at the work immediately. The book will contain 500 pages, or 50 pages more than last year's Cornhusker. It will be bound in soft leather and will sell at two dollars, the price at which it sold last spring. It will be out much earlier than usual, the time now figured on being the middle of April.

#### New Arrangement.

The departmental idea, carried out to a certain extent last year, will be much elaborated in this year's annual. The changes made in the departments of the university will make a big difference in the arrangement of this part of the book. The contracts for the pictures have not yet been let. This is always a big piece of work for some city photographer and many of the best photographers of the city are bidding for this season's contract.

The joke department is to be made much better than it has been at any time in the past. This department is to be entirely rearranged and live jokes, puns and similar humorous creations included in it. The cartoons are to be more in evidence in this department than ever before. These together with color designs throughout the book will make it the most attractive book ever published, say the editors.
