SOME MORE NEBRASKA GRADS MAKING GOOD

OLD UNIVERSITY STUDENTS MEET
TOGETHER AT LEAD.

REUNION WAS A PLEASANT AFFAIR

J. W. Thomas, 1908, Writes of the Af-
fairs of South Dakota Alumni
Who Gave a U. of N.
Club.

That Nebraska grads are making
good is the belief of a bunch of them
who got together the other day at
Lead, S. D. The following letter tells
the story:

Kimbro, So. Dak., Nov. 5, 1909.
Editor Daily Nebraska: The fact
that Nebraskans can "make good" out-
side of their own state was demon-
strated during the South Dakota State
Teachers' Association held at Lead,
So. Dak., from Nov. 1st to 3rd, 1909.
Present at that association were fif-
teen or eighteen teachers who were
either graduates from U. of N. or had
been students at the grand old insti-
tution at some time.

Besides the teachers in Lead we
met several other people who had
been at Nebraska and on the evening
of the last day of the association we
held a reunion at the Smead house and
organized the Nebraska Club. This
organization has for its aim a plan to
keep each Nebraskan in touch with
every other Nebraskan in South Da-
kota. The officers of the Nebraska
organization are: President, H. Nien-
huis, '97, of Lead; secretary, J. W.
Thomas, '08, of Kimbro, So. Dak.
At the reunion the old Nebraska

Here is the cheapest good gun yet made. By the omission of the take down feature we have
been able to greatly reduce the cost of production and at the same time have kept the gun up to the
famous high Marlin standard of strength, safety and durability. Notice the clean simplicity of
this gun. The workmanship and finish are perfect. The weight is only 7 pounds. The full choke
barrel is especially bored for smokeless as well as black powder and so chambered that 2 1/2 inch or
2 3/4 inch shells may be used. Several improvements in the operating parts make it the easiest, most
reliable and best working gun in existence. We are glad to make it possible for every lover of guns
and bird shooting to get this high grade repeating shot gun at so low a price.
Have your dealer order it for you.

porous and which closes up small punctures without allow-
ing the air to escape. We have hundreds of letters from sat-

up once or twice in a whole season. They weigh no more than
an ordinary tire, the puncture resisting qualities being given
by several layers of this, specially prepared fabric on the
