 Twelfth.

The university band at Northwest-
 ern has been discontinued as a result
 of the lack of financial support and in-
 terest on the part of the students.

Monarch Pool Hall and Bowling
 Alleys, 1134 N.

Notice is hereby given that any sub-
 scriber who wants his subscription
 discontinued at the end of the present
 semester must notify the management
 of the Nebraskan of that fact; other-
 wise his copies will continue to be sent
 to Station A, and he will be charged
 with next semester's subscription.
 Failure to take his papers from Sta-
 tion A will not constitute such notice.
 This requirement is simply made to
 protect the management from loss, as
 the postoffice furnishes no records of
 papers which are not called for. A
 moment's thought will show the neces-
 sity for this request, and if subscrib-
 ers will act accordingly, the manage-
 ment will be saved a considerable
 amount of expense and trouble. 63-7t

REPUBLICANS, NOTICE!
 All the university republicans are
 urged to be present at the regular
 meeting of the University Republican
 club, Wednesday evening at 7:30 p.
 m., in the music room of the Temple.
 Our campaign begins here and all
 republicans should be out. Hon. Geo.
 L. Tobey, congressional aspirant, will
 address the meeting on the tariff ques-
 tion. A. M. HARE.

NON-COM HOP ON MARCH 12.

The Annual Dance of Non-commis-
 sioned Officers at Frat Hall.

Chairman Cain of the non-com hop
 committee announced yesterday that
 this dance would be held March 12,
 at Fraternity hall. Plans are already
 being formed for making this one of
 the swellest informal affairs of the
 social season. A limit will be made
 on the number of tickets sold
 and preparations for a very pleasant
 dance are in order. Chairman Cain
 announces that the music for this
 dance will be the best, that money
 can get and that it will be better mu-
 sic than any which has been engaged
 before this year at any of the infor-
 mal dances.

The other dances of the cadets will
 be the Pershing hop and the officers'
 hop. The officers will hold their af-
 fair on February 19 at the Lincoln.
 The date of the Pershing hop has not
 yet been announced.

M. O. ELDRICH WILL LECTURE.

Assistant Chief of Road Management
 Will Appear Tonight.

M. O. Eldrich, assistant chief of
 road management of the United States
 bureau of public roads will address
 the members of the engineering soci-
 ety this evening at 7:30 in Memorial
 hall on the subject of "Modern Mac-
 cadam Road Construction." This
 highly interesting and instructive lec-
 ture will be illustrated by lantern pic-
 tures.

Mr. Eldrich has been connected
 with the office of public roads for
 many years and is an expert on road
 construction. He has collected more
 data and more valuable material on
 the subject of roads in the United
 States than any other person. He is
 also the author of several valuable bul-
 letins which have been printed and
 distributed by the office.

Mr. Eldrich is here to attend the
 agricultural and good roads meetings
 being held this week.

GARRETT OUT FOR PRESIDENT.

Madison Man a Candidate for Polit-
 ical Honors in Sophomore Class.
 Yesterday afternoon R. W. Garrett
 announced that he was a candidate
 for the office of president of the soph-
 more class. Garrett is a graduate of
 the Madison high school and has been

actively engaged in class politics since
 he entered the university. He is a
 student in the college of the arts and
 sciences and was a member of the
 championship freshman debating team
 last year. He is a barb candidate and
 has announced that he is not backed
 by any clique. The other candidate
 for the office of president in the soph-
 more class is R. M. Hawley, who an-
 nounced his candidacy Monday.

AN AMERICAN HISTORY COURSE.

I wish to announce a new second
 semester course in American history
 that I hope may prove of special in-
 terest to students preparing for work
 in forestry investigation, conserva-
 tion, etc. It will be a two-hour course
 (Wednesday and Friday at 4:00) cal-
 endar number 10, on "Public Lands
 Policy and Laws of the United States,
 1789-1910." It will cover the govern-
 mental administration of agricultural,
 grazing, forest and mineral lands, ir-
 rigated lands and water-power sites,
 and other similar lines of present-day
 importance. I would prefer to have
 in the course those who expect to
 make practical use of the information
 derived from it. The new course will
 be open, however, to all advanced stu-
 dents, but only after consultation
 with me before registration. C. E. PERSINGER.

TO MAKE GEOMETRY POPULAR.

Chicago U. Professor Will Apply Theo-
 rems to Football and Cut Glass.

Professor H. E. Slaught, of the Uni-
 versity of Chicago, is preparing a text
 book on geometry which is expected
 to make its study by young men and
 women more popular by giving the
 science practically application in the
 lessons.

In the proof sheets of his book is a
 triangle with a stream flowing
 through it. There is another trian-
 gle with a tree growing up the per-
 pendicular side. A stained glass win-
 dow is reproduced on another page,
 and a section of a cut glass bowl
 with its hexagonal figures showing
 prominently, adorns a page. Borders
 for hardwood floors with their tri-
 angular, circular and rectangular trac-
 ings are frequent.

There is also a theorem which deals
 with the vital question of how far to
 bring a football out to get the best
 angle from which to kick. There is
 also one by which, in the author's
 words, "a tree can be measured with-
 out climbing," and all of these are
 simply the old abstract theorems prac-
 tically applied.
