UNIVERSITY OF NEBRASKA, LINCOLN, TUESDAY, FEBRUARY 8, 1910.

Price 5 Cents.

FUNKHAUSER BREAKS RECORD IN SHOT-PUT

FRESHMAN SHOVES "PILL" TWO INCHES OVER FORMER MARK.

"BARB" INDOOR MEET IS SLOW

Graham Wins Individual Points With Two Firsts, and Burke a Close Second With a First and a Second.

The first indoor meet of the school year was held Saturday evening in the gym. G. C. Graham won individual honors with ten points. These points were made by two firsts, Graham winning the pole vault and high jump. Joe Burke, captain of this year's track team, was a close second for individual honors with eight points to his credit. Burke won first in the fence vault and tied for second in the high kick. In the toss-up in the high kick Burke won and was awarded second place, scoring his three points.

New Indoor Record.

Only one record was broken in the evening. No other records of indoor meets were even tied. The record which was broken was the 12-pound shot-put. This was broken by R. O. Funkhauser. Funkhauser pushed the "pill" 44 feet and 2 inches. This mark was two inches over the former record for indoor meets. The old record has stood since Charter Day, 1908, when Curt Collins made the record of 44 feet.

Funkhauser is a freshman in school and was formerly a star athlete on the Lincoln high school track and basketball teams. While on these teams he won his letter and he bids to be a coming star in university track work. Funkhauser also tied for second in the high jump at this meet, and in the toss-up for places lost.

Rope Climb Slow.

In the rope climb the time was slow and all through the rest of the meet nothing spectacular or exciting occurred. Only three men were entered for the rope climb, and this was the limit for nearly all of the other events. Little interest was shown in this meet, especially among the "barbs" of school. In the 25-yard dash there were but eight entries. In the shot-put only three, and a similar number in the pole vault and high kick.

A very small crowd was in attendance at this meet and those who did attend came in at the latter part of the meet, so as to be present at the informal dance which was held in Memorial hall at the close of the annual indoor meets. The next one will be the inter-fraternity meet, which will be held next Friday evening in the gymnasium. The winners of the first two places in the "barb" meet and those who win similar honors in the inter-fraternity meet will contest for the championship of the university in the successive events.

The Records.

25-yard dash—First, Powers; second, Powell; third, Isham. Time 3 2-5 seconds.

12-pound shot-put—First, Funkhauser; second, Elliott; third, Long. Distance, 44 feet 2 inches.

Fence vault—First, Burke; second, Miller; third, Black. Height, 6 feet 6 inches.

Pole vault—First, Graham; second, Lindstrom; third, Hammond. Height, 10 feet 6 inches.

High jump—First, Graham; second, Isham; third, Faunkhauser. Height, 5 feet 3 inches.

High kick—First, Long; second, Burke; third, Black. Height, 8 feet 9 inches.

Rope climb—First, Hammond; second, Stultz; third, Black. Time, 8 3-5 seconds.

FELLOW TO LEAVE DEPARTMENT

A. F. Woods Accepted Position as Botanist in Ohio Station.

A. F. Woods, a fellow in the department of botany, has resigned. He will accept a position in the Ohio Experiment Station as third assistant botanist. His specialty will be plant pathology and will consist entirely of research work with no teaching. This is the fourth man who has left the botany department in a short time to accept good positions elsewhere.

TO LEAVE FOR EUROPE SOON.

Dr. and Mrs. Fling Will Take Trip Through France and Italy.

Mr. and Mrs. Fling will leave Saturday or Sunday for New York, from where they sail for Europe February 19. They sail direct for Naples and expect to spend about two months in Italy. From there they will go to France. After spending about three months in Paris they will set sail for this country about September 10th, arriving at Lincoln about September 20th.

JAPANESE MAY PLAY NEBRASKA?

Possibility that Team of the Orient May Arrive in May.

According to rumors circulated by the Daily Cardinal, the Japanese baseball team of Keio University may be playing baseball with the teams of American colleges before the end of May. The team has started negotiations with several of the leading schools of this country for a schedule. In the event of the team coming to this country and playing the colleges of the middle west it is not at all improbable that a game will be scheduled with Nebraska.

DESCRIBES NEW MACHINERY.

Magazine Article Takes Up Piece of Engineering Equipment of Nebraska.

A very interesting description of one of the pieces of machinery in the new engineering building appears in the February number of "Power and the Engineer," a monthly magazine on engineering subjects.

The particular machine described is the test machine which was furnished by the Murray Iron Work Co. of Burlington, Iowa. "The engine is designed for use in mechanical laboratories where exhaustive experiments may be made under all possible conditions of load variation and steam distribution."

WORK IS PROGRESSING RAPIDLY.

Dr. Wallace Sends Message from England Telling of Discoveries.

In a recent letter to Dr. Sherman, Prof. Wallace, who was granted a year's leave of absence to do special work on the Shakespearian documents found in England, reports good progress and the recent discovery of several valuable documents which will be of inestimable value to his work. He states that the discovery of some of the documents will forever settle some disputes which are now up.

Since his return to England last October some valuable finds have been made. In all he reports seven or eight which bear Shakespeare's name in his own writing. Every effort is being put forth to get this valuable material in a form so that it may be used and published as rapidly as possible. In doing so Prof. Wallace says that he is burning much midnight oil, and is working as diligently as his health will permit.

Miss Mary Sullivan, A. M. '98, a teacher of English literature in the Omaha high school, has been granted a year's leave of absence in order that she may assist Prof. Wallace in his research work. She recently sailed to join him in the work.

TWO CLASS ELECTIONS WILL BE HELD TODAY

THREE-CORNERED RACE IN THE SOPHOMORE CLASS.

JUNIORS HAVE ONE CANDIDATE

Race Between Two Men in the Freshman Class Lacks Interest—Junior Campaign Also Devoid of Excitement.

Today decides it. This is the day of elections. It is an unusual occurrence at the university for two class elections to be held on the same day, but today is an exception.

The sophomores have had a three-cornered campaign and this election is causing the most interest. They are to decide on their president at 11:30 in Memorial hall. At the same hour the juniors are to elect their leader for the coming semester. The upper class men are to meet in the Temple theater. So far in this class but one candidate has announced himself and the election promises to be quiet.

The Candidates.

In the sophomore class three candidates have announced that they were aspirants for political honors. R. D. Hawley was the first candidate to announce himself. Hawley is a member of the freshman law class, but was registered in the college of arts and sciences last year. He is a member of Sigma Nu and has done much work in the affairs of the sophomore class.

R. M. Garrett, the second candidate in the field, is registered in the college of arts and sciences and not a member of any fraternity. Garrett has also been very active in class politics since his first semester in school.

The third candidate is also a member of the freshman, law class and prominent in class activities. This is E. B. Griswold. He is also a "barb" candidate.

One Lone Candidate.

In the junior class excitement has not as yet been discovered. Only one candidate has announced himself, and so far it appears that he will have no opposition. This is E. H. Hahne. Hahne is a "barb," but has been very prominent in class politics since entering school. He is first sergeant of company D, and was a member of the class debating team last year in the inter-class debates. The election in this class will be held at the same hour as that of the sophomore in the Temple theater.

Politics in the freshman class have been quiet for the past few days and the two candidates in this class have not been doing much active campaigning. H. B. English and R. A. Coffee are the candidates for presidential honors in this class. English is a "barb." He is a graduate of the Lincoln high school and was alternate on the varsity debating team which met Iowa at Iowa City last December.

Coffee was active in class politics last semester. He is pledged to Alpha Tau Omega and states that he is not supported by any "clique." Between these two men no excitement has been raised in the campaign, and unless a third candidate arises between now and Thursday at 11:30, when the election will be pulled off, no excitement is expected.

GIVES SUCCESSFUL CONCERTS.

Sidney Silber of the Conservatory Returns from Minneapolis.

Sidney Silber of the university conservatory recently returned from Minneapolis, where he assisted the Minneapolis symphony orchestra in a concert Sunday, January 30. His work was so well liked that he was offered a return engagement.

The Minneapolis Daily News has

the following to say of Mr. Silber's playing:

"The playing of the second piano concerto of Saint Saens by Sidney Silber from the University of Nebraska, with the orchestra, was an astonishment to those of us that were so lamentably ignorant of the presence of such a rare artist in one of our neighboring states. It was a magnificent event in every way, for both the soloist guest and for Conductor Oberhoffer's orchestra. In his extra solo, the Liszt 'Rigoletto Fantasy,' even more fine extremes of delicacy and grandeur were brought out."

MICHIGAN FOOTBALL GAMES.

Wolverines Will Play First Game with Case October 8.

The board of control of athletics at the University of Michigan has given out the football schedule for 1910 as far as it is completed. The only game which has not been definitely booked is the one with Pennsylvania. This probably will be played November 12 on Franklin field.

Notre Dame will be required to play under Michigan eligibility rules.

Following is the schedule announced:

October 8—Case, at Ann Arbor.
October 15—M. A. C., at Ann Arbor.
October 22—Ohio State, at Columbus.

October 25—Syracuse, at Syracuse.
November 5—Notre Dame, at Ann Arbor.

November 12—Pennsylvania, at Philadelphia.

November 19—Minnesota, at Ann Arbor.

The board in control did nothing toward investigating the charges of professionalism.

FIRST CONCERT IN TEMPLE.

Band Plays to Large and Appreciative Audience.

The university cadet band gave its first concert at the Temple theater last evening. The concert was well attended.

Every number on the program was vigorously applauded. The audience seemed to take to the last piece in particular, which consisted of selections from "Faust."

The program in full:
Overture—Magic Flute.....Mozart
Idyl—Traum der Sennerrin...Labitzky
Cornet Solo—The Favorite.....
.....Hartmann
Harry Powell

Waltz—Wiener Blut.....Strauss
Characteristic—Charge of the Hussars.....Spindler
Concert Piece—Invitation to the Dance.....v. Weber
Paraphrase—The Lorelay...Nesvadba
Selection from Faust.....Gounod

RELIGIOUS CAMPAIGN A SUCCESS.

Y. M. C. A. and Y. W. C. A. Highly Pleased With Results.

With the meeting last night in the Y. M. C. A. rooms, the Y. M. C. A. and Y. W. C. A. religious campaigns came to a close. This has been the biggest religious movement that has taken place in the university for years.

The Y. W. C. A. ended their campaign Sunday afternoon and the biggest meeting of the week. Mrs. Conant's solos added to the interest of the meeting and helped to convey the message of Miss Wilbur's lecture.

Dr. Paul B. Kern spoke to the men in the music hall last night on "The Gibraltar of Our Faith." The talk was in the nature of a lecture on Bible study.

After the meeting a canvass was made for men to join the Bible study class now organized. A large number of men enrolled and the Bible classes this semester promise to be the biggest ever known to the university.

JACK BACK TO OLD HOME IN ENGLAND

PLANS BEING MADE TO SEND TRAINER ACROSS ATLANTIC.

HERE FOR TWENTY-THREE YEARS

Is Now Past Seventy Years of Age—Amount Needed by Student Subscription Will Be Somewhere Between 300 and 400 Dollars.

A considerable movement is on foot among certain students of the university, the purpose of which is to send Jack Best, the veteran trainer, on a visit to his old home in England during the summer vacation. The movement was started by a student asking in the "Why" column of the Lincoln News, "Why doesn't some university organization start a fund to send Jack Best to England for the summer vacation?" The item attracted the attention of some of the athletic students, who have known and appreciated Jack's work, and the idea has been worked up and it is practically certain that Jack will be sent.

Jack Best has been with the university twenty-one years. He has seen the institution grow from four buildings to its present size. He became trainer of the football team when the game came into the university about seventeen years ago, and has been training N men ever since. He has also had charge of the track and baseball men and has been one of the greatest factors in the success of our teams. Jack was formerly a professional boxer and was always well up on training "dope." His position when he came to Nebraska was night watch and he was also in charge of the gymnasium. The training work now takes all of his time.

Home in London.

Jack has not seen his old home in England for twenty-three years. His home was in London. He has several brothers and sisters there and other relatives in various parts of England. He had almost given up hope of ever seeing them again and says he can hardly believe his good fortune will hold out to see the purse made up. He is now past 70 years of age.

The amount needed will be somewhere between \$300 and \$400. This ought to cover all expenses and put the trip off in first class style. Those leading the movement think it ought to be done by the university students contributing small sums. If enough is not raised in this manner the alumni will be asked to help. Of course all who have taken work that brought them into the gymnasium will be ready and glad to help. Jack certainly deserves this expression of appreciation for his long and faithful labors for the university. It is natural for a man in old age to long for a sight of his childhood home before he dies, and a sight of the relatives and friends he has not seen for many a long year.

Miss Hayden served tea from 3 to 5 in her studio on the second floor of the Library building yesterday afternoon in honor of Mrs. Weeks, who is visiting in the city. About twenty-five ladies were present.

A professor in a western university says that the American people are to be civilized by music. And everybody knows that music hath charms, etc. But whoever made these statements would retract at once if they could hear rag-time on our boarding-house piano.—Ex.

Your car fare would pay for a nice lunch at the Boston Lunch. Why go home?
