The meeting of the Komensky Club  
last Saturday was of unusual interest.  
The musical numbers and readings

being made to encourage the attend-  
ance of the Bohemian residents of  
Lincoln, and the work promises to  
bring good results. It was decided to  
have a program in the English lan-  
guage on Saturday, March 19th, in or-  
der to acquaint the general public  
with the nature of the club work.

Gilmore Marvin, Cornell '05, who was  
drowned on Engineer Peary's expedi-

REPEATING SHOT GUN  
NEW MODEL NO 17

Here is the cheapest good gun yet made. By the omission of the take down feature we have been able to greatly reduce the cost of production and at the same time have kept the gun up to the famous high Marlin standard of strength, safety and durability. Notice the clean simplicity of this gun. The workmanship and finish are perfect. The weight is only 7 pounds. The full choke barrels are especially bored for smokeless as well as black powder and so chambered that 2 3/4 inch or 2 1/2 inch shells may be used. Several improvements in the operating parts make it the easiest, most reliable and best working gun in existence.
