AGRICULTURE

A very interesting "Scotch" program was rendered by the Davison Literary Society one evening last week. The sword dance by Miss Tully was the feature of the evening.

Some one was mistaken last week concerning the score of the freshman-junior ball game. The juniors were victorious to the tune of 7 to 4. However the tide turned Saturday, when the seniors met the juniors to decide the championship. It went to the seniors, the score being 2 to 4. The commissioned officers also met the "non-coms" and won.

Some very interesting papers on cattle feeding and things pertaining to this study are being prepared and read before the classes in animal husbandry.

K. E. Work has been employed to assist with the tasks at the dairy barn.

The association of the wives of the farm faculty club are going to give a reception to the senior class of the school of agriculture in the home economics building next Wednesday evening. Very elaborate green decorations have already been hung by the decorating committee.

Farm work has commenced at the farm. Clover is being drilled in the wheat plots, and the wheat plots are receiving their annual spring rolling. Experiments carried on for the last five years at the station comparing rolled with unrolled wheat have shown an average of over five bushels to the acre in favor of the rolled wheat.

Prof. H. R. Smith and Howard Gramlich, '11, left today for Pawnee City, where they are going to buy some heavy draft horses to ship back to Michigan to use on the Smith estate.

Professor White of Cornell University has written to the Nebraska station asking for samples of sorghum, millet and kafir corn to be used in experiment work.

Mr. Dales of Denton visited the horticultural farm management and farm mechanics departments yesterday to get plans and specifications in laying out and beautifying his farmstead on his 320-acre farm.

Corn husking is still being carried on at the state farm; about five acres is still in the field. "The Western Grain Dealers' Association reports that 9 per cent of the corn is still unhusked in Nebraska, 6 per cent is in the field in Ohio, and 22 per cent remains to be picked from the Hawkeye state. This means that there will be many busy days for the farmer and that in some fields grain will be harvested, the ground will be prepared for a coming crop, and that crop will be put in, all at the same time.

WHERE WILL BLUCK GO?

It's to the Tigers, Either Way the Warrior Turns.

One "Puny" Bluck, captain-elect of the Missouri football squad, who was recently dismissed from that school because of a disagreement with the town police force, will next year don the moleskins for the Tigers, but it will not be for those who hibernate in Columbia. According to reports, Coach Win. Reper, who will have charge of the Princeton squad next fall, has induced the hard-hitting tackle to enter Princeton and try out for the team there.

Several Missouri University students who were visiting over Sunday at their homes in Kansas City, however, made emphatic denials of this report, and, with a sly wink and a knowing nod of the head, said, "Just wait until next year." Evidently they believe that before the time for the call for the pigskin chasers next fall the services of Bluck will be considered too valuable to be lost to Missouri.

FINAL TOTAL NEARLY REACHED LAST NIGHT

REQUIRED SUM ONLY FOURTEEN DOLLARS AWAY.

COLORADO COLONIES CONTRIBUTE

Amount Will Be on Hand Before March 20, Time Set for Closing—
Jack's Trip to Be Made
More Comfortable.

The Jack Best fund is rapidly nearing completion. Today the total reached \$335.55. At this rate the necessary amount as figured at the beginning of the fund will be in before the date set by the Daily Nebraskan for the closing. Alumni who are now located in neighboring states, and who are no longer in close touch with university affairs, are hearing of the fund and sending in their checks. Yesterday two letters were received from alumni in Colorado, a colony in Kersey sent \$10 and another at San Acacia \$10, both saying if more were needed they would be glad to respond. The date set for the closing is March 20. The Nebraskan has been very agreeably surprised by the speedy returns since the fund was started. The \$350 will be on hand much sooner than was expected. However, contributions will continue to be received from those who desire to help the fund. Several new expenditures have been necessary, and as \$350 was the minimum, a little extra added will not hurt, nor will any harm be done by making Jack's trip a little more comfortable by a few extra donations.

The contributions which have not as yet been published are:

Previously contributed\$300.35
Sigma Alpha Epsilon 10.00

Total\$335.55

NEW NATIONAL FRATERNITY.

Nu Rho Beta Educational Society Unites with Others.

The local honorary fraternity of Nu Rho Beta, in the school of education of the University of Missouri, has united with like organizations of Columbia University and the University of Indiana to form a national educational fraternity, Phi Delta Kappa.

The Missouri chapter recently held a banquet in the women's parlors in Academic hall and initiated four new members. C. R. Stone was toastmaster. Speeches were made by L. O. Kunkle, Noble Lee Garrison and Dr. W. W. Charters, dean of the school of education.

DEMOCRATS MEET.

University Organization Adopts Constitution and By-Laws.

The University of Nebraska Democratic Club met in the music hall of the Temple last night. The chairman of the constitutional committee made his report, and the constitution was adopted.

The club adopted resolutions in favor of the Denver platform of 1908, the proposed educational law and endorsed the present state administration. There were also resolutions adopted in favor of prohibition in Lincoln, in favor of the adoption of the initiative and referendum, and in favor of county option.

The club denounced the action of the present normal school board in the matter of President Crabtree; the action of the federal court in repealing the bank guaranty law, and the republican party for its failure to carry out its promises to the people.

Governor Shallenberger was endorsed for a second term and Hon. W. J. Bryan was endorsed for United States senator.
