

Suits For Men Who Care

The College Man is particular about his clothes, at the same time he must be economical. In our KENSINGTON and L SYSTEM clothes you'll find prices the lowest possible consistent with value.

Fabric, style, fit, mark them as superior to ordinary ready-to-wear garments similarly priced and the equal of tailor-made clothes that sold for more. We cannot put it too strongly, come in and see them.

Spring Suits \$12.50 to \$40.00

Grays will be most popular this year. Tailoring in the correct suit will lean toward the broad collar, shorter lapels and coat sleeves curving to more tightness at the bottom—an English departure. Three buttons are usually preferred on the coat, the back of which drapes instead of fitting and has a not-to-pronounced bottom flare. Stripes are yet favored, but there is a well defined leaning toward checks and plaids and beautiful effects in overplaids. Cuff trousers will not be less popular.
